W'gate delays Nixon's tour of Latin America

SAN CLEMENTE, Calif. (UPI) —Henry A. Kissinger disclosed Thursday that President Nixon has postponed a planned visit to Latin America later this year because of his preoccupation with the Watergate scandal.

Kissinger, meeting reporters the day after he was nominated to succeed William P. Rogers as secretary of state, mentioned the delay in the Latin-American trip as an example of the way the Watergate controversy has affected U.S. foreign relations.

But Kissinger said he thought "the effects of Watergate can be minimized," and he promised to create a "new consensus" behind American foreign policy.

All foreign countries must assess the degree of authority held by leaders of other nations they deal with, Kissinger said, and "to the extent that this is affected, there is a long-range effect on foreign policy" stemming from Watergate.

Nixon had tentatively scheduled a visit to Latin America late this year, probably in December after his return from a "grand tour" of European capitals in late October or early November.

The Latin-American trip had never been officially announced, but administration officials privately confirmed Kissinger's disclosure that Nixon had abandoned plans to make the trip this year.

The President's chief foreign policy adviser at the White House —a job he would continue to hold while serving as secretary of state —smiled wryly at his mention of "domestic measures," leaving no doubt he meant Watergate.

There was no indication that Nixon's planned European trip would be affected.

Kissinger said his new dual position in the administration would not prevent him from testifying before Congress. Sen. Stuart Symington, D-Mo., had expressed concern that Kissinger might invoke executive privilege —as he has done in the past —based on his position as a presidential adviser.

Kissinger said he would not be able to tell Congress about "personal conversations between the President and myself, or about direct advice to the President," but that no Cabinet officer testifies about these matters.

On another matter, Kissinger contradicated exiled Cambodian Prince Norodom Sihanouk's contention he had protested U.S. bombing of North Vietnamese sanctuaries within his country in 1969-70. Nixon said Monday that Sihanouk secretly agreed to the air raids.

$79 million raised to elect President

WASHINGTON (UPI) — President Nixon's re-election campaign received $39.3 million and the Democrats' McGovern-Shriver ticket collected $21.3 million last year in major donations after the new federal disclosure law went into effect April 7, it was reported Thursday.

Government auditors said contributors of $100 or more to all presidential campaigns gave $79 million in the same nine-month period —by all odds a record for any election year in U.S. history.

The figures were contained in a four-volume, 1,900-page report by the General Accounting Office. It was the first such annual accounting of donations and spending in behalf of national political candidates as required by the 1971 Federal Election Campaign Act.

The GAO's Office of Federal Elections, which prepared the report, did not estimate contributions made prior to April 7.

Maurice Stans, the President's campaign fund-raiser last year, has testified he collected a total of more than $50 million for the Nixon-Agnew ticket. Other estimates have put the pre-April 7 total of Nixon campaign contributions at about $20 million. Combined with figures from the GAO report, that would mean the total was closer to $60 million.

The congressional auditors said major donations to the Nixon campaign between April 7 and Dec. 31 totaled $37.6 million in gifts and $1.68 million in loans.

Among Nixon's contributors was a "Howard R. Hughes" of Houston, the home town listed in Who's Who for the recluse billionaire. That Hughes gave $76,000 and a Howard R. Hughes of Washington gave $18,000, all of it in 32 contributions to various Nixon committees.

The President's unsuccessful Democratic opponent, Sen. George S. McGovern of South Dakota, received slightly more than $13 million in donations and another $8.3 million in loans during the same nine months.

The report did not indicate how much of all loans has been repaid. Total major contributions for all presidential tickets were $63.8 million, while loans totaled $15.5 million.

Though the Nixon campaign effort received nearly twice as much post-April 7 money as the McGovern campaign, their combined totals were far greater than contributions to these other 1972 national candidates or contenders for their party's nomination:

—Sen. Hubert H. Humphrey, D-Minn., $3.7 million.

—Sen. Edmund S. Muskie, D-Maine, $1.2 million.

—Rep. Wilbur Mills, D-Ark., $294,000.

—Sen. Henry M. Jackson, D-Wash., $227,000.

—Gov. George Wallace of Alabama, $203,400.

—American Party candidate John G. Schmitz, $195,152 (all contributions).

The report showed that wealthy contributors took advantage of an Internal Revenue Service ruling permitting them to escape federal gift taxes by dividing their donations into amounts of $3,000 or less and spreading them among various fund-raising committees.

Agnew successor charged for extorting kickbacks

BALTIMORE (UPI) —A federal grand jury, probing political corruption in Maryland, Thursday indicted the chief executive of Baltimore County for extorting $46,420 from contractors since he succeeded Vice President Spiro T. Agnew in 1966.

The 39-count indictment charged N. Dale Anderson, 56, a Democrat, with "causing, aiding and abetting" extortion from contractors doing business with the county. Former county administrator William E. Fornoff, who served under both Anderson and Agnew, was said to have obtained the money "as agent" for Anderson.

Fornoff, previously cited for a minor tax violation, is expected to testify for the prosecution.

Anderson, one of the state's most powerful Democrats, is a long time political but not personal, foe of Agnew.

"I know Mr. Anderson personally," Agnew said in a statement after the indictments. "I find the charges against him totally at variance with my impressions of him and everything I know about him.

"Despite our political differences," the statement continued, "in all my associations with Mr. Anderson, both official and private, he has exhibited unusual candor and integrity."

Thursday's indictment touched the vice president only peripherally. In one count it was alleged that Anderson had extorted money from Jerome B. Wolff in 1970 while Wolff was serving both as president of the Greiner Environmental Services Co. and as a part time consultant to Agnew.

Published reports, which Agnew has denied, have alleged that Wolff and other engineering contractors told investigators they also paid money to Agnew while he was county executive, governor and vice president.

Both Attorney General Elliot Richardson and U. S. Attorney George Beall have said the grand jury has received no evidence implicating Agnew.

Car gas mileage no longer secret

WASHINGTON (UPI) — In a move to conserve fuel, the government asked the automobile industry Thursday to tell buyers of 1974 cars how many miles they should expect from a gallon of gasoline.

Three of the Big Four automakers have declared an accurate measurement of gas mileage is not feasible, but most of the industry was nevertheless expected to comply with the voluntary program.

"In the midst of a national energy crisis and rising fuel costs, Americans cannot afford to squander billions of dollars on gasoline," said Assistant Administrator Robert L. Sansom of the Environmental Protection Agency.

"This program will let consumers know what they are buying in terms of gasoline consumption and what they are paying in terms of out-of-pocket operating costs."

Under the program, automakers could choose between two types of labels —one would provide specific gasoline mileage expected from a gallon of gas; the other would group automobiles in weight categories and compare mileage expectations for each category.

But after the 1974 model year, all vehicles would have a label showing specific mileage estimates. EPA officials said these labels would not be required on 1974 cars because of test timing limitations.

Sansom said the program would permit a buyer to shop for a new car with better knowledge on how to save money on fuel costs.

Senators laud Nixon's choice

WASHINGTON (UPI) — Henry A. Kissinger seemed assured Thursday of Senate confirmation as secretary of state, but one senator warned of trouble if Kissinger uses his White House position to refuse comment on politically sensitive questions.

Powerful Senate Democrats and Republicans praised President Nixon's choice of Kissinger, his chief foreign policy adviser, to take on the additional job of succeeding Secretary of State William P. Rogers, who is resigning Sept. 3 to return to private law practice.

Sen. George Aiken of Vermont, ranking Republican on the Senate Foreign Relations Committee, said any objections raised against Kissinger in the Senate would be "more an objection to the President than Kissinger."

Aiken and others predicted easy approval of the nomination after Congress returns in two weeks from its August recess.

Sen. Stuart Symington, D-Mo., a member of the Foreign Relations panel which will handle the nomination, saw a possible threat to Kissinger in his retention of duties as the President's adviser on national security affairs.

"If there is any question about his additional work in the White House giving him executive privilege, a position he has taken in the past, I do not believe the committee will confirm him," Symington said.

At Nixon's direction, Kissinger has refused to testify before congressional committees on the ground his position as an appointed official on the President's staff prevented him from divulging confidential White House communications.

Aiken praised Kissinger's work in improving U.S. relations with China and the Soviet Union, and Sen. Barry M. Goldwater, R-Ariz., said his appointment would mark changes in the State Department to "bring that organization up into the modern world."

Rep. Thomas E. Morgan, D-Pa., chairman of the House Foreign Affairs Committee, said it would be best to have one man as head of the State Department and the President's chief foreign policy adviser.

Cambodians repel enemy

PHNOM PENH — Cambodian troops recaptured three Communist-held positions on the outskirts of the provincial capital of Kompong Speu, 30 miles southwest of Phnom Penh. The military command reported that the situation was relatively calm in the region of Phnom Penh. In South Vietnam, officials said the Communists were continuing a mortar barrage against government troops guarding Hue and tried to storm one of the outposts ringing the former imperial capital.

Black radicals indicted

NEW YORK — Nine black radicals were indicted in New York in a move that police said would break the back of the Black Liberation Army. The group has been implicated in at least eight attacks on New York policemen, including two separate ambushed that killed four patrolmen, and members are sought for crimes in other major cities. Four of those indicted already were in jail and a nationwide alert was put out for the five still at large. (Details on page 2.)

Skylab crew walks in space

HOUSTON — Skylab's crew planned a four-hour repair and resupply space walk this morning, during which they will install instruments needed to keep their ship on a true course through space. Astronauts Owen Garriott and Jack Lousma will connect a special package of gyroscopes to stabilize the craft and also will reload film in their solar observatory telescopes. Commander Alan Bean will remain inside to work Skylab's backup control systems if his crewmates encounter problems.

Fire fighters winning battle

LAKE TAHOE — Fire fighters claimed victory over a big forest fire near Lake Tahoe on the California-Nevada border Thursday. More than 300 lightning-ignited blazes were doused in Montana and Idaho. The U.S. Forest Service declared the Eldorado blaze contained after it charred $13.5 million worth of timber in the rugged Sierra. However, 2,450 men were kept on the fire line until full control is achieved.

Indians urged to arm

DES MOINES — Wounded Knee activist Dennis Banks urged all Indians in Iowa Thursday to carry arms because state officials threatened to use force in ousting American Indian Movement (AIM) members from an occupied state office building. Banks, national AIM director, said the possibility of an armed showdown between a small group of Indians and about 25 law officers Wednesday illustrated the type of treatment Indians receive in Iowa. Ten AIM members who occupied the second floor of a state office building for 2½ hours before dispersing were charged with "disturbing the public peace and quiet."

Nixon men leak news on Agnew

WASHINGTON (UPI) —The White House may be leaking information to the news media about a Maryland corruption investigation involving Vice President Spiro T. Agnew, Justice Department sources indicated Thursday.

UPI learned of the possible White House leaks as Attorney General Elliot L. Richardson was releasing a letter saying information about the investigation involving Agnew was so scattered within the executive branch that the leaks probably could not be stopped.

President Nixon in a news conference Wednesday said he had ordered Richardson to find the source of the leaks to protect Agnew's right to be tried by a jury, if it comes to that, rather than in the news media. Informants close to the federal investigation in Baltimore have said witnesses have linked Agnew to the subject being examined, reported kick-backs to officals by state construction and consulting contractors. Agnew is a former Maryland governor.

Justice Department sources said Nixon and White House chief of staff, Gen. Alexander M. Haig Jr., were being kept abreast of the corruption investigation. But the sources said some other White House employes also had knowledge of the reports to Nixon.

The sources did not say specifically that the leaks were from the White House, but said it was a possibility.

Earlier this week Agnew complained bitterly to Richardson about what Agnew said were leaks emanating from the Justice Department about the Maryland corruption investigation.

Butz prediction of slower price increases disputed

WASHINGTON (UPI) — Agriculture Secretary Earl L. Butz said Thursday food prices may increase slower in 1974, but other administration officials said faulty Agriculture Department forecasting for 1973 raised doubts about Butz' new prediction.

In a related development, Gary L. Seevers, top aide to the President's Council of Economic Advisers, said beef prices may drop soon after the freeze ends Sept. 12 because cattlemen who withdrew from the market to await higher prices are overstocked.

Seevers told a briefing that the backlog of slaughter cattle "would take a number of weeks to work off." Although Seevers refused to predict beef prices would decline, he said "it would not be impossible."

Butz said there would be an increase in food prices after the freeze on beef is lifted, then should pretty well level off for the rest of 1973.

During a breakfast meeting with newsmen, the secretary said "modest" increases would resume in 1974.

Herbert Stein, chairman of the Council of Economic Advisers, and John T. Dunlop, director of the Cost of Living Council, immediately disputed Butz' forecast of 1974 food price increases of 5 per cent or less.

"I would accept that, subject to the standard error of the estimates demonstrated this year," Stein said.

The Agriculture Department last fall projected 1973 food prices would increase 3.5 per cent over 1972 prices. In January, the department adjusted the expected increase to 6 per cent, then revised the forecast three more times before reaching the present 20 per cent estimate.

Dunlop said the 1973 forecast is still unsettled because the harvest of many crops has just begun or will start soon. "There are still a number of elements in the equation that are still unknown," said Dunlop, noting weather is an important, but unpredictable factor.

Butz said higher production of crops and cattle, reduced inflation and speaking to reporters at the American Federation of Teacher's convention, said he feels that Teamster President Frank E. Fitzsimmons was sincere in wanting to give the farm workers a fair chance to renegotiate contracts, but that the conflict between the two groups was not over.

The UFW has lost about 150 of the 182 contracts it had last year.

Some guys will pawn anything

TUCSON, Ariz. (UPI) —A pawnshop here reported a man pawned three T-bone steaks.

Donald Vingino, co-owner of the Arizona Traders Pawn Shop, said Thursday he gave the man five dollars for the U.S.D.A. choice steaks and promised to hold them for 30 days in a freezer at the shop.

"We'll take most anything of value," said Vingino. He added: "If he doesn't come back I'll eat them."

Organized crime part of LCB probe

HARRISBURG (UPI) — U.S. attorneys agreed Thursday to cooperate with a House committee investigating the Liquor Control Board if the committed discovers links between liquor sales and organized crime in Pennsylvania.

Attorney General Israel Packel and three U.S. attorneys met with Committee Chairman Rep. Stanley Kester, R-Delaware, for more than an hour to discuss Kester's investigation and a "secret file" it has uncovered.

"...we are receiving information and allegations of potential criminal involvement in the affairs of the regulated alcoholic beverage industry within Pennsylvania," Kester told the attorneys in a letter requesting the meeting.

"Because this type of material may be beyond the scope of authority vested in the House Liquor Control Committee, and because we are not equipped to deal with it in a fashion which would ensure that the public interest is best served, I wish now to involve appropriate Federal and state law enforcement agencies."

Kester met with Robert Curran, U.S. attorney for the eastern district, John Cottone, U.S. attorney for central Pennsylvania, and Richard L. Thornburgh, U.S. attorney for western Pennsylvania.

The "secret file" which Kester and the federal attorneys discussed was part of a confidential set of records ousted LCB legal counsel Alexander Jaffurs was compiling in his office.

The committee reviewed the information in the file several weeks ago, but made none of it public because Kester said it contains allegations against a number of people that could result in criminal charges.

After the meeting with the U.S. attorneys, Kester said he would make three copies of the file and deliver them to Cottone, Curran and Thornburgh as soon as possible.

"My concern is that I didn't want to get caught in the possibility that some time in the future, months from now, someone will discover we have information that should have been turned over to the authorities," Kester said.

The three attorneys said they would "cooperate in any matters that are of interest to us." They would make no comment on the specifics of their meeting with Kester and Packel.

"We just think it is important that the Kester Committee has a line of coordination with us during its investigation," Thornburgh said.

The Kester committee, which is investigating a number of allegations Jaffurs made after he was fired, is in recess until Sept. 5.

Jury indicts nine radicals

NEW YORK (UPI) —Nine members of the Black Liberation Army, including its female "soul" leader, were indicted Thursday in a move police said would break the back of the radical group wanted for shooting of a number of policemen.

Four of those indicted already were in jail, included the reported leader, Joanne Deborah Chesimard, 25, who was caught in New Jersey shootout in which a state trooper and one of her companions were killed. A nationwide alert was put out for the other five still at large.

Brooklyn District Attorney Eugene Gold said in announcing the indictments that he believed the power of the BLA was "in the decendency now."

Gold said extradition proceedings had been ordered for Miss Chesimard who was held by New Jersey authorities in connection with her capture May 3 near East Brunswick, N.J.

The BLA has been implicated in at least eight attacks on New York policemen including two separate ambushes which killed four patrolmen. In addition, BLA members are sought for crimes in other major cities including St. Louis, Cleveland, Detroit, Atlanta and San Francisco.

During New York's two year investigation of the BLA, former chief of detectives Albert Seedman said, "One of the basic aims of this group is —in addition to bombing government buildings and large department stores —killing police officers. And, a police officer is a police officer — nothwithstanding the fact that he may be a black man."

A recent 12-page report by the police departments' intelligence agents said the "hard core" strength of the BLA was about 25 to 30 members with about 75 "satellite" members active throughout the country.

Gunman demands $750,000

STOCKHOLM (UPI) —A submachine-toting man holding hostages, several of them women, negotiated inside a downtown bank Thursday night police after they met his demands to produce a convict friend and $750,000 in ransom money.

Police sources said the gunman, who earlier wounded a police officer, was demanding an aircraft to take him and the prisoner, Clark Olofsson, 26, out of the country. The sources said Premier Olof Palme had not given permission for the man to leave Sweden or for Olofsson to be turned over to him.

Police said the gunman was a 21-year-old bank robber who escaped from a Swedish jail earlier this year.

Police drove a car up to the bank office and police sources said it was intended as a getaway vehicle should the hostages be freed.

Liquor prices going up

HARRISBURG (UPI)—Pennsylvania consumers will be paying more for their wines and whiskys effective next Wednesday.

Prices on 265 items will go up anywhere from pennies to $8.99 for a 24 oz. bottle of Chateau Beychevelle Imperial Red Bordeaux, 1969 vintage, which usually sells for $14.51.

These are not new increases, but actually fruition of increases that were delayed during July in federal price freezes.

"We're putting them into effect next Wednesday because that is the beginning of a new accounting period," Gene Roscioli, chairman of the State Liquor Control Board, explained.

The 265 items are part of the original 627 item list submitted to the board by distributors who wanted price increases.

As of next Wednesday, prices on 541 of the 627 items will have gone up. There has been no board action yet on the remaining 86 items.

The wine and alcohol distributors told the board they needed the increases due to higher shipping fees, and the failure of grape crops in California.

The board originally turned down 351 of the 627 requests for price increases last January. Most of the increase requests were submitted again in April.

Hijacker charged

TEL AVIV (UPI) —The Israeli government Thursday filed formal charges against Mohammed al-Touni, accusing the Libyan of air piracy in the hijacking a Lebanese Middle East Airlines jetliner to Israel a week ago and endangering the lives of its 119 passengers.

Two ex-attorneys general dispute charges by Nixon

WASHINGTON (UPI) —Two former attorneys general who served in the Justice Department under Presidents Kennedy and Johnson Thursday disputed President Nixon's charge that burglaries were "authorized on a very large scale" during by those administrations in 1961-66.

Nixon made the allegation at his San Clemente, Calif., news conference Wednesday in commenting on the September, 1971, break-in at Daniel Ellsberg's psychiatrist's office in Los Angeles by White House undercover agents.

But Nicholas deB. Katzenbach in Washington and Ramsey Clark, speaking on CBS-TV's Morning News, said as far as they knew there where no authorized burglaries during their terms with the Justice Department which ran from 1961 to 1968.

Clark said former FBI director J. Edgar Hoover once asked for authorization to burglarize a foreign mission in the United States to obtain data involved with national security that was believed in the building. But Clark said he refused. He said he believed the country involved was in northern Africa.

He also said he knew of at least one case where property was taken without a search warrant but a court ruled it unconstitutional.

The President at his news conference denounced the Ellsberg break-in as illegal, unauthorized and "completely deplorable," but then said the same sort of thing happened under his Democratic predecessors.

"I should also point out to you that in the three Kennedy years and the three Johnson years, when burglarizing of this type did take place, when it was authorized on a very large scale, there was no talk of impeachment and it was quite well known," Nixon said.

Cleanup begins after Mexico's worst flood

IRAPUATO, Mexico (UPI) — Army troops began cleanup work Thursday in this city of 180,000 persons after floods that Mexican President Luis Echeverria called "one of the most serious in our history."

Echeverria returned here for a second day of overseeing relief operations and aides said he would probably also tour nearby flooded areas.

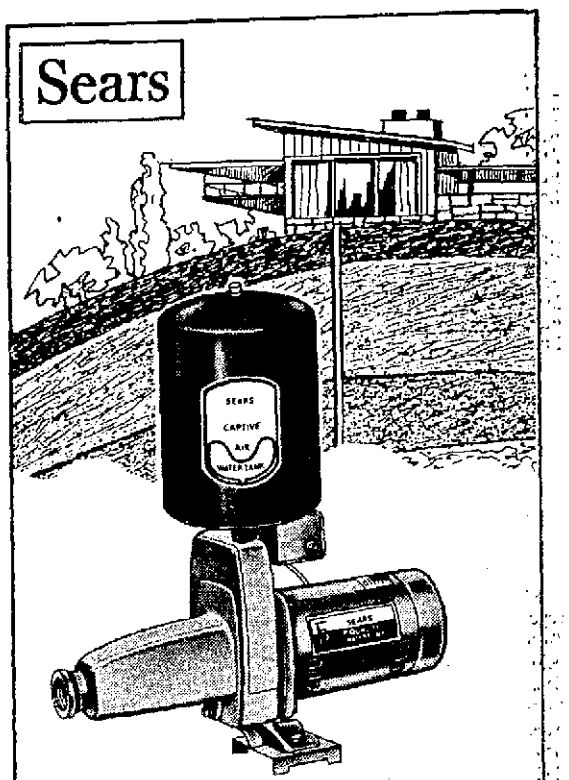

"Thousands of houses have been destroyed," Echeverria said, "most of them houses of the poorer people."

Mexican Secretary of Defense Gen. Hermenegildo Cuenca Diaz said that 47 bodies have been found here in the mud and wreckage left by a wave of water seven feet high. Army sources said Wednesday that there were 124 dead and some 300 missing.

Officials registered 10 confirmed flood deaths outside Irapuato.

West End Notes

KUNKLETOWN — The regular meeting of the Eldred Township Supervisors will be held at 10 a.m. on Saturday, Sept. 1 at the Kunkletown Firehouse. The supervisors are expected to consider appointing two more members to their five-man planning commission. The meeting is open to the public.

GILBERT — All residents exhibiting livestock at the West End Fair this year will be responsible for cleaning out their animal's stalls each morning. Exhibitors should check with committee chairman Boyd Smith at the time of entry regarding further details.

BRODHEADSVILLE — Persons wishing to get in touch with the West End News Bureau next week during the West End Fair, should call the bureau number (992-4153) before 9 a.m. or after 11 p.m.

STROUDSBURG — The annual Antique Automobile Show, put on by the Pocono Region Antique Automobile Club of America, will be held on Aug. 26 at the Stroudsburg High School Athletic Field. Cars will begin arriving in late morning. The public is invited to attend. A donation of 50 cents will be solicited from people over age 12.

BRODHEADSVILLE — Any member of the Zion United Church Lutheran congregation who would like to have something included in the church's September newsletter, to Box 112, Brodheadsville, Pa. 18322 as soon as possible. Copy can also be given to the pastor. Names for the new publication, as well as birthdays, and anniversary information and questions for the pastor are still needed.

Tobyhanna police kept busy in July

Mount Pocono Bureau

POCONO PINES — There were 46 summonses for traffic violations issued in July according to Tobyhanna Township Police Chief Robert Reed.

Police also issued 12 written warnings for borderline violations of the Motor Vehicle Code.

The police answered 99 calls. Included in these calls were three investigations of motor vehicle accidents, one aggravated assault, four theft, one reported stolen vehicle, three investigations of malicious mischief and one accidental drowning.

The department recovered one stolen vehicle and made nine criminal arrests in July.

Sixty business security checks were made. Security checks were also made to three homes in the township at the request of the owners.

Township police assisted Fern Ridge State Police and the township Fire Company on two occasions.

Officers Bockelman, Kerrick and Chief Reed completed an eight hour Beginning First Aid Course in July. Chief Reed also attended the Monroe County Police Exchange of Information meeting in Stroud Township.

During the month the police department had an officer on call 24 hours a day and averaged 18 hours of patrol per day.

The two police cars traveled 10,127 miles during the month.

Police audits complete

HARRISBURG — Audits of police pension funds in Monroe and Wayne Counties reveal the townships examined are providing pensions for their fulltime policemen as required by law.

Mount Pocono Borough spent $2,709 from January 1, 1971 to December 31, 1972 for insurance premiums for its officers.

Coolbaugh Township expended $1,999.69 for premiums during the same period.

Hawley Borough made pension payments of $840 for this period.

All audits showed these amounts are subject to verification by the insurance companies as requested by the office of the Auditor General.

CHIROPRACTIC FOR ASTHMA SUFFERERS

For asthma sufferers, the advent of spring may not always be the joyous occasion it is for others. The difficulty in breathing experienced by these individuals could become more acute with increased pollen and dust in the air—causing further irritation to their already excessively sensitive mucous membranes throughout breathing passages.

Wheezing and coughing commonly associated with an asthma attack are due to an abnormal closing off or constriction of the small tubes leading to the lungs, technically known as branches of the bronchi. This prevents air from smoothly gliding through the lungs. The constriction or spasm of the larger air passages called bronchi; thus the characteristic gasping for breath.

Chiropractic care has been and could be the answer for asthma cases of any age. If a thorough Chiropractic examination indicated the presence of nerve pressure, a series of adjustments would relieve the nerve interference and allow the body's breathing apparatus to return to normal function.

Mount Pocono Bureau

POCONO PINES — There were 46 summonses for traffic violations issued in July according to Tobyhanna Township Police Chief Robert Reed.

Police also issued 12 written warnings for borderline violations of the Motor Vehicle Code.

The police answered 99 calls. Included in these calls were three investigations of motor vehicle accidents, one aggravated assault, four theft, one reported stolen vehicle, three investigations of malicious mischief and one accidental drowning.

The department recovered one stolen vehicle and made nine criminal arrests in July.

Sixty business security checks were made. Security checks were also made to three homes in the township at the request of the owners.

Township police assisted Fern Ridge State Police and the township Fire Company on two occasions.

Officers Bockelman, Kerrick and Chief Reed completed an eight hour Beginning First Aid Course in July. Chief Reed also attended the Monroe County Police Exchange of Information meeting in Stroud Township.

During the month the police department had an officer on call 24 hours a day and averaged 18 hours of patrol per day.

The two police cars traveled 10,127 miles during the month.

Police audits complete

HARRISBURG — Audits of police pension funds in Monroe and Wayne Counties reveal the townships examined are providing pensions for their fulltime policemen as required by law.

Mount Pocono Borough spent $2,709 from January 1, 1971 to December 31, 1972 for insurance premiums for its officers.

Coolbaugh Township expended $1,999.89 for premiums during the same period.

Hawley Borough made pension payments of $840 for this period.

All audits showed these amounts are subject to verification by the insurance companies as requested by the office of the Auditor General.

Private housing fastest answer

The wheels of federal projects often turn slowly and the history of urban renewal is that its movement is slowest of all.

What began as the Stofflet Street project in Stroudsburg has been expanded into the Stofflet-Dreher-Main project and it is in motion. It will some day help solve a local housing shortage but it can't help with the present situation.

An optimistic guess would be three years before an apartment will be available for the elderly or anyone else in the Stroudsburg renewal project. And yet Stroudsburg is the single logical community to produce places for new Monroe County residents to live. Why? because it has sewer capacity. Paradoxically, the borough also has the least amount of open land on which to build.

An answer that could come much faster than renewal would be a similar private project: purchasing a block of housing that holds, say, 10 families and turning it into apartments to house 50.

Ultimately a new system of sewage disposal in the townships must come and probably it will be connections to what already are conventional central systems. Once established with sewer (and water) lines, developers can safely build homes that are already needed. In fact, were needed a year ago.

Meanwhile the homes available are in a sellers' market with our normal growth fattened by the search for housing by those newcomers (100 or more families) connected with the Roadway terminal.

How long the moth

The uproar over the gypsy moth has died while the rascals regroup in their egg masses attached to the trees they will devour late next spring.

No real decision has been made on how to combat them next year . . . how much to spend on what and where. A gesture has been made in the direction of biological warfare that may turn up in time to rescue Allegheny County. One thing is sure. The caterpillar will crawl through the Poconos again in 1974, although the extent of devastation can't be certain.

The defoliation was bad this year but as Pike County has noted — a year or two ahead of Monroe's plight — a bad year can be followed by tolerable year which can be followed by the passing of the blight.

Some trees have died, probably due to caterpillar devastation, but apparently the moth and its worm have traveled from New England via New York and New Jersey without leaving barren plains behind.

It's possible — maybe probable — that the limited chemical warfare applied to the insect is enough to discourage him and that our foliage will survive afterall.

Judge needs judging

A news item the other day counteracts the emphasis on campaign needs and political greed inherent in Watergate.

A Pennsylvania judge defeated in his primary campaign discovered he had almost $5,000 left in unused contributions. Being honest (if unelected) he announced he was returning about 50 cents on the dollar to all those who had contributed to his unsuccessful effort.

This could prove (or disprove) a number of things. One could be that honest judges finish last; two that he doesn't really need the money; or three that if he'd given the election all he had he (a) wouldn't have had to give any back or (b) might have won.

Graham, age 8, got pretty upset while driving to a roadside stand for a snack with his grandfather. He was told that he couldn't have a soft drink. He could have a hamburger, French fried and whatever else he wanted to eat, but no soft drink. He was supposed to cut down on his sugar consumption.

"But what will I drink?"

"Drink water."

"If God had meant us to drink water," said Graham firmly, "He would have put it in cans."

Should military aid end?

By CONGRESSIONAL QUARTERLY

WASHINGTON — President Nixon describes the United States' 25 - year military assistance program as the "cornerstone of U.S. foreign policy." But, in Congress, strong reaction is surfacing over the amount of money the nation spends supplying foreign allies with military weapons and equipment. "Give - away" programs and "foreign aid joyrides" are the terms lobbed at military grant and sales programs by congressional critics.

Disenchantment with foreign aid - so obvious in the Senate in recent years - has begun to take hold in the traditionally friendly House. On July 26, the House by a razor - thin 188 - 183 vote approved a foreign economic and military aid package. Inflation, devaluation, deficits and domestic cutbacks - all contributed to a swelling of the ranks of opponents to the foreign "give - aways."

Earlier, the Senate slashed more than a half billion dollars from the administration's $1.3 - billion request for military aid. The House cut $155 - million — a small but meaningful amount. The differences will have to be resolved in conference, raising this question: Should U.S. military aid programs be significantly reduced?

PRO:

A reduction in military aid is necessary because "the United States faces serious economic and financial problems domestically and internationally," members of the House Foreign Affairs Committee wrote July 19.

"While the desire to help the unfortunate of other lands is commendable . . . our first duty is to the people of the United States . . . . We should commit our resources to solving our own problems before we send our substance abroad," adds one House Democrat.

In view of the President's negotiations with Russia and China, it seems inconsistent to continue a military aid program that has its roots back in the days of the worst period of the cold war.

There is a "vicious circle at work" in the U.S. military aid program, according to Senate Foreign Relations Committee Chairman J. W. Fulbright (D-Ark.). Many nations are able to maintain unnecessarily large forces because of U.S. military assistance. Once such large forces are created, they take on the image of being essential for security — both the security of the recipient nation and the United States.

Sen. Gaylord Nelson (D-Wis.) argues that "military sales constitute major foreign policy activities without sufficient deliberation. This has gotten us into trouble in the past and could easily do so again."

Weapons transfers serve neither to protect the recipient country against any real threat of external aggression, nor to strengthen the national security of the United States. They do have the effect of strengthening particular regimes against internal dissent. "Is this a proper purpose of American Foreign policy?" asks Fulbright.

At the end of June 1973, U.S. taxpayers will have provided $180 - billion in assistance to foreign countries since World War I, $80 - billion of that in military and related aid. The flow of military aid will continue unless Congress acts to make the nations of the world look to their own resources for their defense priorities.

CON:

Security assistance has been a cornerstone of U.S. foreign policy throughout the last quarter century. While President Nixon, for one, believes it "unrealistic to think we can provide all of the money or manpower that might be needed for the security of friendly nations," he thinks that "we can and should . . . share our technical resources to help them develop adequate strength of their own."

Cutbacks in military aid would "come as a severe jolt to our friends and allies and adversely affect stability and peace in the international community," warns Sen. John G. Tower (R - Texas).

The Soviet Union and The Peoples Republic of China continue to provide hardware and training to their allies. If the United States no longer provides its friends military equipment and training, the nation will be turning its back on its security arrangements in Europe, the Mideast and the Pacific.

A deep cut in military aid would endanger free world defense establishments which are the essential foundation upon which to build an era of negotiations.

A majority of friendly nations which want to purchase weapons want to buy them from the United States. They have confidence in U.S. weapons and their performance.

Nations which want weapons are going to buy them somewhere, says Rep. Robert L.F. Sikes (D-Fla.). "I prefer to see American industry and American workmen benefit. I know we need a better balance of trade."

The United States has been calling upon its friends and allies to do more for themselves and military aid provides them the equipment to use to protect themselves.

Drug solution

Not long ago, Governor Nelson Rockefeller threw up his hands over the drug problem and switched to a hard - line approach: life sentences, without possibility of probation, for pushers.

The outcry among the enlightened was long, loud and morally outraged. The proposal was barbaric. Moreover, the prisons could not possibly accommodate so many lifers. The New York Times in particular, please note, was scandalized by the harshness of the proposal, thundered against it editorially, and Rockefeller only made matters worse when he suggested that, in view of the prison crowding problem, maybe the death penalty should be reinstated to eliminate the pushers.

Well, it seems that there does exist a country where a once serious drug problem has been totally solved, and the Times took note of this triumph by printing an excerpt regarding it from an article in Medical Opinion by a Dr. Lowinger.

How China solved problem

The successful country is China. No drug problem any more whatsoever. And Dr. Lowinger gives it as his opinion that "the methods the Chinese used to eradicate their addiction problem might well offer methods we could use to achieve the same result . . . All evidence exists that by 1953 the problem of narcotic drug abuse was practically eliminated."

Sounds good so far, you say. Indeed, Dr. Lowinger's article makes everything about China sound good. But just how did the Chinese solve their drug problem? (Nelson Rockefeller is holding his breath.)

Well, on this question the doctor becomes a shade, well, unspecific.

"Leniency was recommended for employes and workers of opium traffickers; but heavy penalties were available for those controlling the traffic, manufacture or growth of opium. China's attitude toward the individual reformed addict was one of good - willed congratulations, and represents another important reason why the narcotic problem was overcome."

Well, that sounds better than the rough stuff proposed by the medieval Rockefeller, doesn't it? Still, a trace of doubt remains. Couldn't Dr. Lowinger have been a bit more specific about the "leniency" and about the "heavy penalties" that were "available" for serious offenders?

Professor tells all

In the July, 1972 issue of the Annals of the American Academy, Jonathan Mirsky, a professor generally sympathetic to the Mao regime, reveals that the "heavy penalty" is execution:

"The drug problem was solved a long time ago by long hospitalization and a cure for addicts, shooting pushers, and making it a capital crime to push. They are quite plain about what they did. They just took the people who they thought were the major purveyors of drugs and they either put then in prison for a very long time or killed them; and they tell you that."

And what about the "leniency" for lesser figures and the "good - willed congratulations" for reformed addicts?

One Wu Shu - jen, a Communist Party member who defected in 1969, reveals that addicts are kept in prison three to five years AFTER they are cured. Other sources confirm this.

Tapes involve many issues

Editor, The Record:

May I call attention to what has been revealed on television screens?

President Nixon is not the first President to tape conversations held within his office. I believe that the first to do so was Franklin Delano Roosevelt. President Kennedy used the device more widely and there have been televised pictures of a number of racks of such tapes now reposing in the Kennedy Memorial Library.

I believe that there are also such tapes in the Johnson Memorial Library. I do not know whether anyone — at least outside the "inner circle" surrounding each of our Presidents, i.e., the Roosevelt "Brain Trust," — has ever listened to any of these earlier tapes.

"Executive privilege," as President Nixon pointed out, is not the only kind of "special privilege." How many of us hold highly confidential conferences with our lawyers, doctors, pastors and other trusted councilors? These "special privilege" conferences are respected as such by courts of law.

Yes, the Nixon tapes could well reveal the truth about the President's guilt or innocence in the Watergate affair. Is that the only issue involved? It would be an easy solution for President Nixon to choose.

Our judicial system has been operating ever since it was set up under the Constitution of the United States, depending on sifting and weighing evidence obtained in the established manner in order to determine the truth in all issues that come before it.

Local hitchhiking should stop

Editor, The Record:

The dangers of hitchhiking are well known to all of us. Not a day passes without a story in the newspapers, on radio and television about a beating, a rape, or a death which happened as a result of a young person hitching a ride with a stranger.

A potentially dangerous situation exists locally - in Pocono and Paradise Townships. Mt. Airy Lodge houses many of its employes at facilities it owns which are three to six miles distant from the main lodge. The employes are housed at Merry Hill Lodge on Merry Hill Road in Swiftwater, Whittlewood Lodge on Grange Road in Mt. Pocono and at Leo Finnerty's Restaurant (until recently Danny's Villa Roma) on Route 611 in Scotrun. Many of these young people do not own cars, and since there is no public transportation so far out in the country, they must hitchhike to get to work. This happens daily, and more girls hitchhike than boys.

I feel it is the responsibility of Mt. Airy Lodge to provide transporation to and from work for the employes they house at a distance from the main lodge who do not have cars. It is imperative that they provide this transportation immediately BEFORE a tragedy occurs.

Why pay for washroom?

Editor, The Record:

For the past two weeks we've been hosting my brother who resides in Miami, Fla. Being a former "Northerner" and in the evening of his life, I drove him to Lehighton, Nazareth, Bethlehem and Wilkes-Barre to see some of his old friends.

Returning from Wilkes-Barre on Thursday and taking in all the beautiful Pocono scenery through the secondary roads, I took him to see the Pocono Plaza Shopping Center in East Stroudsburg. While there I suggested a snack and took him to the Bradford House Restaurant in Grant City.

I sat in a booth and he went on to wash his hands before eating. In a moment he returned asking the waitress to change a quarter as he needed a dime to open the coin lock on the washroom door. Being extremely puzzled, I asked the waitress why a coin operated lock on the washroom door. She replied "We were losing too many keys, the customers would forget to leave them."

"When I went back to pay my check, I asked to speak to the manager. When Mr. G. Wallace came, I told him that this was the most unusual situation I've ever faced, having to pay a dime to open a door to wash your hands in a public eating place before eating the food. His reply was that this is a policy with all the Bradford House Restaurants in the area.

I suggested that, in my opinion, there is a law that provides a free washroom and at least one toilet facility in public places in Pennsylvania, especially in places handling food and further suggested he take the matter up with his superiors before some citizen decides to make a test case in court.

Narcs losing battle

By JACK ANDERSON and LES WHITTEN

WASHINGTON — The government's war against drug smuggling, trumpeted as one of the major domestic successes of the Nixon Administration, is losing the battle to fleets of small private planes and fast boats.

Classified documents from the Customs Bureau made available to us demonstrate the extent of the government's failure. They flatly state that the narcotics agents cannot compete with the ingenuity of the smugglers.

The dope runners have organized the most important small boat operation since the evacuation of Dunkirk and the government's fragmented narcotics forces are unable to cope with them.

"We must undertake a program to provide Customs control of small boat traffic entering the United States," one of the documents asserts. "Smuggling of narcotic drugs by small boats is a serious problem. At present, we have no means of effecting interdiction of drugs entering the United States by this means."

Private planes

The high flying dope peddlers operate with equal freedom, hauling their cargo of white powder from Mexico and Canada with virtually no opposition.

"Smuggling by means of private aircraft has grown in a situation where control of this commerce, for technical reasons, was not possible," the documents said.

In short, the situation is so out of hand that Mafia and free - lance traffickers have virtual carte blanche to haul their wares across the United States borders.

Federal antinarcotics officials have made elaborate plans to increase their efficiency in the air and on the water, but budget conscious bureaucrats have cut out this capability. For this fiscal year alone, the Office of Management and Budget has sliced the Customs budget for these plans from $11.4 million to $3.3 million.

This penny - wise policy is preventing narcotics agents from acquiring sophisticated tools, including aircraft with special tracking equipment, boats fast enough to catch smuggler's craft and sensors to seek out the dope runners.

The drug fighters are using some electronic sensors borrowed from the military, but find them virtually worthless.

"To date, sensors available for boat surveillance have been rudimentary in nature," one Customs report states. "This situation exists because of the lack of development funding and technical capability that has existed for years within the Customs Agency Service."

The heavily publicized seizures of millions of dollars worth of narcotics are largely the work of old-fashioned customs and narcotics agents at ports or elsewhere, based on leads from painstakingly nutured informants. Arrests of smugglers through random checks of small planes or boats have been few and infrequent.

Treasury Department and the new Drug En-

Presently, the air - sea fight against drugs is badly fragmented between Customs at the forcement Administration (DEA) at the Justice Department. A memorandum describing a meeting last month between Custom's air intrusion coordinators and George Brosan, a top Customs enforcement official, makes clear that neither agency knows what the other is doing.

There are about 50 planes of various kinds available at any one time to the two agencies for air and boat surveillance. But without cooperation between them through use of informers who signal the departure of a shipment from some lonely harbor or airport, the planes are useless. They cannot "picket - line" the entire border.

DEA, which may wind up with the whole program eventually, is too busy reorganizing to take on any new duties, particularly ones as complicated as the "Air Intrusion" operation.

The overall mess is best summed up by Brosan,:

"Both the Drug Enforcement Administration and the Immigration and Naturalization Service have token programs. Neither can compare with the present Customs effort, and possibly some thought ought to be given to coming the three programs."

CIA Pig - Sticker: The men who work for the Central Intelligence Agency are traditionally regarded as close - mouthed characters who spend their waking hours tracking spies and tapping telephones.

Angus MacLean Thuermer, the agency's "public information officer," defies tradition. He is one of the nation's foremost "pig stickers" and he doesn't mind talking about it.

He became addicted to the exotic sport of "pig sticking" — which, in his words, is "a nicely underplayed British term for hunting wild boar on horseback with a spear" — while serving with the Foreign Service in India.

Last year, Thuermer went back to India for another hog hunt. When he returned to the states, he broke CIA tradition and published his memoirs of the hunt in an obscure weekly newspaper called the "Piedmont Virginian."

Although Thuermer rarely has anything to say to reporters about CIA affairs, he waxes poetic about pig sticking. The night before the hunt, he wrote, "people begin to drift off to their tents. You bed down. Too soon 'Ta - ta - Ta! TA - TA - Taaaa!' Through the canvas come the insistent notes of reveille."

Out in the wilds, he continued, "you wonder what you are doing here under this brassy sky, amidst these silvery spear tips, in this unbelievable technicolor extravaganza."

When a boar is flushed out, "it's no fat barnyard side of bacon, belly in the mud, oinking contentedly . . . . It's old Tough Tush himself, aroused, scared, made ferocious, bristles on his spine standing."

After a long day in the field, Thuermer concluded, everyone was "weary of muscle" but pleased to have taken part "in the world's only running of one of man's most thrilling sports."

Footnote: So proud of his pig sticking prowess in Thuermer that he keeps his spear in his office. He invited us over to see it, but we politely refused when he added that "it isn't every day you get to stick an Anderson man."

Private housing fastest answer

The wheels of federal projects often turn slowly and the history of urban renewal is that its movement is slowest of all.

What began as the Stofflet Street project in Stroudsburg has been expanded into the Stofflet-Dreher-Main project and it is in motion. It will some day help solve a local housing shortage but it can't help with the present situation.

An optimistic guess would be three years before an apartment will be available for the elderly or anyone else in the Stroudsburg renewal project. And yet Stroudsburg is the single logical community to produce places for new Monroe County residents to live. Why? because it has sewer capacity. Paradoxically, the borough also has the least amount of open land on which to build.

An answer that could come much faster than renewal would be a similar private project: purchasing a block of housing that holds, say, 10 families and turning it into apartments to house 50.

Ultimately a new system of sewage disposal in the townships must come and probably it will be connections to what already are conventional central systems. Once established with sewer (and water) lines, developers can safely build homes that are already needed. In fact, were needed a year ago.

Meanwhile the homes available are in a sellers' market with our normal growth fattened by the search for housing by those newcomers (100 or more families) connected with the Roadway terminal.

How long the moth

The uproar over the gypsy moth has died while the rascals regroup in their egg masses attached to the trees they will devour late next spring.

No real decision has been made on how to combat them next year . . . how much to spend on what and where. A gesture has been made in the direction of biological warfare that may turn up in time to rescue Allegheny County. One thing is sure. The caterpillar will crawl through the Poconos again in 1974, although the extent of devastation can't be certain.

The defoliation was bad this year but as Pike County has noted — a year or two ahead of Monroe's plight — a bad year can be followed by tolerable year which can be followed by the passing of the blight.

Some trees have died, probably due to caterpillar devastation, but apparently the moth and its worm have traveled from New England via New York and New Jersey without leaving barren plains behind.

It's possible — maybe probable — that the limited chemical warfare applied to the insect is enough to discourage him and that our foliage will survive afterall.

Judge needs judging

A news item the other day counteracts the emphasis on campaign needs and political greed inherent in Watergate.

A Pennsylvania judge defeated in his primary campaign discovered he had almost $5,000 left in unused contributions. Being honest (if unelected) he announced he was returning about 50 cents on the dollar to all those who had contributed to his unsuccessful effort.

This could prove (or disprove) a number of things. One could be that honest judges finish last; two that he doesn't really need the money; or three that if he'd given the election all he had he (a) wouldn't have had to give any back or (b) might have won.

Should military aid end?

By CONGRESSIONAL QUARTERLY

WASHINGTON — President Nixon describes the United States' 25 - year military assistance program as the "cornerstone of U.S. foreign policy." But, in Congress, strong reaction is surfacing over the amount of money the nation spends supplying foreign allies with military weapons and equipment. "Give - away" programs and "foreign aid joyrides" are the terms lobbed at military grant and sales programs by congressional critics.

Disenchantment with foreign aid - so obvious in the Senate in recent years - has begun to take hold in the traditionally friendly House. On July 26, the House by a razor - thin 188 - 183 vote approved a foreign economic and military aid package. Inflation, devaluation, deficits and domestic cutbacks - all contributed to a swelling of the ranks of opponents to the foreign "give - aways."

Earlier, the Senate slashed more than a half billion dollars from the administration's $1.3 - billion request for military aid. The House cut $155 - million — a small but meaningful amount. The differences will have to be resolved in conference, raising this question: Should U.S. military aid programs be significantly reduced?

PRO:

A reduction in military aid is necessary because "the United States faces serious economic and financial problems domestically and internationally," members of the House Foreign Affairs Committee wrote July 19.

"While the desire to help the unfortunate of other lands is commendable . . . our first duty is to the people of the United States . . . . We should commit our resources to solving our own problems before we send our substance abroad," adds one House Democrat.

In view of the President's negotiations with Russia and China, it seems inconsistent to continue a military aid program that has its roots back in the days of the worst period of the cold war.

There is a "vicious circle at work" in the U.S. military aid program, according to Senate Foreign Relations Committee Chairman J. W. Fulbright (D-Ark.). Many nations are able to maintain unnecessarily large forces because of U.S. military assistance. Once such large forces are created, they take on the image of being essential for security — both the security of the recipient nation and the United States.

Sen. Gaylord Nelson (D-Wis.) argues that "military sales constitute major foreign policy activities without sufficient deliberation. This has gotten us into trouble in the past and could easily do so again."

Weapons transfers serve neither to protect the recipient country against any real threat of external aggression, nor to strengthen the national security of the United States. They do have the effect of strengthening particular regimes against internal dissent. "Is this a proper purpose of American Foreign policy?" asks Fulbright.

At the end of June 1973, U.S. taxpayers will have provided $180 - billion in assistance to foreign countries since World War I, $80 - billion of that in military and related aid. The flow of military aid will continue unless Congress acts to make the nations of the world look to their own resources for their defense priorities.

The overall mess is best summed up by Brosan,:

"Both the Drug Enforcement Administration and the Immigration and Naturalization Service have token programs. Neither can compare with the present Customs effort, and possibly some thought ought to be given to coming the three programs."

CIA Pig - Sticker: The men who work for the Central Intelligence Agency are traditionally regarded as close - mouthed characters who spend their waking hours tracking spies and tapping telephones.

Angus MacLean Thuermer, the agency's "public information officer," defies tradition. He is one of the nation's foremost "pig stickers" and he doesn't mind talking about it.

He became addicted to the exotic sport of "pig sticking" — which, in his words, is "a nicely underplayed British term for hunting wild boar on horseback with a spear" — while serving with the Foreign Service in India.

Last year, Thuermer went back to India for another hog hunt. When he returned to the states, he broke CIA tradition and published his memoirs of the hunt in an obscure weekly newspaper called the "Piedmont Virginian."

Although Thuermer rarely has anything to say to reporters about CIA affairs, he waxes poetic about pig sticking. The night before the hunt, he wrote, "people begin to drift off to their tents. You bed down. Too soon 'Ta - ta - Ta! TA - TA - Taaaa!' Through the canvas come the insistent notes of reveille."

Out in the wilds, he continued, "you wonder what you are doing here under this brassy sky, amidst these silvery spear tips, in this unbelievable technicolor extravaganza."

When a boar is flushed out, "it's no fat barnyard side of bacon, belly in the mud, oinking contentedly . . . . It's old Tough Tush himself, aroused, scared, made ferocious. bristles on his spine standing."

After a long day in the field, Thuermer concluded, everyone was "weary of muscle" but pleased to have taken part "in the world's only running of one of man's most thrilling sports."

Footnote: So proud of his pig sticking prowess in Thuermer that he keeps his spear in his office. He invited us over to see it, but we politely refused when he added that "it isn't every day you get to stick an Anderson man."

Shun The Easy Way!

That which seems to be the EASY WAY often turns out to be the HARD WAY and they that resort to violence to gain their daily bread, more often than otherwise, are the victims of violence and frequently come to a violent end. The field of Psychiatry has only scratched the surface in determining what makes a youth go wrong. However, very few, if any, will deny that a much smaller percentage of those who do go wrong are among the ones who have been taken to Church regularly by their parents and continue to attend after they reach maturity. The person who attends the church of his or her choice regularly becomes endowed with a sense of values that makes that person shun the EASY WAY.

Church-going is a necessary part of a well balanced life. Don't underestimate its importance.

Mrs. Edward L. Engler

(Lens Art)

Sheree Miller bride of Edward L. Engler

BANGOR — Miss Sheree L. Miller, daughter of Mr. and Mrs. Paul T. Miller of R. D. 3, Bangor, was married on Aug. 18 at 10 a.m. in Our Lady of Good Counsel Church, Bangor, to Edward L. Engler, son of Mr. and Mrs. Francis J. Engler, also of R. D. 3, Bangor.

Given in marriage by her father, the bride was attended by Phyllis Reagle as maid of honor. Bridesmaids were Karen Cassel, Lisa Smith, and Kathy Donovan. Paula Miller, sister of the bride, was junior bridesmaid.

The maid of honor wore a mint green chiffon gown while the bridesmaids were in lilac chiffon.

Thomas Roberts served as best man. Ushers were Barry Miller, brother of the bride; Francis Engler Jr., brother of the bridegroom; Ronald Imboden and Brooks Roberts.

A reception was held at the Eagles Home before the newlyweds left for a wedding trip to Maine.

The bride is a graduate of Bangor High School and is a student at St. Luke's Hospital School of Nursing. Her husband, also a graduate of Bangor High School, is employed by Coplay Cement, Nazareth.

They will make their home in Bethlehem.

Newcomers see styles for Pocono functions

STROUDSBURG — About 60 newcomers to this area attended a fashion show arranged by the Newcomers Club of the Welcome Wagon held Tuesday night in the new Stroud Tavern at the Penn-Stroud Hilton.

From Detroit, Massapequa, State College, Lancaster, Amityville, Denver, Scranton and many other points on the map, the newcomers came they revealed as they introduced themselves at the urging of Sally Ferrebee who served as commentator for the fashion show.

The fashions were from Wyckoff's and had been selected to be worn at many Pocono functions to which the newcomers will be welcome, Mrs. Ferrebee assured the audience.

The functions ranged from the inter-borough Thanksgiving football game to the chairty ball for the General Hospital; from the ski slopes to the meetings of organizations like women's clubs and Hospital Auxiliary.

Modeling were Diane Wyckoff, Susan and Paula Kovarick, Jeanette Flagler and Betty Jo Fetherman.

Greeting the guests were Barbara Drahozal of Welcome Wagon and William Wells of Wyckoff's which also provided refreshments after the show.

Season opens for auxiliary at Moose home

STROUDSBURG — New officers of the Women of the Moose presided at this month's meeting of the lodge and the Moose Home:

D. Catherine Fish, senior regent; Maureen Marvin, junior regent; Katherine Rice, junior graduate regent; Ruth Decker, chaplain; Ida Burns, recorder; Evelyn Fox, treasurer; Betty Smith, guard; Marilyn Adams, assistant; Ruth Decker, hospitality; June Price, Argus; Marion Simpson, sentinel.

Also elected were publicity, Mary Katz; Mooseheart, Myrtle Poorman; librarian, Grace Morrison; social service, Nina Van Auken; organization, Arlene Nase; Academy of Friendship, Josephine Shafer; College of Regents, Guy Neil Peet; hospitality, Barbara Custard; Moosehaven, Lucille Fish; membership, Lila Lesoine.

Katherine Fish and Ruth Decker were named delegates to the state convention to be held Aug. 31 to Sept. 4.

The Women of the Moose will have a bake sale and bazaar in conjunction with the steer roast to be held Aug. 26. Plans were also made for a family picnic for members of the Moose only on Sept. 9.

Victory party for church soft-ball team

EAST STROUDSBURG — The Grace Lutheran Church championship softball team will celebrate its victories in winning both the regular season and tournament play on Sunday afternoon at the home of Mr. and Mrs. Raymond Mery, Crescent St., Stroudsburg.

Families of all players are invited with each to bring a covered dish for inclusion in the picnic supper. Barbeque, hot dogs and beverages will be provided. Swimming is also included.

Landry family holds picnic at Saylorsburg

SAYLORSBURG — The second annual reunion of the Edward and Lucy Burnard Landry family was held on Sunday, Aug. 12, at Paupanoming Grove, Saylorsburg.

A picnic dinner was served to Mr. and Mrs. Charles Landry and Mr. and Mrs. Jack Kern and daughter, Kim of Saylorsburg; Mr. and Mrs. Russell Kline and children, Michael, Michele and Stephanie of Wind Gap; Dr. and Mrs. Eugene Slaski and son, Steven of Bethlehem; Dr. and Mrs. Sherman Uhler of Ambler; Mr. and Mrs. Richard Wentz and children, Richard Robert, Scott, Tambre and Jennifer of Hatboro, Mr. and Mrs. Rudolph Bonser and son, Forrest of Saylorsburg and Mrs. Mable Oney of Snydersville.

War I auxiliary makes donations to two hospitals

EAST STROUDSBURG — The contributions of gifts from Pocono Memorial Barracks World War I and Auxiliary to the carnival held at the Wilkes-Barre Veterans Hospital had a cash value of $155.78, Georgia Albertson, president of the auxiliary reported at their meeting.

The auxiliary voted a donation of $10 to be given to the Coatesville Veterans Hospital in memory of the husband of the past department president. It was announced that Mrs. Albertson has also been appointed as district deputy for the coming year by the state president.

Four delegates were elected to the national convention to be held in Miami, Fla. Mrs. Forrest Graves will attend.

The next meeting will be held at the firehall on Sept. 11.

Third birthday

EFFORT — Brooke Wilson Weiss, son of Mr. and Mrs. George Weiss of Effort celebrated his third birthday on Aug. 18 at a birthday dinner when guests included his grandparents, Mr. and Mrs. Clarence Altemose and Mrs. and Mrs. Stanley Weiss, and his sister and brother, Renee and Trevor.

No meeting

STROUDSBURG — There will be no meeting of the Reindeer Herd No. 12 on their regular meeting date, Aug. 27, since many members will be attending the convention being held at the Yorktown Hotel, York, Aug. 27,28 and 29.

Many hands

Just Between Us—

By Bobby Westbrook

A farewell party for two reporters who are leaving to resume college studies was held after work this week in a dark room, of all places. Actually it marked the grand opening of George Arnold's new studio and dark room and was really very brilliantly lit.

In keeping with the picture theme, Bruce Poston's parting gift was a replica of Fun Guide with his own picture on the front and Gerry Sutherland who has been our champion phone-answerer got a toy phone with his picture on the earpiece.

Which was a lot less disconcerting than the time an office wag filled the earpiece of Gerry's telephone with shaving cream, and everybody sat around waiting for the telephone to ring. Sure enough, he answered it first.

All of this partying followed the fashion show for the Newcomers Club and almost ran into the early morning costume tournament at Glen Brook. Except with the temperature hovering around 50, most of the players gave up the costume idea and came in their goose pimples.

But it was a beautiful day for the final matches with Bert Deihl again proving her championship calibre. But Henri Reaser as runner-up had her moment of triumph. Coming in to the clubhouse from the match, she found her daughter Judy waiting with a bouquet of flowers and a note, "Never mind, we love you win or lose."

Tonia Daley bride of Kenneth Stout

EAST STROUDSBURG — Miss Tonia Daley and Kenneth Stout were married recently at the parsonage of Rev. Harold C. Eaton, East Stroudsburg.

Miss Daley is the daughter of Mr. and Mrs. Walter Daley of East Stroudsburg. The bridegroom is the son of Mr. and Mrs. Clifford D. Stout Sr. of Pocono Lake.

Miss Debbie Decker of King St., East Stroudsburg, was maid of honor. Clifford D. Stout Jr. was his brother's best man.

A reception was held at the Fireman's Hall on Day Street for almost 100 guests. Music was provided by the Pocono Pioneers.

The bride was employed at the General Hospital and at Stroud Manor. The bridegroom is employed at Hughes Printing Co. They are making their home in Pocono Lake.

Trifles sale to benefit hospital expansion fund

LAKE NAOMI — The Trifles and Treasures sale to be held by Naomi Lake residents for the benefit of the General Hospital expansion fund to be held Saturday, Aug. 25 is an outgrowth of the interest in the hospital by residents.

For some the interest grew from being a patient, for others from working as a volunteer. From simple beginnings the benefit has grown with the contribution of friends and neighbors.

The committee will begin setting up the sale at 8 a.m. on Saturday morning and will open for business as soon as possible, although the starting time is officially at noon.

The sale will be held in the Youth Center which is on Route 433 off 940 opposite the Village Shops.

Among the articles already collected are: a pewter bowl, a solid brass bowl, skis, Lionel train, a portable television, games, andirons, meat slicer, ice crusher, chairs and table, lamps, dolls and a large selection of bric-a-brac and novelty jewelry.

Further information may be obtained by calling Mrs. Edward T. Rude Sr., 646-3838; Mrs. Scott McCann, 646-3558; Mrs. William Raymo, 646-2462 or Mrs. F. H. Bien, 646-3986.

Several teen age young people will run the bake sale. Many other residents of Lake Naomi and Pocono Pines have contributed both goods and services for the event.

Barrett bridge

CANADENSIS — Resort visitors took over the top spot at this week's Tuesday-night duplicate bridge tournament at the Barrett YMCA won by Rose Friedman and Nancy Lawrence.

Second place went to Daniel G. Kotok and Shelly DeSatnick, with third place going to Bill McKee and Joe Stout.

Help at the meat counter

More protein, less cost

By BARBARA GIBBONS

Which is a better buy? A can of fancy shrimp, or a sale-price chicken pot pie? Tuna fish? Or a roast of pork?

Only half the protein and nearly triple the calories, the frozen pot pie really isn't such a bargain, after all! And the tuna is an even better buy than you thought . . . double the protein and only half the calories!

If you have to count calories as well as cost, shopping today is doubly difficult. Others can fill up their families with fatty meats and make-do noodle casseroles, but you can't afford such pound-foolishness!

If every calorie and every penny really count, count on your "Slim Gourmet Comparison Shopper," below. We worked it out to help you find the best protein buys in your supermarket. For the weight-wary shopper the low price isn't enough. You need the most protein for the lowest cost, calorically as well.

Protein foods

What is protein? It's that rib-sticking, body-building food basic you simply can't do without. Starchy foods can fill you up (temporarily) and fatty foods will fill you out (perhaps permanently), but neither can fulfill your family's need for protein. Nutritionally, protein is the whole point of eating meat — or fish, poultry, eggs, cheese or other animal foods. It's the most valuable food there is. That's why it's so expensive, and in short supply in some sections of the world!

However, the most expensive steaks and roasts, the costliest chops, frequently are not your best protein buys. Far from it! Why pay a premium price for meats and main-course foods where the valuable protein has been crowded out by fat or starchy breading?

Here's your clip-and-save Comparison Shopper to help you find the best buys in today's quickly changing marketplace. The average adult needs about 60 grams of protein a day, so look for the foods that give you the most protein for the lowest cost . . . in calories as well as cash!

Help at the meat counter

More protein, less cost

By BARBARA GIBBONS

Which is a better buy? A can of fancy shrimp, or a sale-price chicken pot pie? Tuna fish? Or a roast of pork?

Only half the protein and nearly triple the calories, the frozen pot pie really isn't such a bargain, after all! And the tuna is an even better buy than you thought . . . double the protein and only half the calories!

If you have to count calories as well as cost, shopping today is doubly difficult. Others can fill up their families with fatty meats and make-do noodle csseroles, but you can't afford such pound-foolishness!

If every calorie and every penny really count, count on your "Slim Gourmet Comparison Shopper," below. We worked it out to help you find the best protein buys in your supermarket. For the weight-wary shopper the low price isn't enough. You need the most protein for the lowest cost, calorically as well.

Protein foods

What is protein? It's that rib-sticking, body-building food basic you simply can't do without. Starchy foods can fill you up (temporarily) and fatty foods will fill you out (perhaps permanently), but neither can fulfill your family's need for protein. Nutritionally, protein is the whole point of eating meat — or fish, poultry, eggs, cheese or other animal foods. It's the most valuable food there is. That's why it's so expensive, and in short supply in some sections of the world!

However, the most expensive steaks and roasts, the costliest chops, frequently are not your best protein buys. Far from it! Why pay a premium price for meats and main-course foods where the valuable protein has been crowded out by fat or starchy breading?

Here's your clip-and-save Comparison Shopper to held you find the best buys in today's quickly changing marketplace. The average adult needs about 60 grams of protein a day, so look for the foods that give you the most protein for the lowest cost . . . in calories as well as cash!

Newcomers see styles for Pocono functions

STROUDSBURG — About 60 newcomers to this area attended a fashion show arranged by the Newcomers Club of the Welcome Wagon held Tuesday night in the new Stroud Tavern at the Penn-Stroud Hilton.

From Detroit, Massapequa, State College, Lancaster, Amityville, Denver, Scranton and many other points on the map, the newcomers came they revealed as they introduced themselves at the urging of Sally Ferrebee who served as commentator for the fashion show.

The fashions were from Wyckoff's and had been selected to be worn at many Pocono functions to which the newcomers will be welcome, Mrs. Ferrebee assured the audience.

The functions ranged from the inter-borough Thanksgiving football game to the chairty ball for the General Hospital; from the ski slopes to the meetings of organizations like women's clubs and Hospital Auxiliary.

Modeling were Diane Wyckoff, Susan and Paula Kovarick, Jeanette Flagler and Betty Jo Fetherman.

Greeting the guests were Barbara Drahozal of Welcome Wagon and William Wells of Wyckoff's which also provided refreshments after the show.

Season opens for auxiliary at Moose home

STROUDSBURG — New officers of the Women of the Moose presided at this month's meeting of the lodge and the Moose Home:

D. Catherine Fish, senior regent; Maureen Marvin, junior regent; Katherine Rice, junior graduate regent; Ruth Decker, chaplain; Ida Burns, recorder; Evelyn Fox, treasurer; Betty Smith, guard; Marilyn Adams, assistant; Ruth Decker, hospitality; June Price, Argus; Marion Simpson, sentinel.

Also elected were publicity, Mary Katz; Mooseheart, Myrtle Poorman; librarian, Grace Morrison; social service, Nina Van Auken; organization, Arlene Nase; Academy of Friendship, Josephine Shafer; College of Regents, Guy Neil Peet; hospitality, Barbara Custard; Moosehaven, Lucille Fish; membership, Lila Lesoine.

Katherine Fish and Ruth Decker were named delegates to the state convention to be held Aug. 31 to Sept. 4.

The Women of the Moose will have a bake sale and bazaar in conjunction with the steer roast to be held Aug. 26. Plans were also made for a family picnic for members of the Moose only on Sept. 9.

Victory party for church soft-ball team

EAST STROUDSBURG — The Grace Lutheran Church championship softball team will celebrate its victories in winning both the regular season and tournament play on Sunday afternoon at the home of Mr. and Mrs. Raymond Mery, Crescent St., Stroudsburg.

Families of all players are invited with each to bring a covered dish for inclusion in the picnic supper. Barbeque, hot dogs and beverages will be provided. Swimming is also included.

Landry family holds picnic at Saylorsburg

SAYLORSBURG — The second annual reunion of the Edward and Lucy Burnard Landry family was held on Sunday, Aug. 12, at Paupanoming Grove, Saylorsburg.

A picnic dinner was served to Mr. and Mrs. Charles Landry and Mr. and Mrs. Jack Kern and daughter, Kim of Saylorsburg; Mr. and Mrs. Russell Kline and children, Michael, Michele and Stephanie of Wind Gap; Dr. and Mrs. Eugene Slaski and son, Steven of Bethlehem; Dr. and Mrs. Sherman Uhler of Ambler; Mr. and Mrs. Richard Wentz and children, Richard Robert, Scott, Tambre and Jennifer of Hatboro, Mr. and Mrs. Rudolph Bonser and son, Forrest of Saylorsburg and Mrs. Mable Oney of Snydersville.

War I auxiliary makes donations to two hospitals

EAST STROUDSBURG — The contributions of gifts from Pocono Memorial Barracks World War I and Auxiliary to the carnival held at the Wilkes-Barre Veterans Hospital had a cash value of $155.78, Georgia Albertson, president of the auxiliary reported at their meeting.

The auxiliary voted a donation of $10 to be given to the Coatesville Veterans Hospital in memory of the husband of the past department president. It was announced that Mrs. Albertson has also been appointed as district deputy for the coming year by the state president.

Four delegates were elected to the national convention to be held in Miami, Fla. Mrs. Forrest Graves will attend.

The next meeting will be held at the firehall on Sept. 11.

Third birthday

EFFORT — Brooke Wilson Weiss, son of Mr. and Mrs. George Weiss of Effort celebrated his third birthday on Aug. 18 at a birthday dinner when guests included his grandparents, Mr. and Mrs. Clarence Altemose and Mrs. and Mrs. Stanley Weiss, and his sister and brother, Renee and Trevor.

No meeting

STROUDSBURG — There will be no meeting of the Reindeer Herd No. 12 on their regular meeting date, Aug. 27, since many members will be attending the convention being held at the Yorktown Hotel, York, Aug. 27,28 and 29.

Many hands

Just Between Us—

By Bobby Westbrook

A farewell party for two reporters who are leaving to resume college studies was held after work this week in a dark room, of all places. Actually it marked the grand opening of George Arnold's new studio and dark room and was really very brilliantly lit.

In keeping with the picture theme, Bruce Posten's parting gift was a replica of Fun Guide with his own picture on the front and Gerry Sutherland who has been our champion phone-answerer got a toy phone with his picture on the earpiece.

Which was a lot less disconcerting than the time an office wag filled the earpiece of Gerry's telephone with shaving cream, and everybody sat around waiting for the telephone to ring. Sure enough, he answered it first.

All of this partying followed the fashion show for the Newcomers Club and almost ran into the early morning costume tournament at Glen Brook. Except with the temperature hovering around 50, most of the players gave up the costume idea and came in their goose pimples.

But it was a beautiful day for the final matches with Bert Deihl again proving her championship calibre. But Henri Reaser as runner-up had her moment of triumph. Coming in to the clubhouse from the match, she found her daughter Judy waiting with a bouquet of flowers and a note, "Never mind, we love you win or lose."

Tonia Daley bride of Kenneth Stout

EAST STROUDSBURG — Miss Tonia Daley and Kenneth Stout were married recently at the parsonage of Rev. Harold C. Eaton, East Stroudsburg.

Miss Daley is the daughter of Mr. and Mrs. Walter Daley of East Stroudsburg. The bridegroom is the son of Mr. and Mrs. Clifford D. Stout Sr. of Pocono Lake.

Miss Debbie Decker of King St., East Stroudsburg, was maid of honor. Clifford D. Stout Jr. was his brother's best man.

A reception was held at the Fireman's Hall on Day Street for almost 100 guests. Music was provided by the Pocono Pioneers.

The bride was employed at the General Hospital and at Stroud Manor. The bridegroom is employed at Hughes Printing Co. They are making their home in Pocono Lake.

Trifles sale to benefit hospital expansion fund

LAKE NAOMI — The Trifles and Treasures sale to be held by Naomi Lake residents for the benefit of the General Hospital expansion fund to be held Saturday, Aug. 25 is an outgrowth of the interest in the hospital by residents.

For some the interest grew from being a patient, for others from working as a volunteer. From simple beginnings the benefit has grown with the contribution of friends and neighbors.

The committee will begin setting up the sale at 8 a.m. on Saturday morning and will open for business as soon as possible, although the starting time is officially at noon.

The sale will be held in the Youth Center which is on Route 433 off 940 opposite the Village Shops.

Among the articles already collected are: a pewter bowl, a solid brass bowl, skiis, Lionel train, a portable television, games, andirons, meat slicer, ice crusher, chairs and table, lamps, dolls, and a large selection of bric-a-brac and novelty jewelry.

Further information may be obtained by calling Mrs. Edward T. Rude Sr., 646-3838; Mrs. Scott McCann, 646-3558; Mrs. William Raymo, 646-2462 or Mrs. F. H. Bien, 646-3986.

Several teen age young people will run the bake sale. Many other residents of Lake Naomi and Pocono Pines have contributed both goods and services for the event.

Barrett bridge

CANADENSIS — Resort visitors took over the top spot at this week's Tuesday-night duplicate bridge tournament at the Barrett YMCA won by Rose Friedman and Nancy Lawrence.

Second place went to Daniel G. Kotok and Shelly DeSatnick, with third place going to Bill McKee and Joe Stout.

VIRGO

March 21 to April 20 (Aries) — Planetary influences now give slow-moving projects new momentum, indicate better results than even you may have anticipated. Get going!

April 21 to May 21 (Taurus) — You may overreach your mark now because of anxiety or miscalculation. Try to avoid this by taking things in stride and following routine at an easy ppace.

May 22 to June 21 (Gemini) — Your career ambitions now get a boost - possibly from a Sagittarian associate. Don't be discouraged by some red tape connected with first moves.

June 22 to July 23 (Cancer) — Some jolts possible. Let your sense of proportion and discerning judgment guide you. And don't try to do things alone. If you need help, ask for it!

July 24 to August 24 (Leo) — Personal relationships under excellent aspects. You can now combine business and pleasure to practical advantage.

August 24 to September 23 (Virgo) — Review winning methods of the past. Use again, with added flair, enthusiasm. Some "inside information" will prove extremely useful.

September 24 to October 23 (Libra) — What pleases one may not please another. You may have to juggle a bit to avoid undesirable contention and hassling. Some new offers worthy of note, however.

October 24 to November 22 (Scorpio) — A sharp and, in some areas, unexpected surge of activity. But you will have to keep order and maintain the right tempo to keep pace.

November 23 to December 21 (Sagittarius) — You may find it difficult to get things done in the way you prefer. Also, you may run into unexpected snags. Take all in stride and avoid argument. Things will right themselves.

December 22 to January 20 (Capricorn) — A day for some reevaluation. Dress up an old idea, give an inert interest new life, investigate new avenues to progress. Projects close to your heart can be furthered notably with the right push.

January 21 to February 19 (Aquarius) — Some situations await your incisiveness and knack for managing people at the right moments. You may have to do some persuading, but you are good at this.

February 20 to March 20 (Pisces) — Planetary influences, somewhat adverse, call for about as careful routines as you can muster. Beware of schemers and avoid recklessness.

YOU BORN TODAY are a clear-thinking, level-headed individual; a tower of strength to others and, on your own, can work your way to unbelievable achievements. You are gregarious by nature and make friends easily but sometimes alienate them by being overly critical. Most of the trouble lies in the fact that, being highly idealistic, you expect others to live up to your lofty standards and consider it almost a personal affront when they don't - or can't. Try to curb this trait. You are extremely practical and meticulous in all your undertakings; could especially succeed in the medical or legal fields, in journalism, finance or in a governmental position.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you. 8-24

1. The situation to be feared is that North has the A-10-8-7-x of spades and South the king of clubs. This danger can be skirted by permitting South to win the opening lead with the queen of spades.

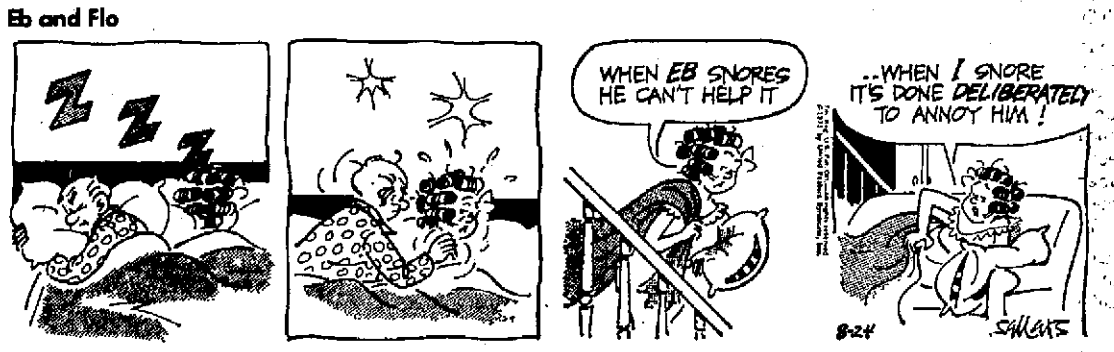

If you duck, you control virtually every possibility. Assume South continues with a spade. Then, if North started with four spades, you won't go down after taking a club finesse — the most you will lose is a club and three spades. If North started with five spades, the duck assures the contract even if South has the king of clubs, for South will have no spade to return after he wins the club.

By ducking you ensure a spade, three hearts, two diamonds and three clubs. This is certainly a more attractive proposition than winning the spade lead and taking an immediate club finesse, or trying to guess the location of the queen of diamonds.

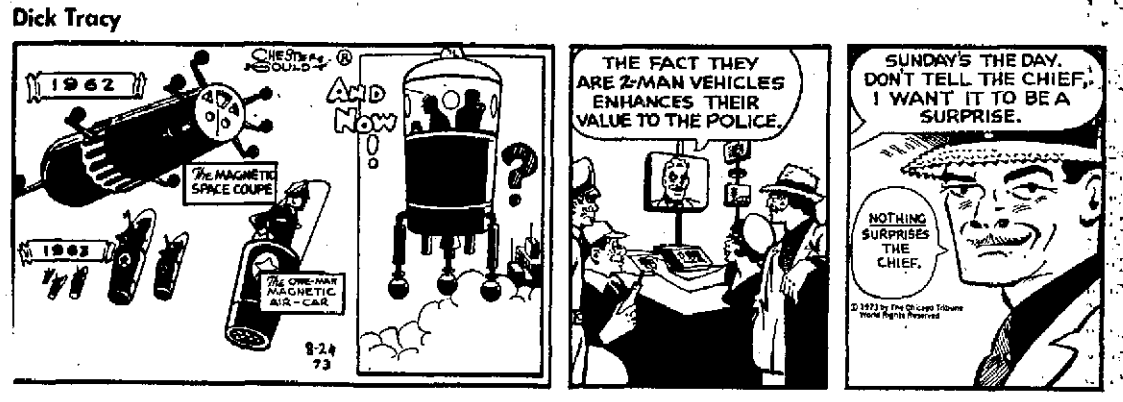

2. Win the spade, draw trumps, then lead a club and follow low from dummy. This method of play makes the contract if the clubs are divided either 3-3 or 4-2 — an 84 per cent chance. The only tricks you lose are a spade and a club.

The alternative method of play, after drawing trumps, is to cash the A-K-Q of clubs in the hope of finding the suit divided 3-3, and, failing that, to try to hold yourself to one heart loser by cashing the ace and leading a heart to the queen. This approach yields about a 68 per cent chance of success, and is consequently not as promising as the recommended line of play.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you. 8-24

VIRGO

March 21 to April 20 (Aries) — Planetary influences now give slow-moving projects new momentum, indicate better results than even you may have anticipated. Get going!

April 21 to May 21 (Taurus) — You may overreach your mark now because of anxiety or miscalculation. Try to avoid this by taking things in stride and following routine at an easy ppace.

May 22 to June 21 (Gemini) — Your career ambitions now get a boost - possibly from a Sagittarian associate. Don't be discouraged by some red tape connected with first moves.

June 22 to July 23 (Cancer) — Some jolts possible. Let your sense of proportion and discorning judgment guide you. And don't try to do things alone. If you need help, ask for it!

July 24 to August 24 (Leo) — Personal relationships under excellent aspects. You can now combine business and pleasure to practical advantage.

August 24 to September 23 (Virgo) — Review winning methods of the past. Use again, with added flair, enthusiasm. Some "inside information" will prove extremely useful.

September 24 to October 23 (Libra) — What pleases one may not please another. You may have to juggle a bit to avoid undesirable contention and hassling. Some new offers worthy of note, however.

October 24 to November 22 (Scorpio) — A sharp and, in some areas, unexpected surge of activity. But you will have to keep order and maintain the right tempo to keep pace.

November 23 to December 21 (Sagittarius) — You may find it difficult to get things done in the way you prefer. Also, you may run into unexpected snags. Take all in stride and avoid argument. Things will right themselves.

December 22 to January 20 (Capricorn) — A day for some reevaluation. Dress up an old idea, give an inert interest new life, investigate new avenues to progress. Projects close to your heart can be furthered notably with the right push.

January 21 to February 19 (Aquarius) — Some situations await your incisiveness and knack for managing people at the right moments. You may have to do some persuading, but you are good at this.

February 20 to March 20 (Pisces) — Planetary influences, somewhat adverse, call for about as careful routines as you can muster. Beware of schemers and avoid recklessness.

YOU BORN TODAY are a clear-thinking, level-headed individual; a tower of strength to others and, on your own, can work your way to unbelievable achievements. You are gregarious by nature and make friends easily but sometimes alienate them by being overly critical. Most of the trouble lies in the fact that, being highly idealistic, you expect others to live up to your lofty standards and consider it almost a personal affront when they don't - or can't. Try to curb this trait. You are extremely practical and meticulous in all your undertakings; could especially succeed in the medical or legal fields, in journalism, finance or in a governmental position.

P.V. school opens for all grades Sept. 5

BRODHEADSVILLE — The Pleasant Valley School District will open to students in grades kindergarten through 12 on Wednesday, Sept. 5.

Pleasant Valley High School will be in session during the 1973-74 school year from 7:43 a.m. to 2:34 p.m.

The district's three elementary schools, Chestnuthill School in Brodheadsville, Eldred School in Kunkletown, and Polk School in Kresgeville, will be in session from 8:45 a.m. to 3:35 p.m.

The district has made a one-hour difference in its elementary and secondary schedules because all 15 of its buses will be used for double runs — one for elementary students and one for high school students.

In addition, there will be four mid-day bus runs for kindergarten sessions at the Chestnuthill and Eldred Schools.

MOUNTAINHOME — Onowana Lodge, Mountainhome, will be the site of a Freshman Camp for Lehigh University this year.

As part of its Freshman Life Program, which includes a comprehensive schedule of orientation activities and specially designed seminars, Lehigh University initiated the camp idea.

Camp will be a two-day experience on each of three separate occasions. The three weekends of the camp will be held on Aug. 31 - Sept. 1; Sept. 7 to Sept. 9; and Sept. 14 to Sept. 16.

The idea of a Freshman Camp focuses on three primary objectives. It has been designed to aid some of the 1,030 members of the incoming freshman class in their orientation to a new academic community.

It is also designed to help the newest members of the college community to become acquainted with some of their fellow classmates and faculty. The camp will, additionally provide an opportunity for students to verbalize and deal with their concerns.

According to Dean Ruth A. Hurley, associate dean of student life, who originated the concept of a freshman camp, "This is an attempt to break down some of the psychological and social barriers with students in a new environment trend to set up for themselves."

She also emphasized that the program will have a personal focus and is designed to provide students with a "positive first year experience."

The program will be divided into two parts — a structured program designed to bring about an awareness of the objectives, and an informal program centered around faculty.

Freshmen participating in the camp will be selected on a first-come, first-served register. Approximately 100 freshmen will be enrolled for each of the three camp weekends.

Health board to take tour

EAST STROUDSBURG — The East Stroudsburg Board of Health has announced its intention to tour the borough to observe certain health conditions.

Board members lauded the borough police department for its efforts in helping to reduce reports of high weeds and grass and junk cars.

The board members stressed they are satisfied with overall conditions in the borough, but felt the tour was obligatory as part of their duties.

No date and time have been set for the tour.

In another matter, the board reported it has received four reports of unsanitary conditions during the month, resulting in three being abated and the remaining case pending.

Eleven eating and drinking places were spot-checked by board representatives; all were found in order.

One license to operate an eating and drinking place was issued during the month upon inspection of the facilities.

The board reported five bake sale permits were issued in August, and 36 health certificates were collected.

Five dead animals were removed from borough streets during the month.

WHAT IS
PERSONAL COUNSELING?

Do you feel that you have some kind of problem that you would like to talk over with someone other than a member of your family, or a friend, or even a clergyman? Then perhaps you need the assistance of a personal counselor.

Personal counseling is concerned with you as a person. It does not approach you as being emotionally sick. If the counselor should discover that maybe some professional psychiatric treatment would be beneficial to you, then the counselor will acquaint you with this fact.

You do not come to the counselor as a patient, but rather as a normal human being who may have some kind of problem that is causing you to be unhappy, or making life unpleasant for you.

Problems are a part of everyday living. Some of our problems we have created ourselves, others are caused by other people in our lives. All of us need at times to seek advice and counsel in order to cope with our problems no matter what our age, education, or profession.

First, we must admit that there is a problem.

Secondly, that we do need advice from someone who can be totally objective, such as the counselor.

Thirdly, we must want to seek the help we need.

To grant such help is the role of the personal counselor.

Those who do not admit to their problems become a problem to others. It is also the role of the counselor to assist you in your relationship with such an individual.

Some problems are so because the cause of the problem is not recognized; some problems are small in themselves but through the years have grown out of proportion; some problems can be eliminated once an evaluation is made through the assistance of the counselor, and, a proper course of action is followed. And when it is the case of a problem that cannot presently be solved due to circumstances in your life, the counselor can help you know how to cope with this problem in realistic acceptance.

Knowing how to cope with a problem can strengthen one's character and spirit, and thus be turned to the advantage of the individual in becoming more fully a person of maturity and integrity.

The individual who admits to having a problem, or desires to face up to a problem by talking it over with an objective listener, is a normal, honest, human being. There is nothing to be ashamed of, or any reason to feel abnormal. The abnormal are those who think they have no problems and are a source of unhappiness to others.

Because we are human, all of us have at times a problem that we cannot deal with ourselves but need the assistance of one who is objective and knowledgeable. To grant such assistance is the role of the personal counselor.

Parking permits available

STROUDSBURG — Students who must drive to Stroudsburg High School are urged to apply for their parking permits before the school year begins in order to help relieve some of the confusion that usually accompanies the first days of school.

The application form may be picked up at the high school office any weekday from 8:10 a.m. to 4 p.m. The completed application form, properly signed by parents, must be returned to Mrs. Metzgar at the high school office.

Senior parking priviledges will be available under the same policy as last year.

Husband-wife team included

ESSC appoints five new instructors

EAST STROUDSBURG — East Stroudsburg State College has announced the naming of five professional teaching personnel to positions in four departments, including a husband-wife team to the staff of the sociology-anthropology department.

Named to the sociology-anthropology staff were Marjorie H. and James H. Young, named assistant professor and instructor, respectively. They will teach on a half-time basis in that department.

Mrs. Young has served as a social worker with the Jersey City Medical Center, where she coordinated social services for the clinics of neurology, cardiology, hematology and pulmonary.

She has also served with the East Orange Head Start Program as a social worker and as a social worker with the Muscular Dystrophy Association of New York City and the International Rescue Committee, also of New York.

Young, received the Master of Arts degree in sociology from Montclair State College and the Bachelor of Arts degree from Dartmouth College. He has done additional graduate study at the University of Nevada and at the New School for Social Research in New York.

Sandra G. Rosso, presently serving with the Nisonger Center in Columbus, Ohio, has been named an assistant professor of speech pathology and audiology. She formerly served as a research assistant in the department of speech communication at Ohio State University.

Cathy A. Small, presently a candidate for the Master of Science degree in physical education at the college, has been named an instructor of physical education. She will replace Betty Lou Murphy, who will be on sabatical, from September 1 to May 31, 1974.

As part of her duties at the college, she will teach "Introduction to Physical Education" and "Psycho-Social Aspects of Physical Activity." She received the Bachelor of Science degree from the University of Massachusetts at Amherst.

Mark E. Kruger has been named an assistant professor of education and supervisor of student teaching personnel at the elementary and secondary levels in the field of special education.

He has served as a special education teacher in the St. Albans, Vermont Elementary School, as an instructor at Castleton State College, Vermont and as a special education teacher for the state of Vermont at Montpelier.

He is presently attending Columbia University, where he has been studying in the area of special education.

WHAT IS PERSONAL COUNSELING?

Do you feel that you have some kind of problem that you would like to talk over with someone other than a member of your family, or a friend, or even a clergyman? Then perhaps you need the assistance of a personal counselor.

Personal counseling is concerned with you as a person. It does not approach you as being emotionally sick. If the counselor should discover that maybe some professional psychiatric treatment would be beneficial to you, then the counselor will acquaint you with this fact.

You do not come to the counselor as a patient, but rather as a normal human being who may have some kind of problem that is causing you to be unhappy, or making life unpleasant for you.

Problems are a part of everyday living. Some of our problems we have created ourselves, others are caused by other people in our lives. All of us need at times to seek advice and counsel in order to cope with our problems no matter what our age, education, or profession.

First, we must admit that there is a problem.

Secondly, that we do need advice from someone who can be totally objective, such as the counselor.

Thirdly, we must want to seek the help we need.

To grant such help is the role of the personal counselor.

Those who do not admit to their problems become a problem to others. It is also the role of the counselor to assist you in your relationship with such an individual.

Some problems are so because the cause of the problem is not recognized; some problems are small in themselves but through the years have grown out of proportion; some problems can be eliminated once an evaluation is made through the assistance of the counselor, and, a proper course of action is followed. And when it is the case of a problem that cannot presently be solved due to circumstances in your life, the counselor can help you know how to cope with this problem in realistic acceptance.

Knowing how to cope with a problem can strengthen one's character and spirit, and thus be turned to the advantage of the individual in becoming more fully a person of maturity and integrity.

The individual who admits to having a problem, or desires to face up to a problem by talking it over with an objective listener, is a normal, honest, human being. There is nothing to be ashamed of, or any reason to feel abnormal. The abnormal are those who think they have no problems and are a source of unhappiness to others.

Because we are human, all of us have at times a problem that we cannot deal with ourselves but need the assistance of one who is objective and knowledgeable. To grant such assistance is the role of the personal counselor.

Near disaster

Wayne Mosteller, 23 Garden St., Stroudsburg was treated for minor leg burns at the General Hospital of Monroe County Thursday when his tractor-trailer caught fire at the BP Service Station on West Main Street. The fire caused $3,300 damage to the rig and $1,500 to Lester Warner's station. Stroudsburg Fire Chief Tom Philips said the rig could have exploded if the gas cap would have been on.

Milford man found guilty of federal kidnap charge

ROANOKE, Va. — A Milford man faces sentencing next Wednesday following his conviction of a federal kidnaping charge in the abduction-slaying of a service station attendent.

James Ellsworth Jones, 39, of 221 E. George St., was convicted Wednesday by a jury that took only 25 minutes to render its guilty verdict in U.S. District Court.

Jones was charged in the July 25, 1972 abduction-slaying of 18-year-old Leland Davenport from a service station on Interstate 81 south of Staunton, Va.

He was apprehended in Milford on Aug. 5, 1972 by Trooper Michael Chaplin. Chaplin said he found Jones in a tree while investigating a prowler report.

Following the guilty verdict from the jury, defense counsel requested for another poll. The jury upheld its original decision.

"I don't see how you could have rendered any other verdict," said Judge James C. Turk to the jury.

He then set sentencing for 10 a.m. Wednesday Aug. 29, after overruling a defense motion to set aside the verdict. The defense claimed the verdict was based on hearsay evidence.

Davenport disappeared from the service station during the early morning hours, with his body being found later in Martinsburg, W. Va., off of I-81.

Jones still faces charges of abduction in both states, plus a murder charge in West Virginia.

The murder weapon used in the killing was testified to be a gun Jones had in his possession when apprehended in Mildord.

Jones claimed he saw the gun for the first time when it was introduced into evidence.

When he testified in his own behalf, Jones said he could not remember anything about the crime and called it "a sad thing."

He said he couldn't remember where he was born, nor his birthdate until a lawyer told him what it was.

He replied "I don't know" or "I don't recall" to questions asked during an intensive 45 minute cross-examination.

Jones was shown various items introduced as evidence, including a shirt supposedly worn by Davenport when he was abducted and killed. He said he didn't recognize any of the items, saying he had never seen them until they were exhibited at the trial.

When asked if he had ever really lost control of himself, he replied, "I don't remember."

During final arguments and jury deliberation, Jones remained quiet and showed no emotion.

Grand jury to hear murder case

Stabbing witnesses testify

By GARY BARANIK
Pocono Record Reporter

NAZARETH — Two persons testified at a preliminary hearing Thursday they saw Michael F. Maloney, 21, Pen Argyl, stab to death Guy M. Weaver, 21, Bethlehem, at an East Bangor firemen's carnival Aug. 8.

Maloney of 102 Nottle Ave., Pen Argyl, is charged by the state police at Easton with killing Weaver, of 2622 Lafayette Ave., Bethlehem, at the Blaine Reimel Memorial Park during a fight over a hat.

District Magistrate Elmo Frey said, "The Commonwealth has proved there is sufficient evidence for a prima facie case against Maloney" after hearing testimony from Marwood Hill, 115 Blaine St., East Bangor, and Harold LaForm, 944 Walters St., Bethlehem.

The defendent was re-committed to the Northampton County Jail in lieu of $50,000 bail to await grand jury action.

Hill, an East Bangor volunteer fireman, said, "I saw Maloney pull a knife, make a thrust and put it back in his pocket."

The fireman said an announcement was made over the carnival's loudspeaker calling for assistance near one of the rides.

Hill, a Metropolitan Edison employe, grabbed a 18-inch machine bolt from an electrical shack and arrived at a fight scene near one of the rides to see the alleged stabbing.

He said Maloney ran from the scene and Hill gave chase, finding the defendent hiding under a parked car in a parking area about 75-100 yards from the carnival.

The fireman held Maloney until East Bangor Police Chief Delmore Smith arrived. Smith frisked Maloney but let him go.

Hill said he returned to the carnival and told Ptl. Charles Hicks of the Pen Argyl police and Ptl. Larry Sabatine of the Lower Mount Bethel police what had occurred.

The officers searched under the car and Hicks picked up the alleged murder weapon — a three-inch gravity knife.

During Hill's testimony, Maloney appeared pensive and attentive sitting with his Attorneys Ronald Shipman of Pen Argyl and Joel Ziev of Easton.

Maloney's facial expression never changed as he sat taking notes.

Other testimony was received from LaForm, 20, a friend of the victim, who said he was standing next to Weaver when Maloney came up to Weaver and stabbed him for no apparent reason.

LaForm said Maloney then turned around and sprayed mace into LaForm's face.

The 20-year-old witness was adamant in his denial that Weaver provoked Maloney when questioned by Atty. Shipman.

LaForm said he, Weaver and three of his friends from a Bethlehem motorcycle gang called the "Gypsies" had come to the carnival together in a van.

He said Maloney came up to Weaver and one of his friends soon after they arrived and said he wanted to join the gang. LaForm said Maloney was "bragging how he stabbed someone before" when he showed his gravity knife to the gang members.

LaForm said he and two of his friends were standing near a ride when two of Maloney's friends started a fight with Chester Miller accusing him of stealing a hat.

While the men were fighting on the ground, Maloney came over and stabbed Weaver, who was standing near the fight scene, according to LaForm.

600 claim new mall necessary

BLAKESLEE — Faced with another delay in the construction of the Blakeslee Village Mall, developers Gordon and Irv Saul of Quakertown circulated a petition in the Pocono Lake, Blakeslee and White Haven areas last week.

Over 600 people have indicated the need for the proposed $2.5 million shopping complex by signing the petition.

The document has been forwarded to Lawrence Alexander of Norristown, attorney for the developers. Alexander will submit it to the Department of Environmental Resources to show the social and economical feasibility of the mall.

Developers had anticipated the first phase — covering 60,000 square feet — to be completed by late fall of this year.

The complex, to be built in three phases on an 18 acre site at Rtes. 940 and 115 in Tobyhanna Township, received the township's planning commission and supervisors' approval in March.

The opinion of township officials is that the concept of the layout is excellent. The developers, according to officials, have complied in all aspects with township ordinances.

The employment and tax factor was taken into consideration by officials. The complex would offer approximately 40 to 50 fulltime jobs. Based on construction cost, an assessed ratio of 25 per cent in taxes would generate $12,800 into the township yearly.

Long-term lease

The Saul Brothers have a long term lease on the 18-acre site which was formerly owned by Sincavage Lumber Co.

Irving Lassoff of Philadelphia, managing agent for the property, said initial plans were rejected by DER and a second set submitted have not received approval. He has been to Harrisburg requesting approval three times.

An on-site treatment plant was included, with a sprinkler system incorporated. If this isn't approved they will go for holding tanks and pump them out weekly.

The neighboring township of Kidder (Carbon County) expects it's sewage disposal system to become a reality in 1976 and have approved including the proposed mall in this project.

The First National Bank of Eastern Pennsylvania has committed itself for a 20-year pact with the developers.

Other leases are from an undisclosed major food company, a drug store from Jim Thorpe, Army-Navy Store, bar and restaurant, laundromat and dry-cleaners, hardware and household store and a state liquor store.

Restaurant talks

Negotiations are being made with Triple A Restaurants, International House of Pancakes, Perkin's Pancakes and an undisclosed large department store. A post office may also move to the center. Offices will also be available for rent.

As other phases of the complex are completed, developers anticipate a medical facility and doctor's office and possibly a movie theater.

Developers are hopeful ground breaking will take place in the near future. Once this takes place, the first phase of the mall should be completed in five to six months.

Area liquid waste haulers threaten to resume strike

By STEVE DRACHLER
Pocono Record Reporter

STROUDSBURG — Liquid waste haulers, back to work for a week, may strike again.

Haulers Thursday said they would stop work next Tuesday unless more dumping sites are approved by the Department of Environmental Resources.

Haulers agreed the one site they now all use, off of Rte. 196 in Coolbaugh Township, is wholly inadequate for their needs.

"It's bad enough now when we dump down there now," said hauler Harold Smith. "But the first time it rains for a couple of days — look out. We'll never get in there with our trucks."

Smith also said rainfall would eventually force pollutants into a creek about a quarter of a mile away.

William Halterman, a hauler who acts as group spokesman, blasted Coolbaugh Township Supervisors' Chairman James Cadue for remarks Cadue made about haulers' on Wednesday.

Halterman said Cadue is wrong in saying haulers should plow the 30-acre field where they dump the sewage pumped from septic and holding tanks.

"We can't plow the ground there," Halterman said. "The DER told us we have to disc it into the ground."

Halterman said very little dumping will be done on the Mt. Airy Lodge owned field once haulers have a decision on the seven other sites for which they seek approval.

Herman Martens, owner of Mt. Airy Lodge, said he has a temporary permit for use of the land from DER.

Martens said the permanent permit from DER will take between three and six months to obtain.

Halterman said haulers were not pleased with the performance of Monroe County Commissioners after they agreed to end the strike and work with DER.

"The commissioners think we're pacified now," Halterman said. "We're not."

"They should check with DER every day to find out the progress of our applications, because if we have to dump up there much longer something is going to happen."

"We'll just have to go out on strike again if they won't help us. So if we don't get action from the DER and commissioners by next Tuesday (Aug. 28) we will be out again."

Halterman said he handed permit applications to Rep. Raphael Musto (R-118) on Monday and hasn't heard anything from anyone yet.

Whatever happens now, haulers agree they are being caught in the middle of a state drive to force a regional sewage treatment system on the county. It's only hurting the residents, they say.

Building of school blocked

BRODHEADSVILLE — Difficulties in planning a sewage system for the Pleasant Valley School District's new elementary school building have caused a tie-up in state approval of the construction plans.

The board learned Thursday night a sub-surface sewage system, which would include a septic tank and tile field, is unacceptable because the new school's water flow would exceed the maximum for underground system.

An alternate system could be built by the school board, but would involve costly rights-of-way permission from nearby landowners where the system would run.

Another possible solution to the problem would be a future tie-in to a central sewage plan. At present, no such central hook-up exists, but Chestnuthill Township is currently conducting a feasibility study for such a project.

The board's understanding, following a visit to Harrisburg earlier this month by high school principal John Nye and architects Barry Trethewey and Lester Stein, is if the township supervisors would become engaged in some type of sewage program with the plans for a future central sewage hook-up, the board could get interim approval for a sub-surface sewage system from the Department of Environmental Resources.

Lawmaker claims need for death penalty in Pa.

STROUDSBURG — "There is no question the people of the Commonwealth want the death penalty returned to the law books," said State Representative George W. Gekas to the Stroudsburg Rotary Club Thursday.

Gekas, who was one of the chief sponsors of the capital punishment bill passed by the House of Representatives, said the spectre of the death penalty in itself is a deterrent to major crimes.

"The death penalty is a law enforcement tool," said the former assistant district attorney from Dauphin County.

"We are trying to stop crime, but until we reach that utopia, it's the only help we can have in this dog-eat-dog world."

The U.S. Supreme Court struck down all existing capital punishment laws because they could be discriminating, he said.

"A poor black from Philadelphia would be more inclined to be executed for murder than a white man from Erie," Gekas said.

"To develop a non-discriminatory application of the bill is very difficult," said the chairman of the House Law and Justice committee.

"But we need it. It acts as a deterrent to serious crime."

Gekas, a Republican, said he did not agree with the findings of the Governor's Study Commission released earlier this week. The commission rejected the death penalty.

"I predicted they would to that," explained the Harrisburg area's representative. "But by the passage in the House, we proved the people want it returned. There were only 20 votes cast against the bill."

"We must consider the commission's study as a philosophical debate which flies in the face of reality and avoids the need for the deterrent to serious crime," he said.

Gekas told Rotarians he polled his constituents in 1970 with 70 per cent saying they favored capital punishment.

The issue-oriented representative said the bill being considered now by the state Senate would provide the death penalty for cases where premeditation was proved.

The issue really came to a head after the Holmesburg prison killings earlier this year, Gekas said, but the committee writing the law was not reacting to the murders.

"We had been anticipating such things happening," Gekas said. "That's why we wanted it so convicted murderers who kill while in prison would face death."

Gekas said it would be years before anyone could be executed in the state, because the law, if adopted, would have to run a gamut of test court cases, probably right up to the Supreme Court.

N.Y. man drowns in Pike

LACKAWAXEN — A Valley Stream, N.Y., man drowned Thursday while canoeing on Lake Teedyuskung in Lackawaxen Township, western Pike County.

The victim was identified by state police at Milford as John W. Gagstetter, 56.

Police said the victim was canoeing alone Thursday morning near the Woodloch Pines Resort when his canoe capsized. He was about 100 feet from the shore when the mishap occured.

Gagstetter hung onto the canoe but went under when he tried to reach a life preserver about 10 - 15 feet from the canoe.

The victim's body was recovered by scuba divers from the Milford Fire Department and the Narrowsburg, N.Y., Fire Co. They were hampered by muddy water at the bottom of the lake.

Pike County Coroner James Crellin pronounced Gagstetter dead at the scene at 12:25 p.m.

Hospital coverage reduced for area MHMR patients

STROUDSBURG — Patients admitted to hospitals for treatment under the Tri-County Mental Health Mental Retardation program will receive payments for only 20 days inpatient service and 30 days partial hospitalization service.

The MHMR Advisory Board voted Thursday to reduce the number of days covered by the program from 30 inpatient and 60 partial hospitalization days to the 20-30 ratio.

Further, the board created a finance committee to advise MHMR administrators on dispersal of treatment funds among the two hospitals and two training centers providing MHMR services.

Both moves were prompted by tight budget considerations.

Administrator Thomas E. Foley told board members that hospitals, although not specifically authorized to do so, had racked up $57,000 of MHMR expenses patient over the year's budgeted funds.

In other words, when treatment considerations dictated longer stays than MHMR could pay for, hospitals kept patients anyway. Then, they either billed patients or absorbed costs.

Foley said this is the second year in a row that such a deficit has been incurred.

The expenses, Foley said, would have been eligible for MHMR payment under regulations if the tri-county program had had the money available.

Members of the advisory board proposed the cut in payment days in hopes that attending doctors would speed diagnosis and turn patients back to MHMR's outpatient program which is an unlimited.

Foley pointed out that the inpatient time was allotted for diagnosis. "MHMR guidelines specify the time is for acute psychiatric, short-term services," Foley said.

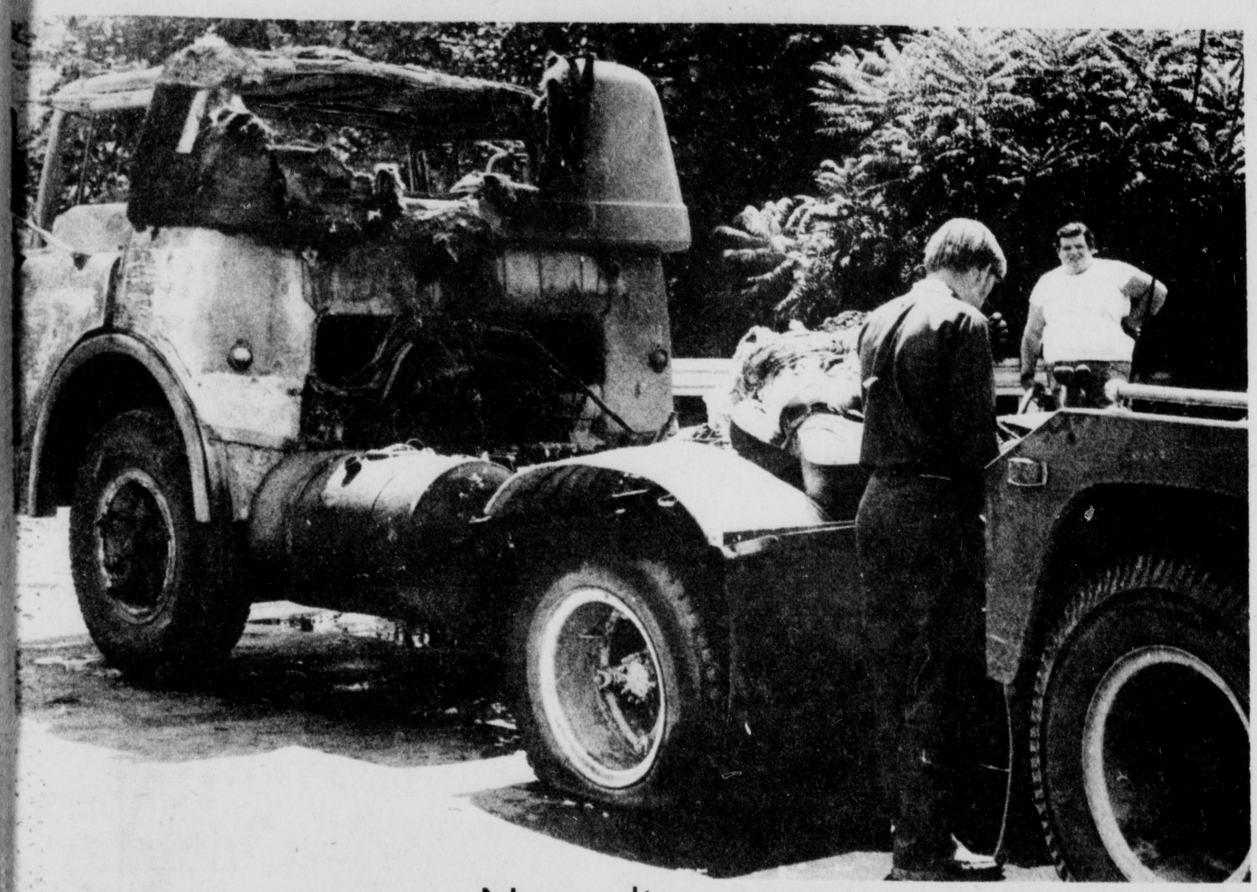

In essence, during that time, the doctor should decide whether the patient should be committed to Allentown or can be treated under MHMR parameters. The average stay for an MHMR patient at the General Hospital at Monroe County is 16 days; at Gnadden Huetten, 38 days.

The advisory board also asked that the program inform patients when MHMR coverage runs out, even if a doctor says a patient needs more treatment than the program can pay for.

Foley said he assumed notification was given by the hospital concerned. "I think since we're responsible for some of the funding," Vernon Barlieb of Carbon County said, "we should at least notify the person responsible for the patient of the program's limitations."

In another budget move, the board requested that administrators investigate purchasing drugs used for MHMR clients wholesale or through a hospital.

The board estimated that at least 50 per cent of the drug allocation — $20,000 in 1972-73 — could be saved under such a purchase arrangement. Presently, prescriptions are filled at local pharmacies for reduced rates.

Irving Lassoff of Philadelphia, managing agent for the property, said initial plans were rejected by DER and a second set submitted have not received approval. He has been to Harrisburg requesting approval three times.

An on-site treatment plant was included, with a sprinkler system incorporated. If this isn't approved they will go for holding tanks and pump them out weekly.

The neighboring township of Kidder (Carbon County) expects it's sewage disposal system to become a reality in 1976 and have approved including the proposed mall in this project.

The First National Bank of Eastern Pennsylvania has committed itself for a 20-year pact with the developers.

Other leases are from an undisclosed major food company, a drug store from Jim Thorpe, Army-Navy Store, bar and restaurant, laundromat and dry-cleaners, hardware and household store and a state liquor store.

Restaurant talks

Negotiations are being made with Triple A Restaurants, International House of Pancakes, Perkin's Pancakes and an undisclosed large department store. A post office may also move to the center. Offices will also be available for rent.

As other phases of the complex are completed, developers anticipate a medical facility and doctor's office and possibly a movie theater.

Developers are hopeful ground breaking will take place in the near future. Once this takes place, the first phase of the mall should be completed in five to six months.

Area liquid waste haulers threaten to resume strike

By STEVE DRACHLER
Pocono Record Reporter

STROUDSBURG — Liquid waste haulers, back to work for a week, may strike again.

Haulers Thursday said they would stop work next Tuesday unless more dumping sites are approved by the Department of Environmental Resources.

Haulers agreed the one site they now all use, off of Rte. 196 in Coolbaugh Township, is wholly inadequate for their needs.

"It's bad enough now when we dump down there now," said hauler Harold Smith. "But the first time it rains for a couple of days — look out. We'll never get in there with our trucks."

Smith also said rainfall would eventually force pollutants into a creek about a quarter of a mile away.

William Halterman, a hauler who acts as group spokesman, blasted Coolbaugh Township Supervisors' Chairman James Cadue for remarks Cadue made about haulers' on Wednesday.

Halterman said Cadue is wrong in saying haulers should plow the 30-acre field where they dump the sewage pumped from septic and holding tanks.

"We can't plow the ground there," Halterman said. "The DER told us we have to disc it into the ground."

Halterman said very little dumping will be done on the Mt. Airy Lodge owned field once haulers have a decision on the seven other sites for which they seek approval.

Herman Martens, owner of Mt. Airy Lodge, said he has a temporary permit for use of the land from DER.

Martens said the permanent permit from DER will take between three and six months to obtain.

Halterman said haulers were not pleased with the performance of Monroe County Commissioners after they agreed to end the strike and work with DER.

"The commissioners think we're pacified now," Halterman said. "We're not."

"They should check with DER every day to find out the progress of our applications, because if we have to dump up there much longer something is going to happen."

"We'll just have to go out on strike again if they won't help us. So if we don't get action from the DER and commissioners by next Tuesday (Aug. 28) we will be out again."

Halterman said he handed permit applications to Rep. Raphael Musto (R-118) on Monday and hasn't heard anything from anyone yet.

Whatever happens now, haulers agree they are being caught in the middle of a state drive to force a regional sewage treatment system on the county. It's only hurting the residents, they say.

Grand jury to hear murder case

Stabbing witnesses testify

By GARY BARANIK
Pocono Record Reporter

NAZARETH — Two persons testified at a preliminary hearing Thursday they saw Michael F. Maloney, 21, Pen Argyl, stab to death Guy M. Weaver, 21, Bethlehem, at an East Bangor firemen's carnival Aug. 8.

Maloney of 102 Nottle Ave., Pen Argyl, is charged by the state police at Easton with killing Weaver, of 2622 Lafayette Ave., Bethlehem, at the Blaine Reimel Memorial Park during a fight over a hat.

District Magistrate Elmo Frey said, "The Commonwealth has proved there is sufficient evidence for a prima facie case against Maloney" after hearing testimony from Marwood Hill, 115 Blaine St., East Bangor, and Harold LaForm, 944 Walters St., Bethlehem.

The defendent was re-committed to the Northampton County Jail in lieu of $50,000 bail to await grand jury action.

Hill, an East Bangor volunteer fireman, said, "I saw Maloney pull a knife, make a thrust and put it back in his pocket."

The fireman said an announcement was made over the carnival's loudspeaker calling for assistance near one of the rides.

Hill, a Metropolitan Edison employe, grabbed a 18-inch machine bolt from an electrical shack and arrived at a fight scene near one of the rides to see the alleged stabbing.

He said Maloney ran from the scene and Hill gave chase, finding the defendent hiding under a parked car in a parking area about 75-100 yards from the carnival.

The fireman held Maloney until East Bangor Police Chief Delmore Smith arrived. Smith frisked Maloney but let him go.

Hill said he returned to the carnival and told Ptl. Charles Hicks of the Pen Argyl police and Ptl. Larry Sabatine of the Lower Mount Bethel police what had occurred.

The officers searched under the car and Hicks picked up the alleged murder weapon — a three-inch gravity knife.

During Hill's testimony, Maloney appeared pensive and attentive sitting with his Attorneys Ronald Shipman of Pen Argyl and Joel Ziev of Easton.

Maloney's facial expression never changed as he sat taking notes.

Other testimony was received from LaForm, 20, a friend of the victim, who said he was standing next to Weaver when Maloney came up to Weaver and stabbed him for no apparent reason.

LaForm said Maloney then turned around and sprayed mace into LaForm's face.

The 20-year-old witness was adamant in his denial that Weaver provoked Maloney when questioned by Atty. Shipman.

LaForm said he, Weaver and three of his friends from a Bethlehem motorcycle gang called the "Gypsies" had come to the carnival together in a van.

He said Maloney came up to Weaver and one of his friends soon after they arrived and said he wanted to join the gang. LaForm said Maloney was "bragging how he stabbed someone before" when he showed his gravity knife to the gang members.

LaForm said he and two of his friends were standing near a ride when two of Maloney's friends started a fight with Chester Miller accusing him of stealing a hat.

While the men were fighting on the ground, Maloney came over and stabbed Weaver, who was standing near the fight scene, according to LaForm.

Music festival

Steve Walston, left, Dan Gelber, and Nancy Hildrith polish their musical talents in preparation for the annual East Stroudsburg High School band festival. Building of school blocked

BRODHEADSVILLE — Difficulties in planning a sewage system for the Pleasant Valley School District's new elementary school building have caused a tie-up in state approval of the construction plans.

The board learned Thursday night a sub-surface sewage system, which would include a septic tank and tile field, is unacceptable because the new school's water flow would exceed the maximum for underground system.

An alternate system could be built by the school board, but would involve costly rights-of-way permission from nearby landowners where the system would run.

Another possible solution to the problem would be a future tie-in to a central sewage plan. At present, no such central hook-up exists, but Chestnuthill Township is currently conducting a feasibility study for such a project.

The board's understanding, following a visit to Harrisburg earlier this month by high school principal John Nye and architects Barry Tretheway and Lester Stein, is if the township supervisors would become engaged in some type of sewage program with the plans for a future central sewage hook-up, the board could get interim approval for a sub-surface sewage system from the Department of Environmental Resources.

Lawmaker claims need for death penalty in Pa.

STROUDSBURG — "There is no question the people of the Commonwealth want the death penalty returned to the law books," said State Representative George W. Gekas to the Stroudsburg Rotary Club Thursday.

Gekas, who was one of the chief sponsors of the capital punishment bill passed by the House of Representatives, said the spectre of the death penalty in itself is a deterrent to major crimes.

"The death penalty is a law enforcement tool," said the former assistant district attorney from Dauphin County.

"We are trying to stop crime, but until we reach that utopia, it's the only help we can have in this dog-eat-dog world."

The U.S. Supreme Court struck down all existing capital punishment laws because they could be discriminating, he said.

"A poor black from Philadelphia would be more inclined to be executed for murder than a white man from Erie," Gekas said.

"To develop a non-discriminatory application of the bill is very difficult," said the chairman of the House Law and Justice committee.

"But we need it. It acts as a deterrent to serious crime."

Gekas, a Republican, said he did not agree with the findings of the Governor's Study Commission released earlier this week. The commission rejected the death penalty.

"I predicted they would to that," explained the Harrisburg area's representative. "But by the passage in the House, we proved the people want it returned. There were only 20 votes cast against the bill."

"We must consider the commission's study as a philosophical debate which flies in the face of reality and avoids the need for the deterrent to serious crime," he said.

Gekas told Rotarians he polled his constituents in 1970 with 70 per cent saying they favored capital punishment.

The issue-oriented representative said the bill being considered now by the state Senate would provide the death penalty for cases where premeditation was proved.

The issue really came to a head after the Holmesburg prison killings earlier this year, Gekas said, but the committee writing the law was not reacting to the murders.

"We had been anticipating such things happening," Gekas said. "That's why we wanted it so convicted murderers who kill while in prison would face death."

Gekas said it would be years before anyone could be executed in the state, because the law, if adopted, would have to run a gamut of test court cases, probably right up to the Supreme Court.

EAST STROUDSBURG— Social Security checks for August will be delivered on Sept. 1 this year, which is "unusually early," according to Ray J. Little, Social Security manager in East Stroudsburg.

N.Y. man drowns in Pike

LACKAWAXEN — A Valley Stream, N.Y., man drowned Thursday while canoeing on Lake Teedyuskung in Lackawaxen Township, western Pike County.

The victim was identified by state police at Milford as John W. Gagstetter, 56.

Police said the victim was canoeing alone Thursday morning near the Woodloch Pines Resort when his canoe capsized. He was about 100 feet from the shore when the mishap occured.

Gagstetter hung onto the canoe but went under when he tried to reach a life preserver about 10 - 15 feet from the canoe.

The victim's body was recovered by scuba divers from the Milford Fire Department and the Narrowsburg, N.Y., Fire Co. They were hampered by muddy water at the bottom of the lake.

Pike County Coroner James Crellin pronounced Gagstetter dead at the scene at 12:25 p.m.

Hospital coverage reduced for area MHMR patients

STROUDSBURG — Patients admitted to hospitals for treatment under the Tri-County Mental Health Mental Retardation program will receive payments for only 20 days inpatient service and 30 days partial hospitalization service.

The MHMR Advisory Board voted Thursday to reduce the number of days covered by the program from 30 inpatient and 60 partial hospitalization days to the 20-30 ratio.

Further, the board created a finance committee to advise MHMR administrators on dispersal of treatment funds among the two hospitals and two training centers providing MHMR services.

Both moves were prompted by tight budget considerations.

Administrator Thomas E. Foley told board members that hospitals, although not specifically authorized to do so, had racked up $57,000 of MHMR expenses patient over the year's budgeted funds.

In other words, when treatment considerations dictated longer stays than MHMR could pay for, hospitals kept patients anyway. Then, they either billed patients or absorbed costs.

Foley said this is the second year in a row that such a deficit has been incurred.

The expenses, Foley said, would have been eligible for MHMR payment under regulations if the tri-county program had had the money available.

Members of the advisory board proposed the cut in payment days in hopes that attending doctors would speed diagnosis and turn patients back to MHMR's outpatient program which is an unlimited.

Foley pointed out that the inpatient time was allotted for diagnosis. "MHMR guidelines specify the time is for acute psychiatric, short-term services," Foley said.

In essence, during that time, the doctor should decide whether the patient should be committed to Allentown or can be treated under MHMR parameters. The average stay for an MHMR patient at the General Hospital at Monroe County is 16 days; at Gnadden Huetten, 38 days.

The advisory board also asked that the program inform patients when MHMR coverage runs out, even if a doctor says a patient needs more treatment than the program can pay for.

Foley said he assumed notification was given by the hospital concerned. "I think since we're responsible for some of the funding," Vernon Barlieb of Carbon County said, "we should at least notify the person responsible for the patient of the program's limitations."

In another budget move, the board requested that administrators investigate purchasing drugs used for MHMR clients wholesale or through a hospital.

The board estimated that at least 50 per cent of the drug allocation — $20,000 in 1972-73 — could be saved under such a purchase arrangement. Presently, prescriptions are filled at local pharmacies for reduced rates.

E. Stroudsburg, Mounties head towards openers

By CHUCK FIERSON
Record Sports Editor

Dick Merring and Fred Ross usually differ on football coaching philosophies. Each stands fast on his own idea. Now they look at their respective teams and come up with different views, again.

Merring, who coaches East Stroudsburg, says simply "this will be a rebuilding year." Ross, Stroudsburg's coach, flatly states "this will not be a rebuilding year."

Merring, who inherits the distinction of being the "dean" of area coaches with the retirement of Elwood Petchel at Pen Argyl, is not giving up the season at this point.

"We'll have a representative team," Merring said. Thursday after the fourth day of pre-season drills. "But let's be honest. We have to rebuild our offense."

Merring is more than honest in his appraisal. The Cavaliers, who posted a 6-4 record — the best ever under him — last year, lost a great deal in Todd Samet, who "started" at five different positions.

With nearly a week of practice under his belt, Merring sees some bright spots as East Stroudsburg prepares for its Sept. 15 opener against Pleasant Valley. He talks of two transfer students from New Jersey, both of whom "look real good and will help us."

Ron Kalban is a senior from Plainfield who plays halfback and end. Sophomore Dan McCracken is a halfback and linebacker who has been "very impressive."

Merring also points to Todd Holland, who is "much improved at quarterback in his passing. He is throwing the ball a lot harder." Mike Hunter, a wingback, also drew praise from his coach.

East Stroudsburg lost all but Rick Myers from its offense and six defensive starters.

"We're starting from scratch," Merring said. "We only have three plays in — three passing plays — and one defense. We're working on fundamentals. It's really going slowly because of so much inexperience.

"But the kids are very enthusiastic. They're young and make mistakes, but they're ready to go. Fundamentals, skills and techniques will be the main concern until we master them."

The Cavaliers have scrimmages with Penn Ridge, Pius X and Camden Central Catholic before their opener.

Merring gets a gleam in his eye when he thinks of the future.

"You know," he said. "If we keep this team together, we'll have one of the good ones. It'll be much better than last year. The whole key is at quarterback."

Over at Stroudsburg, where the Mounties are tuning up for their Sept. 7 opener against Bangor, Ross admits there are a lot of "ifs."

"I really don't believe I could name a starting offense today," he said Thursday. "I do think this will be one of our quickest teams in a couple of years. It won't be one of the biggest.

"We're short on experience. It's hard to say really how we'll do until we see the kids in a game."

Ross said things have been going "pretty well" during the first four days of practice. "But we have our shortcomings. We're not picking up our assignments as well as we could. We also lack team coordination.

"Fundamentally we're doing well. Blocking and tackling is as far along as it has ever been. Our running looks decent at this point. We have what could be a decent offense."

The Mounties will get some more experience before their opener in scrimmages against Chief Logan and Wilson.

Ross singled out Ron Reddicks and Frank Bell on offense and Greg Veney on defense to this point. He also had praise for Rob Rice, Luther Filmore, Ed and Tom Blair, Dan Schaller, Kevin Hay and George Schimpf.

"We're not an experienced team," Ross reiterated. "But overall we should do well. We have the makings of a good team. I don't know when we're going to get there, but I'll tell you one thing. This is not a rebuilding year."

Robinson's two home runs pace Phils in 6-3 victory

PHILADELPHIA (UPI)—Bill Robinson banged out a pair of home runs, giving him five in five games, Thursday night to lead the Philadelphia Phillies to a 6-3 victory over the San Diego Padres.

Robinson connected for his 20th in the first inning with Willie Montanez on base then hit a solo homer in the sixth to help Jim Lonborg post his 11th victory against 10 defeats.

The Phillies scored four times in the first off loser Clay Kirby, 7-14, as Cesar Tovar singled and Del Unser walked to start the rally. Montanez singled home Tovar and Unser crossed on Greg Luzinski's sacrifice fly. Luzinski hit his 23rd homer of the season in the sixth.

Dave Roberts, who had a doubled, triple, and home run, accounted for all the San Diego runs. He tripled in the fourth and scored on a sacrifice fly by Clarence Gaston and homered in the eighth after a Jerry Morales single.

Rebounding Cubs top Reds on single in 10th inning

CHICAGO (UPI) —Don Kessinger singled to left with two outs in the 10th inning Thursday to score Randy Hundley from third base and give the Chicago Cubs a 4-3 victory over the Cincinnati Reds, their third straight triumph and the fifth in their last six games.

Clay Carroll, the third of four Cincinnati pitchers, helped set up the Cubs' rally when he threw wild on Ron Santo's infield grounder for an error, permitting Santo to reach second base.

Matt Alexander, who came in to run for him, advanced on Jose Cardenal's sacrifice and scored on Paul Popovich's single to tie the game. Hundley singled to put Popovich on second and pinch-hitter Jim Hickman singled, but Popovich was out at the plate while Hundley reached third. Kessinger then followed with his game-winning hit.

Billy Williams' throwing error in the top of the 10th inning allowed Darrel Chaney to score from second base with the go-ahead run.

Chaney doubled after one out and remained on second while pinch-hitter Larry Stahl flied out. Pete Rose grounded to Williams at first base but his throw to pitcher Bob Locker was wild and rolled to the wall as Chaney came home easily.

The Reds got their first run on Andy Kosco's fourth homer in the second inning and their second on Locker's wild pitch in the eighth. Pinch-hitters Hal King and Bobby Tolan singled off Bill Bonham before Locker took over and threw a wild pitch to allow Chaney, running for King, to score.

The Cubs first run also came on a homer, Ron Santo's 14th of the season in the second. Chicago scored again in the fifth on a suicide squeeze. Jose Cardenal opened the inning with a double, advanced on Paul Popovich's sacrifice, and scored when Randy Hundley bunted Ross Grimsley's 3-2 pitch toward the mound.

L.A. hikes lead with 5-4 victory

NEW YORK (UPI)—Joe Ferguson's third double of the game drove in Willie Davis with the tie-breaking run in the sixth inning Thursday night and gave the Los Angeles Dodgers a 5-4 victory over the New York Mets.

Claude Osteen was tagged for eight hits but went the distance for his 15th victory of the season as the Dodgers increased their lead in the National League West to three games.

Ferguson's two-out double came off reliever and loser Buzz Capra, after Davis singled, and went deep into the leftfield corner at Shea Stadium. Ferguson had previously doubled and scored runs in the fourth and fifth innings.

Colorful Butch Baird blasts out of sand trap on ninth hole Thursday during first round of L&M Open. Baird ended with 82, well off the pace. (UPI Wirephoto)

Three deadlocked at 67 to share L&M golf lead

CARY, N.C. (UPI) —Little Brian "Buddy" Allin, ex-PGA champion Dave Stockton and Dave Eichelberger finessed the treacherous 18th hole at MacGregor Downs Country Club, shot four-under-par 67s Thursday and shared the first round lead of the $100,000 L&M Open.

The trio held a slim one-stroke lead over J.C. Snead, Dan Sikes, Bert Greene, Lee Wykle and Allen Miller, who fashioned three-under 68s on the 6,786-yard course.

Ken Still and Byron Comstock headed a group two strokes off the pace at 69.

"Eighteen scares me to death," said the 5-9, 132-pound Allin, winless since his runaway 23-under-par victory in the Florida Citrus Open last winter.

The decorated Vietnam war hero managed to par the 18th, a 431-yard par four with a lake between the tee and a small peninsula fairway, which takes a severe dogleg right to the hole.

Stockton birdied it and said, "It's not a bad hole if you learn how to play it." Eichelberger, who parred it, said, "I don't think it's a very good hole. I think it's a really good golf course until you get to that hole."

"There's only two players in the field who can consistently make it and that's Nicklaus and Weiskopf."

Jack Nicklaus and Tom Weiskopf will get their chance to try the hole Saturday, when the top eight men in the L&M field leave the tournament to join them and six others for the $150,000 U.S. Professional Match Play Championship, played simultaneously over the same course Saturday and Sunday.

Rentzel sitdown upheld by judge

LOS ANGELES (UPI) —A Superior Court judge Thursday upheld NFL Commissioner Pete Rozelle's suspension of wide receiver Lance Rentzel of the Los Angeles Rams.

"It is clear that the defendants have sought for years to establish a standard of public conduct for professional football participants, including players," ruled Judge David A. Thomas, who added:

"This standard includes the portrayal of players as high type, admirable young men who are worthy of the respect and emulation of the young."

Thomas said Rentzel "long has been aware of the standard" and was not denied due process by the NFL.

Rentzel, 29, was suspended by Rozelle for conduct detrimental to professional football following his conviction on a marijuana possession charge.

The former Oklahoma University star asked Thomas to overturn the suspension on grounds Rozelle, the NFL and the Rams "conspired to monopolize, control and restrain trade and commerce in the major league professional football industry."

His suit further alleged his constitutional right of due process was violated at an informal hearing before Rozelle last June 20.

Thomas heard oral arguments Wednesday and issued his ruling Thursday against Rentzel's suit.

Thomas said California's antitrust law "probably" does not apply to the case because the league's business is "overwhelmingly interstate."

He compared the league's standard of conduct to movie ratings and said professional football "seeks to present itself under a 'G' rating"—suitable for general audiences.

The judge held that Rozelle had jurisdiction to decide whether Rentzel's conduct was detrimental without taking formal evidence on it.

The year's suspension levied by Rozelle "is not so harsh that no reasonable man would impose it and therefore the court cannot say that it is so arbitrary that it constitutes a denial of due process," Thomas said.

Chinese, Tucson advance

WILLIAMSPORT, Pa. (UPI) — Tainan City of Taiwan, the Nationalist Chinese entry, and Tucson, Ariz., scored smashing semifinal victories Thursday and will meet Saturday for the Little League World Series championship.

Tainan City set four records, tied another and got its second straight no-hitter in a 27-0 rout of Tampa, Fla., while Tucson shut out Birmingham, Mich., 12-0, behind lefthander Ed Vosberg who struck out 11 and gave up but one hit.

Vosberg lost his bid for a no-hitter when Scott Currie singled with one out in the sixth inning. Tucson racked up 13 hits with Tony Bravo and Mike Fimbers leading the attack with three hits each and Mike Martinez contributing a solo homer.

Tainan City smashed five home runs, accounting for 11 of its runs, in rolling up the most runs ever scored by a team in the 27 years of Little League World Series play. Twenty-two runs was the previous high.

The five homers broke another record, a mark the Chinese erased in an 18-0 opening game victory Tuesday, when they hammered four home runs.

In two games, the Tainan City team has totaled 45 runs — 11 more than the old mark, set in three games.

The hitting overshadowed an outstanding pitching performance by Kuo Wen-Li, who pitched a second straight no-hitter for Taiwan and struck out 14. Only a walk to the second batter in the first inning prevented him from pitching the second perfect game in a row for China.

Huang Ching-Hui hurled a perfect game in Tainan City's first-game win Tuesday.

Kuo smashed one of Tainan city's five homers, the others coming off the bats of Wang Ching-Chung, Hung Chin-Hui and Cheng Pai-Sheng, who hit two.

Cheng's two homers tied a series record, and he broke another mark for hits by a player in one game with five. That record had stood since the first Little League World Series in 1947.

Tainan City has been unscored on in its last six games.

In a consolation game, Monterrey, Mexico defeated Colonie, N. Y., 4-0 behind the six hit pitching of Fernando Pena.

Third seed net victim

STROUDSBURG — Unranked Dan Halter and Samira Shaouy knocked off third-seeded Val Trenka and Deidre Burnstine, 7-5, 6-2, Thursday in the Monroe County Mixed Doubles Tennis Tournament.

Fourth-seeded Bill Robinson and Joan Shaouy, the only other seeds to play, beat Barry Cohen and Kay Collins, 6-4, 7-6. Al McCormick and Deb Sommer topped Frank and Pat Dracos, 6-2, 3-6, 7-5.

San Jordan and Winnie Pearsoll defeated Dick Van Horn and Diane Gallagher, 7-6, 5-7, default. Bill Hay and Chris Butler downed Dan and Mary Ann Higgins, 6-4, 4-6, 6-2, while Lin Patterson and Bev Roberts lost to Thad Laskowski and Barb Reese, 6-2, 3-6, 6-1.

Today's schedule: Rob Strohl and Ceil Fine vs. Sam Jordan and Winnie Pearsol; Walt McClelland and Ann Robertson vs. Al McCormick and Deb Sommer.

E. Stroudsburg, Mounties head towards openers

By CHUCK FIERSON
Record Sports Editor

Dick Merring and Fred Ross usually differ on football coaching philosophies. Each stands fast on his own idea. Now they look at their respective teams and come up with different views, again.

Merring, who coaches East Stroudsburg, says simply "this will be a rebuilding year." Ross, Stroudsburg's coach, flatly states "this will not be a rebuilding year."

Merring, who inherits the distinction of being the "dean" of area coaches with the retirement of Elwood Petchel at Pen Argyl, is not giving up the season at this point.

"We'll have a representative team," Merring said Thursday after the fourth day of pre-season drills. "But let's be honest. We have to rebuild our offense."

Merring is more than honest in his appraisal. The Cavaliers, who posted a 6-4 record — the best ever under him — last year, lost a great deal in Todd Samet, who "started" at five different positions.

With nearly a week of practice under his belt, Merring sees some bright spots as East Stroudsburg prepares for its Sept. 15 opener against Pleasant Valley. He talks of two transfer students from New Jersey, both of whom "look real good and will help us."

Ron Kalban is a senior from Plainfield who plays halfback and end. Sophomore Dan McCracken is a halfback and linebacker who has been "very impressive."

Merring also points to Todd Holland, who is "much improved at quarterback in his passing. He is throwing the ball a lot harder." Mike Hunter, a wingback, also drew praise from his coach.

East Stroudsburg lost all but Rick Myers from its offense and six defensive starters.

"We're starting from scratch," Merring said. "We only have three plays in — three passing plays — and one defense. We're working on fundamentals. It's really going slowly because of so much inexperience.

"But the kids are very enthusiastic. They're young and make mistakes, but they're ready to go. Fundamentals, skills and techniques will be the main concern until we master them."

The Cavaliers have scrimmages with Penn Ridge, Pius X and Camden Central Catholic before their opener.

Merring gets a gleam in his eye when he thinks of the future.

"You know," he said. "If we keep this team together, we'll have one of the good ones. It'll be much better than last year. The whole key is at quarterback."

Over at Stroudsburg, where the Mounties are tuning up for their Sept. 7 opener against Bangor, Ross admits there are a lot of "ifs."

"I really don't believe I could name a starting offense today," he said Thursday. "I do think this will be one of our quickest teams in a couple of years. It won't be one of the biggest.

"We're short on experience. It's hard to say really how we'll do until we see the kids in a game."

Ross said things have been going "pretty well" during the first four days of practice. "But we have our shortcomings. We're not picking up our assignments as well as we could. We also lack team coordination.

"Fundamentally we're doing well. Blocking and tackling is as far along as it has ever been. Our running looks decent at this point. We have what could be a decent offense."

The Mounties will get some more experience before their opener in scrimmages against Chief Logan and Wilson.

Ross singled out Ron Reddicks and Frank Bell on offense and Greg Veney on defense to this point. He also had praise for Rob Rice, Luther Filmore, Ed and Tom Blair, Dan Schaller, Kevin Hay and George Schimpf.

"We're not an experienced team," Ross reiterated. "But overall we should do well. We have the makings of a good team. I don't know when we're going to get there, but I'll tell you one thing. This is not a rebuilding year."

Gabriel to start

CHESTER, Pa. (UPI) — Philadelphia Eagles' Coach Mike McCormack Thursday named veteran Roman Gabriel as the starting quarterback for Saturday night's game against the Chargers in San Diego.

Robinson's two home runs pace Phils in 6-3 victory

PHILADELPHIA (UPI)—Bill Robinson banged out a pair of home runs, giving him five in five games, Thursday night to lead the Philadelphia Phillies to a 6-3 victory over the San Diego Padres.

Robinson connected for his 20th in the first inning with Willie Montanez on base then hit a solo homer in the sixth to help Jim Lonborg post his 11th victory against 10 defeats.

The Phillies scored four times in the first off loser Clay Kirby, 7-14, as Cesar Tovar singled and Del Unser walked to start the rally. Montanez singled home Tovar and Unser crossed on Greg Luzinski's sacrifice fly. Luzinski hit his 23rd homer of the season in the sixth.

Dave Roberts, who had a doubled, triple, and home run, accounted for all the San Diego runs. He tripled in the fourth and scored on a sacrifice fly by Clarence Gaston and homered in the eighth after a Jerry Morales single.

Rebounding Cubs top Reds on single in 10th inning

CHICAGO (UPI) —Don Kessinger singled to left with two outs in the 10th inning Thursday to score Randy Hundley from third base and give the Chicago Cubs a 4-3 victory over the Cincinnati Reds, their third straight triumph and the fifth in their last six games.

Clay Carroll, the third of four Cincinnati pitchers, helped set up the Cubs' rally when he threw wild on Ron Santo's infield grounder for an error, permitting Santo to reach second base.

Matt Alexander, who came in to run for him, advanced on Jose Cardenal's sacrifice and scored on Paul Popovich's single to tie the game. Hundley singled to put Popovich on second and pinch-hitter Jim Hickman singled, but Popovich was out at the plate while Hundley reached third. Kessinger then followed with his game-winning hit.

Billy Williams' throwing error in the top of the 10th inning allowed Darrel Chaney to score from second base with the go-ahead run.

Chaney doubled after one out and remained on second while pinch-hitter Larry Stahl flied out. Pete Rose grounded to Williams at first base but his throw to pitcher Bob Locker was wild and rolled to the wall as Chaney came home easily.

The Reds got their first run on Andy Kosco's fourth homer in the second inning and their second on Locker's wild pitch in the eighth. Pinch-hitters Hal King and Bobby Tolan singled off Bill Bonham before Locker took over and threw a wild pitch to allow Chaney, running for King, to score.

The Cubs first run also came on a homer, Ron Santo's 14th of the season in the second. Chicago scored again in the fifth on a suicide squeeze. Jose Cardenal opened the inning with a double, advanced on Paul Popovich's sacrifice, and scored when Randy Hundley bunted Ross Grimsley's 3-2 pitch toward the mound.

L.A. hikes lead with 5-4 victory

NEW YORK (UPI)—Joe Ferguson's third double of the game drove in Willie Davis with the tie-breaking run in the sixth inning Thursday night and gave the Los Angeles Dodgers a 5-4 victory over the New York Mets.

Claude Osteen was tagged for eight hits but went the distance for his 15th victory of the season as the Dodgers increased their lead in the National League West to three games.

Ferguson's two-out double came off reliever and loser Buzz Capra, after Davis singled, and went deep into the leftfield corner at Shea Stadium. Ferguson had previously doubled and scored runs in the fourth and fifth innings.

Colorful Butch Baird blasts out of sand trap on ninth hole Thursday during first round of L&M Open. Baird ended with 82, well off the pace. (UPI Wirephoto)

Three deadlocked at 67 to share L&M golf lead

CARY, N.C. (UPI) —Little Brian "Buddy" Allin, ex-PGA champion Dave Stockton and Dave Eichelberger finessed the treacherous 18th hole at MacGregor Downs Country Club, shot four-under-par 67s Thursday and shared the first round lead of the $100,000 L&M Open.

The trio held a slim one-stroke lead over J.C. Snead, Dan Sikes, Bert Greene, Lee Wykle and Allen Miller, who fashioned three-under 68s on the 6,786-yard course.

Ken Still and Byron Comstock headed a group two strokes off the pace at 69.

"Eighteen scares me to death," said the 5-9, 132-pound Allin, winless since his runaway 23-under-par victory in the Florida Citrus Open last winter.

The decorated Vietnam war hero managed to par the 18th, a 431-yard par four with a lake between the tee and a small peninsula fairway, which takes a severe dogleg right to the hole.

Stockton birdied it and said, "It's not a bad hole if you learn how to play it." Eichelberger, who parred it, said, "I don't think it's a very good hole. I think it's a really good golf course until you get to that hole."

"There's only two players in the field who can consistently make it and that's Nicklaus and Weiskopf."

Jack Nicklaus and Tom Weiskopf will get their chance to try the hole Saturday, when the top eight men in the L&M field leave the tournament to join them and six others for the $150,000 U.S. Professional Match Play Championship, played simultaneously over the same course Saturday and Sunday.

Rentzel sitdown upheld by judge

LOS ANGELES (UPI) —A Superior Court judge Thursday upheld NFL Commissioner Pete Rozelle's suspension of wide receiver Lance Rentzel of the Los Angeles Rams.

"It is clear that the defendants have sought for years to establish a standard of public conduct for professional football particpants, including players," ruled Judge David A. Thomas, who added:

"This standard includes the portrayal of players as high type, admirable young men who are worthy of the respect and emulation of the young."

Thomas said Rentzel "long has been aware of the standard" and was not denied due process by the NFL.

Rentzel, 29, was suspended by Rozelle for conduct detrimental to professional football following his conviction on a marijuana possession charge.

The former Oklahoma University star asked Thomas to overturn the suspension on grounds Rozelle, the NFL and the Rams "conspired to monopolize, control and restrain trade and commerce in the major league professional football industry."

His suit further alleged his constitutional right of due process was violated at an informal hearing before Rozelle last June 20.

Thomas heard oral arguments Wednesday and issued his ruling Thursday against Rentzel's suit.

Thomas said California's antitrust law "probably" does not apply to the case because the league's business is "overwhelmingly interstate."

He compared the league's standard of conduct to movie ratings and said professional football "seeks to present itself under a 'G' rating"—suitable for general audiences.

The judge held that Rozelle had jurisdiction to decide whether Rentzel's conduct was detrimental without taking formal evidence on it.

The year's suspension levied by Rozelle "is not so harsh that no reasonable man would impose it and therefore the court cannot say that it is so arbitrary that it constitutes a denial of due process," Thomas said.

Chinese, Tucson advance

WILLIAMSPORT, Pa. (UPI) — Tainan City of Taiwan, the Nationalist Chinese entry, and Tucson, Ariz., scored smashing semifinal victories Thursday and will meet Saturday for the Little League World Series championship.

Tainan City set four records, tied another and got its second straight no-hitter in a 27-0 rout of Tampa, Fla., while Tucson shut out Birmingham, Mich., 12-0, behind lefthander Ed Vosberg who struck out 11 and gave up but one hit.

Vosberg lost his bid for a no-hitter when Scott Currie singled with one out in the sixth inning. Tucson racked up 13 hits with Tony Bravo and Mike Fimbers leading the attack with three hits each and Mike Martinez contributing a solo homer.

Tainan City smashed five home runs, accounting for 11 of its runs, in rolling up the most runs ever scored by a team in the 27 years of Little League World Series play. Twenty-two runs was the previous high.

The five homers broke another record, a mark the Chinese erased in an 18-0 opening game victory Tuesday, when they hammered four home runs.

In two games, the Tainan City team has totaled 45 runs — 11 more than the old mark, set in three games.

The hitting overshadowed an outstanding pitching performance by Kuo Wen-Li, who pitched a second straight no-hitter for Taiwan and struck out 14. Only a walk to the second batter in the first inning prevented him from pitching the second perfect game in a row for China.

Huang Ching-Hui hurled a perfect game in Tainan City's first-game win Tuesday.

Kuo smashed one of Tainan city's five homers, the others coming off the bats of Wang Ching-Chung, Hung Chin-Hui and Cheng Pai-Sheng, who hit two.

Cheng's two homers tied a series record, and he broke another mark for hits by a player in one game with five. That record had stood since the first Little League World Series in 1947.

Tainan City has been unscored on in its last six games.

In a consolation game, Monterrey, Mexico defeated Colonie, N. Y., 4-0 behind the six hit pitching of Fernando Pena.

Americans gain basketball final

MOSCOW (UPI) —A fight-wary but dogged United States mens basketball team struggled into the finals of the World University Games today in the wake of an eye-popping five gold medal showing by the resurgent American swimmers.

While the U.S. swimmers, headed by David Johnson's second gold medal of the Games, were flexing their muscles with the strongest U.S. output to date, the U.S. cagers, showing some obvious after-effects of their bloody, knock-down melee with Cuba the day before, received a scare from a determined Brazil team before holding on to win, 66-60.

The Soviet Union, its overall medal lead still safely intact, picked up just two golds for the day to up their total to 56. The U.S., mostly through the efforts of its swimmers, has moved into a strong second with 13 golds to four for third place Romania.

With only Wally Walker of Millersville, Pa., showing any visible signs (bandaged fingers) of the Cuban debacle that left U.S. trainer Duane Woltzer unconscious and two athletes battered and cut from flying chairs and glass, the Americans went through frequent sloppy moments and were forced to use slowdown tactics toward the end of the game.

Earlier today, the technical committee of the Games severely reprimanded the Cubans and they were " very apologetic," U.S. head coach Ed Badger said.

"I know a lot of guys didn't get too much sleep last night," said Indiana's University's Quinn Buckner, who scored just 10 points, his lowest total in the seven games the U.S. team has played and won.

Nonetheless, the Americans, after running up an early 19-3 lead, never trailed the Brazilians although their play—particularly in the second half —was ragged and inconsistent as compared to their earlier triumphs.

"We got sloppy after that early lead," admitted forward David Thompson of Shelby, N.C., who again led all U.S. scorers with 17 points. Buckner added, "we're gonna have to a lot better than this if we're gonna win this thing tomorrow. I'm just glad it happened when it did."

The Cubans, meanwhile, were much more subdued in defeating Czechoslovakia earlier in the day, 64-58. They did, however, manage to pick up 33 fouls.

It was a different, more optimistic story at the chilly open-air Luzhniki swim complex where the American swimmers were winning everything on the program.

Johnson, a product of the famed coach John Mechem of the University of New Mexico, won his second backstroke gold medal in as many days to join teammate Allen Poucher of Jacksonville, Fla., as the only U.S. athletes to win two individual gold medals here. Johnson's time was 59.9 for the 100-meter backstroke and Wednesday he won the 200-meter event in 2:10.5.

Jack Tingley of Louisville, Ky., then added another first for the men by copping the 400-meter freestyle in a meet record time of 4:02.9.

The American women also were impressive, winning the 400-meter freestyle in a 1-2 sweep behind Ann Simmon of Long Beach, Calif., and Jill Strong of Tuscon, Ariz., and the 100-meter butterfly behind Irene Arden of Vancouver, Wash.

Miss Simmons 400-meter time was a new Games record of 4:28.8 while Miss Arden, who had to come from third place at the turn, took the butterfly in 1:06.1.

"I always swim a buildup race," Miss Arden said. " I was sure I could take it in the last 25 meters." The other American gold came in the relays.

The 400-meter freestyle team of Mark Elliott of Oklahoma City, Okla., Paul Tietz of Bartlesville, Okla., Dean Anderson of North Highlands, Calif., and Ken Knox of Glen Ridge, N.J., swept to a the second fastest time in the world, a 3:28.6 victory over the Russians.

The Soviet Union's only two gold medals of the day came in freestyle wrestling where Levan Tadiashvili won a referees decision over Enyu Stoichev of Bulgaria and in water polo.

Smith gets top selection in Forest Hills tourney

NEW YORK (UPI) — The draw did Thursday what the seedings committee failed to do Wednesday—make Stan Smith No. 1 choice for the U.S. Open tennis championships which open at Forest Hills next week.

Smith and Romania's Ilie Nastase were seeded joint No.1 by the committee despite the fact the tall American has beaten Nastase, the defending champion, in four of their last five meetings including last weekend's Davis Cup interzone semifinals at Alamo, Calif.

Before the draw was made in a chamber of the United Nations building, tournament director Bill Talbert put the names of Smith and Nastase in the silver bowl to determine who would be placed in the top half of the draw, the position usually held by the top seed. Smith's name came out first so he becomes, in effect, the No.-1 seed with Nastase filling the bottom position in the draw.

Smith, of Sea Pines, S.C., drew French Davis Cup player Patrick Proisy as his first round opponent in the $227,200 tournament which begins its 12-day run at the West Side tennis club Aug. 29.

Nastase drew qualifier No. 1, the only male seed to be paired with a qualifier who must play his way through a tournament at the Port Washington, N.Y., tennis Academy.

On the distaff side, top seeded Billie Jean King of Hilton Head, S.C., drew qualifier No. 3 which prompted Talbert to say "that's Bobby Riggs," before he continued with the draw. Mrs. King and Riggs have a $100,000 winner-take-all match set for Houston, Tex. Sept. 20.

Margaret Court of Australia, who is seeded to meet Mrs. King in the women's final, which will be worth $25,000 to the winner—the same as the men's champion—drew Pat Pretorius of South Africa as her opening round opponent.

The most interesting pairing in the men's draw was the first round match which pits seventh seeded Tom Okker of the Netherlands against veteran Pancho Gonzales of Las Vegas.

Mrs. Deihl repeats as golf champ

STROUDSBURG — Bert Deihl successfully defended her Glen Brook Women's Golf Assn. championship in the final match played Thursday. Henri Reaser was runnerup.

In other flights, Joyce Manzie beat Lillian Nietsch in the first flight when Eve Havlena defeated Millie Larsen in the second flight.

Consolation round winners were: Betty Bixler over Lynn Talbot in the championship flight, Helen Zaccaro over Helen Haues in the first flight and Vi Shafer over Betty Lorenzet in the second flight.

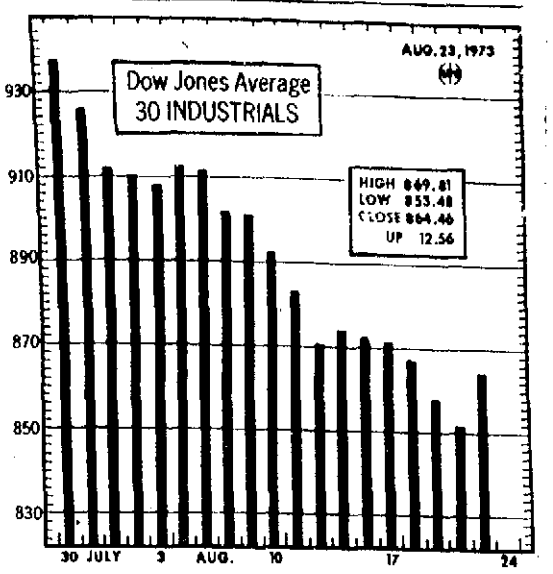

In the regular weekly event, golfers who had not won a prize all season competed in a tournament in which players were limited to three clubs.

Bert Snyder, Candy Coleman and Helen Haynes won in Class "B," Alice Tunney and Ann Altemose in Class "C" and Jan Hertzchuck in Class "D."

Low putts of 29 were carded by Kitty Lee and Bobby Westbrook, who joined a quartet of members who chipped in with Bert Deihl and Elaine Martin.

In a "T" and "F" tournament for the nine-hole players, La Vonne Kupice and Jan Schleman tied while Mrs. Kupice also had low putts.

Stocks float higher

NEW YORK (UPI) — Selective bargain-hunting, and a stronger dollar overseas, helped stocks stage their best rally in nearly a month on the New York Stock Exchange Thursday, but volume remained light.

The Dow Jones industrial average shot up 12.56 to 846.46, the index's best gain since July 11 when it rose nearly 20 points. Standard & Poor's 500 stock index rose 1.38 to 101.91. The average price of a NYSE common share advanced 48 cents.

Advances outnumbered declines, 964 to 402, among 1,740 issues traded.

With little positive news to coax investors from the sidelines in great numbers, volume totaled only 11,390,000 shares, compared with 10,770,000 traded Wednesday. Analysts say the "break-even point" for Wall Street is roughly 16 million in daily turnover.

The market was more than ready for a technical rally, observers said, following a drop of some 90 points in the Dow with hardly a pause for breath. They said the rally may have been aided by the continued excellent showing by the dollar, which closed higher Thursday in London, Paris, Zurich and other European markets.

Southern Co. was the volume leader, picking up ¼ to 16½ on 147,900 shares. American Medicorp was second, off ⅛ at 4⅜ on 125,700 shares.

Americans gain basketball final

MOSCOW (UPI) —A fight-weary but dogged United States mens basketball team struggled into the finals of the World University Games today in the wake of an eye-popping five gold medal showing by the resurgent American swimmers.

While the U.S. swimmers, headed by David Johnson's second gold medal of the Games, were flexing their muscles with the strongest U.S. output to date, the U.S. cagers, showing some obvious after-effects of their bloody, knock-down melee with Cuba the day before, received a scare from a determined Brazil team before holding on to win, 66-60.

The Soviet Union, its overall medal lead still safely intact, picked up just two golds for the day to up their total to 56. The U.S., mostly through the efforts of its swimmers, has moved into a strong second with 13 golds to four for third place Romania.

With only Wally Walker of Millersville, Pa., showing any visible signs (bandaged fingers) of the Cuban debacle that left U.S. trainer Duane Woltzer unconscious and two athletes battered and cut from flying chairs and glass, the Americans went through frequent sloppy moments and were forced to use slowdown tactics toward the end of the game.

Earlier today, the technical committee of the Games severely reprimanded the Cubans and they were " very apologetic," U.S. head coach Ed Badger said.

"I know a lot of guys didn't get too much sleep last night," said Indiana's University's Quinn Buckner, who scored just 10 points, his lowest total in the seven games the U.S. team has played and won.

Nonetheless, the Americans, after running up an early 19-3 lead, never trailed the Brazilians although their play—particularly in the second half —was ragged and inconsistent as compared to their earlier triumphs.

"We got sloppy after that early lead," admitted forward David Thompson of Shelby, N.C., who again led all U.S. scorers with 17 points. Buckner added, "we're gonna have to a lot better than this if we're gonna win this thing tomorrow. I'm just glad it happened when it did."

The Cubans, meanwhile, were much more subdued in defeating Czechoslovakia earlier in the day, 64-58. They did, however, manage to pick up 33 fouls.

It was a different, more optimistic story at the chilly open-air Luzhniki swim complex where the American swimmers were winning everything on the program.

Johnson, a product of the famed coach John Mechem of the University of New Mexico, won his second backstroke gold medal in as many days to join teammate Allen Poucher of Jacksonville, Fla., as the only U.S. athletes to win two individual gold medals here. Johnson's time was 59.9 for the 100-meter backstroke and Wednesday he won the 200-meter event in 2:10.5.

Jack Tingley of Louisville, Ky., then added another first for the men by copping the 400-meter freestyle in a meet record time of 4:02.9.

The American women also were impressive, winning the 400-meter freestyle in a 1-2 sweep behind Ann Simmon of Long Beach, Calif., and Jill Strong of Tuscon, Ariz., and the 100-meter butterfly behind Irene Arden of Vancouver, Wash.

Miss Simmons 400-meter time was a new Games record of 4:28.8 while Miss Arden, who had to come from third place at the turn, took the butterfly in 1:06.1.

"I always swim a buildup race," Miss Arden said. " I was sure I could take it in the last 25 meters." The other American gold came in the relays.

The 400-meter freestyle team of Mark Elliott of Oklahoma City, Okla., Paul Tietz of Bartlesville, Okla., Dean Anderson of North Highlands, Calif., and Ken Knox of Glen Ridge, N.J., swept to a the second fastest time in the world, a 3:28.6 victory over the Russians.

The Soviet Union's only two gold medals of the day came in freestyle wrestling where Levan Tadiashvili won a referees decision over Enyu Stoichev of Bulgaria and in water polo.

Smith gets top selection in Forest Hills tourney

NEW YORK (UPI) — The draw did Thursday what the seedings committee failed to do Wednesday—make Stan Smith No. 1 choice for the U.S. Open tennis championships which open at Forest Hills next week.

Smith and Romania's Ilie Nastase were seeded joint No.1 by the committee despite the fact the tall American has beaten Nastase, the defending champion, in four of their last five meetings including last weekend's Davis Cup interzone semifinals at Alamo, Calif.

Before the draw was made in a chamber of the United Nations building, tournament director Bill Talbert put the names of Smith and Nastase in the silver bowl to determine who would be placed in the top half of the draw, the position usually held by the top seed. Smith's name came out first so he becomes, in effect, the No. 1 seed with Nastase filling the bottom position in the draw.

Smith, of Sea Pines, S.C., drew French Davis Cup player Patrick Proisy as his first round opponent in the $227,200 tournament which begins its 12-day run at the West Side tennis club Aug. 29.

Nastase drew qualifier No. 1, the only male seed to be paired with a qualifier who must play his way through a tournament at the Port Washington, N.Y., tennis Academy.

On the distaff side, top seeded Billie Jean King of Hilton Head, S.C., drew qualifier No. 3 which prompted Talbert to say "that's Bobby Riggs," before he continued with the draw. Mrs. King and Riggs have a $100,000 winner-take-all match set for Houston, Tex. Sept. 20.

Margaret Court of Australia, who is seeded to meet Mrs. King in the women's final, which will be worth $25,000 to the winner—the same as the men's champion—drew Pat Pretorius of South Africa as her opening round opponent.

The most interesting pairing in the men's draw was the first round match which pits seventh seeded Tom Okker of the Netherlands against veteran Pancho Gonzales of Las Vegas.

Mrs. Deihl repeats as golf champ

STROUDSBURG — Bert Deihl successfully defended her Glen Brook Women's Golf Assn. championship in the final match played Thursday. Henri Reaser was runnerup.

In other flights, Joyce Manzie beat Lillian Nietsch in the first flight when Eve Havlena defeated Millie Larsen in the second flight.

Consolation round winners were: Betty Bixler over Lynn Talbot in the championship flight, Helen Zaccaro over Helen Haues in the first flight and Vi Shafer over Betty Lorenzet in the second flight.

In the regular weekly event, golfers who had not won a prize all season competed in a tournament in which players were limited to three clubs.

Bert Snyder, Candy Coleman and Helen Haynes won in Class "B," Alice Tunney and Ann Altemose in Class "C" and Jan Hertzchuck in Class "D."

Low putts of 29 were carded by Kitty Lee and Bobby Westbrook, who joined a quartet of members who chipped in with Bert Deihl and Elaine Martin.

In a "T" and "F" tournament for the nine-hole players, La Vonne Kupice and Jan Schleman tied while Mrs. Kupice also had low putts.

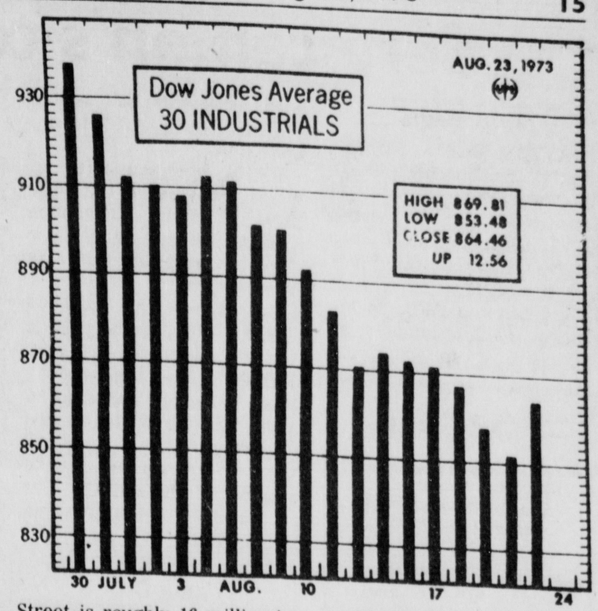

Stocks float higher

NEW YORK (UPI) — Selective bargain-hunting, and a stronger dollar overseas, helped stocks stage their best rally in nearly a month on the New York Stock Exchange Thursday, but volume remained light.

The Dow Jones industrial average shot up 12.56 to 846.46, the index's best gain since July 11 when it rose nearly 20 points. Standard & Poor's 500 stock index rose 1.38 to 101.91. The average price of a NYSE common share advanced 48 cents.

Advances outnumbered declines, 964 to 402, among 1,740 issues traded.

With little positive news to coax investors from the sidelines in great numbers, volume totaled only 11,390,000 shares, compared with 10,770,000 traded Wednesday. Analysts say the "break-even point" for Wall Street is roughly 16 million in daily turnover.

The market was more than ready for a technical rally, observers said, following a drop of some 90 points in the Dow with hardly a pause for breath. They said the rally may have been aided by the continued excellent showing by the dollar, which closed higher Thursday in London, Paris, Zurich and other European markets.

Southern Co. was the volume leader, picking up ¼ to 16½ on 147,900 shares. American Medicorp was second, off ⅛ at 4⅜ on 125,700 shares.

NOTICE
IN THE COURT OF COMMON PLEAS FORTY THIRD JUDICIAL DISTRICT MONROE COUNTY BRANCH CIVIL ACTION NO. 637 JUNE TERM, 1973
JAY MILLER, Plaintiff
vs.
CHARLES F. GRAULE, Jr., et al., as hereinafter set forth, Defendants.
TO THE WITHIN NAMED DEFENDANTS, AS WELL AS THEIR PREDECESSORS IN TITLE, AND THEIR RESPECTIVE HEIRS, EXECTORS ADMINISTRATORS, SUCCESSORS and ASSIGNS:
TAKE NOTICE that on August 7th, 1973, Plaintiff filed his Complaint to Quiet Title against the following named persons, averring that they are the owners of a certain lot or piece of ground being more fully described in Deed of Harold W. Topham and Claire Topham, his wife dated 29 March 1973 and recorded in the Office for the Recording of Deeds, in and for Monroe County, Pennsylvania, in Deed Book 463, page 238 being described as follows:
ALL that certain tract, piece or parcel of land situate in the Township of Tunkhannock, County of Monroe and State of Pennsylvania, bounded and described as follows, viz:
BEGINNING at a planted stone for a corner standing in a private road or lane leading to the house of Lucinda Eschenbach; thence running along the line between the Benjamin Foulk and Theophilus Foulk tracts, as the needle indicated April 30, 1901 (1) South sixty - four and three - fourths degrees East fifty - six and eight - tenths perches to a stone heap for a corner, and being also a corner of Amandus Keiper's land; thence, by his line (2) North twenty - five and one - fourth degrees East twenty - eight and two - tenths perches to a

(Continued in next column)

stone heap for a corner in the aforesaid lane and in line of the Benjamin Foulk tract aforesaid; thence, along the line of said Foulk tract and along the lane (4) South twenty - five and one - fourth degrees West twenty - eight and two - tenths perches to the place of BEGINNING. CONTAINING ten acres, more or less.
BEING the same premises which Willis J. Dyson and Ella M. Dyson, by deed dated July 10, 1954 and recorded in the Office for the Recording of Deeds, in and for the County of Monroe, at Stroudsburg, Pennsylvania, in Deed Book Volume 203, page 427, granted and conveyed unto Harold W. Topham and Claire Topham, his wife, Grantors hereof, in fee.
COUNT 1 vs CHARLES F. GRAULE, Jr. - Plaintiff avers that a certain mortgage given by Rufus S. Knecht to Charles F. Graule, Jr. and recorded in the aforesaid Recorder's Office in Mortgage Book 38, page 129, conditioned for the payment of Two Hundred ($200.00) Dollars has been paid, there having been no payments made within the last twenty (20) years, nor have there been any payments demanded within the last thirty (30) years and by presumption of lay payment of said mortgage is presumed.
COUNT 2 vs. LUCY ESCHENBACH, a k a LUCINDA ESCHENBACH - Plaintiff avers that on June 14, 1926, the Treasurer of Monroe County conducted a tax sale for non - payment of 1923 taxes on a five (5) acre parcel, part of the above described premises, assessed to Lucy Eschenbach, a k a Lucinda Eschenbach, and sold to James P. Gorgi, the Treasurer's Deed being recorded in the aforesaid Recorder's Office in Deed Book 105, page 325. Plaintiff further alleges that said sale was proper and that it was properly assessed, returned and advertised, and said sale operated to divest the owner of all right, title and interest.
COUNT 3 vs. RUFUS KNECHT - Plaintiff avers that on August 4, 1930 the Treasurer of Monroe County conducted a tax sale for non - payment of 1927, 1928 and 1929 taxes on a five (5) acre parcel, part of the above described premises, assessed to Rufus Knecht and sold to J.P. Gorgi, the Treasurer's Deed being recorded in the aforesaid Recorder's Office in Deed Book 119, page 271. Plaintiff further alleges that said sale was proper and that it was properly assessed, returned and advertised, and said sale operated to divest the owner of all right, title and interest.
COUNT 4 vs. WILLIAM B. BUTLER - Plaintiff avers that William B. Butler did not acquire valid title from the Sheriff by deed dated 14 December 1905 and recorded 10 March 1910 in the aforesaid Recorder's Office in Deed Book 67, page 692, said sale arising out of suit of Rochester Distilling Co. vs. James P. Gorgi, 11 October Term, 1905, and said sale being invalid due to ownership being in Catherine Gorgi rather than James P. Gorgi and that in any event the aforesaid tax sale divested William B. Butler of all of his right, title and interest.
Further, Plaintiff alleges that he and his predecessors in title as set forth in the abstract of title attached to said Complaint, have been in continuous, constant and active possession of the said premises and have continuously, openly, visibly, adversely, and notoriously asserted their right to the whole of the said premises, free and clear of any liens, encumbrances, charges, rights or interests in favor of the defendants, as well as their respective heirs, executors, administrators, successors and assigns, for a period in excess of twenty - one (21) years last past.
All of the above named Defendants, are hereby notified that they are required to plead to Plaintiff's Complaint within twenty (20) days after the date of this publication; That the Complaint seeds a decree adjudicating Plaintiff's title to be valid and indefeasible as against all rights or claims of Defendants, or any other persons whatsoever and that they, and each of them be forever barred from asserting any right, lien, title or interest whatsoever in the premises described in the Complaint inconsistent with the interest or claim of Plaintiff unless Defendants commence an action of ejectment or take other legal actions within thirty (30) days after the entry of such judgment or decree.

PUBLIC NOTICE

Notice is hereby given that the Annual Report of Audit of STROUDSBURG AREA SCHOOL DISTRICT, Monroe County, Pennsylvania, for the fiscal year ended June 30, 1973, has been filed in the Office of the Prothonotary of the County of Monroe on August 8, 1973. The Annual Report of Audit will be confirmed absolutely unless an appeal is taken therefrom within thirty days after the filing thereof.
A complete copy of the Annual Report of Audit is available for public inspection at the Office of the Board Secretary, John P. Lim, M.D., 1110 West Main Street, Stroudsburg, Pennsylvania.
In our opinion, the accompanying Balance Sheet and Statement of General Fund Operations present fairly the financial position of STROUDSBURG AREA SCHOOL DISTRICT at June 30, 1973, and the results of the transactions for the fiscal year then ended, on a basis consistent with that of the preceding year.

NOTICE

IN THE COURT OF COMMON PLEAS FORTY - THIRD JUDICIAL DISTRICT MONROE COUNTY BRANCH CIVIL ACTION NO. 637 JUNE TERM, 1973
JAY MILLER, Plaintiff
vs.
CHARLES F. GRAULE, Jr., et al., as hereinafter set forth, Defendants.

TO THE WITHIN NAMED DEFENDANTS, AS WELL AS THEIR PREDECESSORS IN TITLE, AND THEIR RESPECTIVE HEIRS, EXECTORS ADMINISTRATORS, SUCCESSORS and ASSIGNS:

TAKE NOTICE that on August 7th, 1973, Plaintiff filed his Complaint to Quiet Title against the following named persons, avering that they are the owners of a certain lot or piece of ground being more fully described in Deed of Harold W. Topham and Claire Topham, his wife dated 29 March 1973 and recorded in the Office for the Recording of Deeds, in and for Monroe County, Pennsylvania, in Deed Book 463, page 238 being described as follows:

ALL that certain tract, piece or parcel of land situate in the Township of Tunkhannock, County of Monroe and State of Pennsylvania, bounded and described as follows, viz:

BEGINNING at a planted stone for a corner standing in a private road or lane leading to the house of Lucinda Eschenbach; thence running along the line between the Benjamin Foulk and Theophilus Foulk tracts, as the needle indicated April 30, 1901 (1) South sixty - four and three - fourths degrees East fifty - six and eight - tenths perches to a stone heap for a corner, and being also a corner of Amandus Keiper's land; thence, by his line (2) North twenty - five and one - fourth degrees East twenty - eight and two - tenths perches to a

(Continued in next column)

stone heap for a corner in the aforesaid lane and in line of the Benjamin Foulk tract aforesaid; thence, along the line of said Foulk tract and along the lane (4) South twenty - five and one - fourth degrees West twenty - eight and two - tenths perches to the place of BEGINNING. CONTAINING ten acres, more or less.

BEING the same premises which Willis J. Dyson and Ella M. Dyson, by deed dated July 10, 1954 and recorded in the Office for the Recording of Deeds, in and for the County of Monroe, at Stroudsburg, Pennsylvania, in Deed Book Volume 203, page 427, granted and conveyed unto Harold W. Topham and Claire Topham, his wife, Grantors hereof, in fee.

COUNT 1 vs CHARLES F. GRAULE, Jr. - Plaintiff avers that a certain mortgage given by Rufus S. Knecht to Charles F. Graule, Jr. and recorded in the aforesaid Recorder's Office in Mortgage Book 38, page 129, conditioned for the payment of Two Hundred ($200.00) Dollars has been paid, there having been no payments made within the last twenty (20) years, nor have there been any payments demanded within the last thirty (30) years and by presumption of lay payment of said mortgage is presumed.

COUNT 2 vs. LUCY ESCHENBACH, a k a LUCINDA ESCHENBACH - Plaintiff avers that on June 14, 1926, the Treasurer of Monroe County conducted a tax sale for non - payment of 1923 taxes on a five (5) acre parcel, part of the above described premises, assessed to Lucy Eschenbach, a k a Lucinda Eschenbach, and sold to James P. Gorgi, the Treasurer's Deed being recorded in the aforesaid Recorder's Office in Deed Book 105, page 325. Plaintiff further alleges that said sale was proper and that it was properly assessed, returned and advertised, and said sale operated to divest the owner of all right, title and interest.

COUNT 3 vs. RUFUS KNECHT - Plaintiff avers that on August 4, 1930 the Treasurer of Monroe County conducted a tax sale for non - payment of 1927, 1928 and 1929 taxes on a five (5) acre parcel, part of the above described premises, assessed to Rufus Knecht and sold to J.P. Gorgi, the Treasurer's Deed being recorded in the aforesaid Recorder's Office in Deed Book 119, page 271. Plaintiff further alleges that said sale was proper and that it was properly assessed, returned and advertised, and said sale operated to divest the owner of all right, title and interest.

COUNT 4 vs. WILLIAM B. BUTLER - Plaintiff avers that William B. Butler did not acquire valid title from the Sheriff by deed dated 14 December 1905 and recorded 10 March 1910 in the aforesaid Recorder's Office in Deed Book 67, page 692, said sale arising out of suit of Rochester Distilling Co. vs. James P. Gorgi, 11 October Term, 1905, and said sale being invalid due to ownership being in Catherine Gorgi rather than James P. Gorgi and that in any event the aforesaid tax sale divested William B. Butler of all of his right, title and interest.

Further, Plaintiff alleges that he and his predecessors in title as set forth in the abstract of title attached to said Complaint, have been in continuous, constant and active possession of the said premises and have continuously, openly, visibly, adversely, and notoriously asserted their right to the whole of the said premises, free and clear of any liens, encumbrances, charges, rights or interests in favor of the defendants, as well as their respective heirs, executors, administrators, successors and assigns, for a period in excess of twenty - one (21) years last past.

All of the above named Defendants, are hereby notified that they are required to plead to Plaintiff's Complaint within twenty (20) days after the date of this publication; That the Complaint seeds a decree adjudicating Plaintiff's title to be valid and indefeasible as against all rights or claims of Defendants, or any other persons whatsoever and that they, and each of them be forever barred from asserting any right, lien, title or interest whatsoever in the premises described in the Complaint inconsistent with the interest or claim of Plaintiff unless Defendants commence an action of ejectment or take other legal actions within thirty (30) days after the entry of such judgment or decree.

PUBLIC NOTICE

Notice is hereby given that the Annual Report of Audit of STROUDSBURG AREA SCHOOL DISTRICT, Monroe County, Pennsylvania, for the fiscal year ended June 30, 1973, has been filed in the Office of the Prothonotary of the County of Monroe on August 8, 1973. The Annual Report of Audit will be confirmed absolutely unless an appeal is taken therefrom within thirty days after the filing thereof.

A complete copy of the Annual Report of Audit is available for public inspection at the Office of the Board Secretary, John P. Lim, M.D., 1110 West Main Street, Stroudsburg, Pennsylvania.

In our opinion, the accompanying Balance Sheet and Statement of General Fund Operations present fairly the financial position of STROUDSBURG AREA SCHOOL DISTRICT at June 30, 1973, and the results of the transactions for the fiscal year then ended, on a basis consistent with that of the preceding year.

AN ORDINANCE regulating and controlling the location of mobil homes and for other purposes.

BE IT ORDAINED & ENACTED by the Supervisors of Coolbaugh Township, Monroe County, Pennsylvania, and it is hereby ORDAINED & ENACTED by authority of the same.

Section 1. This Ordinance is adopted in order to create conditions favorable to the health, safety, morals and general welfare of the citizens of the township through the provision of regulations that will insure the harmonious development of the community.

Section 2. The provisions contained herein shall apply to all land within the Township of Coolbaugh including any additions made to any existing Mobile Home Parks. As such, all trailers shall be situated in Mobil Home Parks and such parks shall be located within the Township in conformance with the regulations of this Ordinance. (See Section 6 for exceptions).

Section 3. This Ordinance shall be known and may be cited as the Coolbaugh Township Mobil Home Ordinance.

Section 4. As used in this Ordinance, the following terms shall be defined as follows:

1. Alley. A minor right-of-way providing secondary vehicular access to the side or rear of two or more properties.

2. Block. An area bounded by streets.

3. Pavement. The portion of a street or alley intended for vehicular use.

4. Commission. The Coolbaugh Township Planning Commission.

5. Governing body. The Board of Township Supervisors of Coolbaugh Township, Monroe County, Pennsylvania.

6. Mobilehome. A transportable, single family dwelling intended for permanent occupancy, office or place of assembly contained in one unit, or in two units designed to be joined into one integral unit capable of again being separated for repeated towing, which arrives at a site completed and ready for occupancy except for the minor and incidental unpacking and assembly operations, and constructed so that it may be used without a permanent foundation.

7. Mobile Home Lot. A designated parcel of land within a Mobile Home Park rented or sold for the placement of a single Mobile Home.

8. Mobile Home Park. A designated tract of land open for the occupancy of Mobile Homes, such occupancy being either of a permanent or temporary nature.

Section 5. Mobile Home Park Standards.

Site Location

a. All Mobile Home Parks shall be located on well drained lands and shall have not less than a total land area of ten (10) acres.

b. All Mobile Home Parks shall have paved access roads to and from any site and in no instance shall such sites be in conflict with any other ordinance of the township.

Minimum Site Improvements

a. Minimum site improvements for all Mobile Home Parks shall include, but shall not be limited to, the following:

(1) Streets — All streets within any Mobile Home Park shall be not less than fifty (50) feet right-of-way with a cartway width of not less than thirty-two (32) feet. Said cartway width shall consist of six (6) inches of: run-of-bank gravel; or shale; or Pennsylvania No. 2A Limestone; or crushed stone. Such base course materials shall be equal to the specifications of the Pennsylvania Department of Highways. All streets shall be kept free of debris or other obstructions to provide clear access for fire, police or other emergency access.

(2) Open Space — All Mobile Home Parks shall provide not less than ten (10) per cent of the total land area for public open space purpose and such land shall be improved whereby the same will be accessable to all families residing within said tract and whereby such open space may be used for recreational purposes.

(3) Utility Improvements — All Mobile Home Parks shall provide to each lot line both a continuing supply of safe and palatable water as approved by the department of Environmental Resources and a connection to public sanitary sewage disposal facilities of the township or to facilities provided by the developer which shall be in accordance with, and as approved by the Department of Environmental Resources.

Other Site Improvements

There shall be provided in each Mobile Home Park such as the Commission may require whereby such requirements shall at all times be in the best interests of the public's health, safety and general welfare and may include, but shall not be limited to garbage and trash collection and disposal facilities as approved by the Department of Environmental Resources, and an adequate park lighting system.

Minimum Lot and Area Requirements

a. Lot Sizes — No lot in any Mobile Home Park shall be less than forty-five (45) feet wide and have less than five thousand four hundred (5,400) square feet of total lot area exclusive of easements and right-of-way.

b. Set-back Requirements — No structure located on any lot in any Mobile Home Park shall be closer to any front lot line than twenty-five (25) feet; to any side lot line than ten (10) feet; nor to any rear lot lines than twenty (20) feet.

c. Lot Requirements — All lots in any Mobile Home Park shall be well drained and graded to a point where Mobile Homes may be parked so that the parking of the same shall result in safety to all concerned, in all instances as much natural growth as is reasonably possible shall be preserved by any Mobile Home Park developer.

d. Off Street Parking — There shall be provided not less than one (1) paved off-street parking space for each Mobile Home lot.

Section 6. Exceptions.

1. None of the provisions of this ordinance shall be applicable to the business of Mobile Home sales, provided that the Mobile Home on such lots shall not be occupied.

2. None of the provisions of this ordinance shall be applicable to the storage or garaging of Mobile Homes not being used for living or sleeping purposes within a building or structure or to the storage of one unoccupied Mobile Home less than nineteen (19) feet in length or less than 4,500 pounds in weight on the premises occupied as principal residence by the owner of such Mobile Home, provided, however, that such unoccupied Mobile Home shall not be parked between the street line and the front building line of such premises.

3. None of the provisions of this ordinance shall be applicable to a Mobile Home located on the site of a construction project, survey project, or work or tool house in connection with such project provided such Mobile Home is removed from said site within thirty (30) days after the completion of such project.

Section 7. Administration Procedures

1. All developers of Mobile Home Parks shall submit their proposals, plans, details and specifications to the Commission for its review and approval or disapproval. If approval is granted, in writing, a permit may be issued by the governing body of the township for the development of a Mobile Home Park.

2. The owners of all trailers presently situated within the Township of Coolbaugh shall, without any cost or expense, register the location of said trailer or trailers at the office of the Secretary of the Township Supervisors, Coolbaugh Township Municipal Building, Laurel Drive, Tobyhanna, Pennsylvania 18466 within ten (10) days from the date of enactment of this Ordinance.

Penalties

The violation of this ordinance shall, upon conviction, result in a fine of three hundred dollars ($300.00) for each offense. Each day that any violation continues to exist shall constitute a separate violation.

Validity

Should any section, subsection or provision of this ordinance be declared invalid by a court of competent jurisdiction, such decision shall not affect the validity of this ordinance as a whole, or of any other part thereof.

Interpretation

In the interpretation and the application of the provisions of this ordinance, they shall be held to be the minimum requirements for the promotion of the health, safety, and morals and the general welfare.

Conflict

All ordinances, or parts of ordinances in conflict herewith are hereby repealed.

Date of Effect

This ordinance shall become effective five days after the date of its final passage as provided bylaw.

ENACTED into an Ordinance this 10th day of Sept. A.D., 1973.

WHY PAY MORE? WHY PAY MORE? WHY PAY MORE? WHY

DON'T LET THE GASOLINE SHORTAGE DRIVE YOU TO A CRISIS OF SMALLER PROPORTIONS.

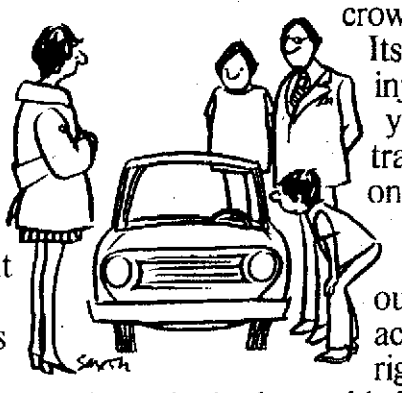

A Volvo can get almost twice the gasoline mileage of some popular big cars.*

Yet unlike small cars, Volvo has about the same front seat legroom as a Cadillac de Ville. As much back seat legroom as a Lincoln Continental. And more trunk space than the Pinto and Barracuda combined.

But Volvo isn't just roomy. It's comfortable.

The bucket seats are orthopedically designed to give support to all the contours of the body. Even to the point of having an adjustment that gives the small of your back firmer or softer support.

And in a Volvo, you won't have to gather your courage to enter crowded highways.

Its responsive, fuel-injected engine lets you move out into traffic before onrushing traffic moves into you.

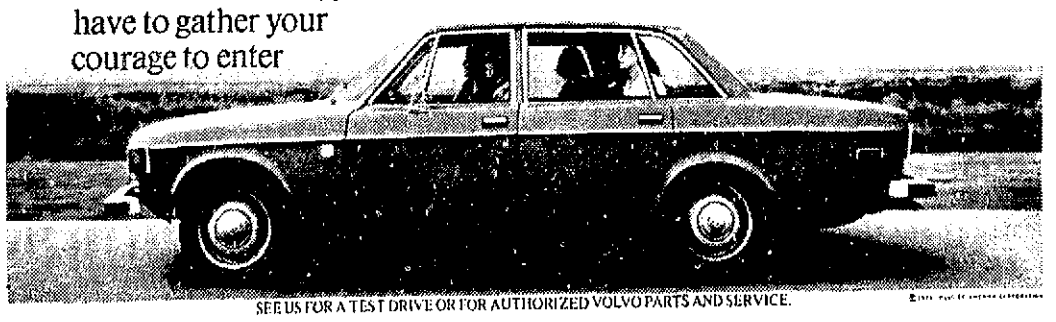

And once you're out there, you'll actually feel the rigidity of Volvo's body — welded into one solid piece of steel with thousands of closely-spaced spot welds.

So instead of overreacting to the gasoline shortage, respond thoughtfully. By getting a Volvo.

That way, you can drive a big car without adding fuel to the energy crisis.

AN ORDINANCE regulating and controlling the location of mobil homes and for other purposes.

BE IT ORDAINED & ENACTED by the Supervisors of Coolbaugh Township, Monroe County, Pennsylvania, and it is hereby ORDAINED & ENACTED by authority of the same.

Section 1. This Ordinance is adopted in order to create conditions favorable to the health, safety, morals and general welfare of the citizens of the township through the provision of regulations that will insure the harmonious development of the community.

Section 2. The provisions contained herein shall apply to all land within the Township of Coolbaugh including any additions made to any existing Mobile Home Parks. As such, all trailers shall be situated in Mobil Home Parks and such parks shall be located within the Township in conformance with the regulations of this Ordinance. (See Section 6 for exceptions).

Section 3. This Ordinance shall be known and may be cited as the Coolbaugh Township Mobil Home Ordinance.

Section 4. As used in this Ordinance, the following terms shall be defined as follows:

1. Alley. A minor right-of-way providing secondary vehicular access to the side or rear of two or more properties.
2. Block. An area bounded by streets.
3. Pavement. The portion of a street or alley intended for vehicular use.
4. Commission. The Coolbaugh Township Planning Commission.
5. Governing body. The Board of Township Supervisors of Coolbaugh Township, Monroe County, Pennsylvania.
6. Mobilehome. A transportable, single family dwelling intended for permanent occupancy, office or place of assembly contained in one unit, or in two units designed to be joined into one integral unit capable of again being separated for repeated towing, which arrives at a site completed and ready for occupancy except for the minor and incidental unpacking and assembly operations, and constructed so that it may be used without a permanent foundation.
7. Mobile Home Lot. A designated parcel of land within a Mobile Home Park rented or sold for the placement of a single Mobile Home.
8. Mobile Home Park. A designated tract of land open for the occupancy of Mobile Homes, such occupancy being either of a permanent or temporary nature.

Section 5. Mobile Home Park Standards.

Site Location

a. All Mobile Home Parks shall be located on well drained lands and shall have not less than a total land area of ten (10) acres.

b. All Mobile Home Parks shall have paved access roads to and from any site and in no instance shall such sites be in conflict with any other ordinance of the township.

Minimum Site improvements

a. Minimum site improvements for all Mobile Home Parks shall include, but shall not be limited to, the following:

(1) Streets — All streets within any Mobile Home Park shall be not less than fifty (50) feet right-of-way with a cartway width of not less than thirty-two (32) feet. Said cartway width shall consist of six (6) inches of: run-of-bank gravel; or shale; or Pennsylvania No. 2A Limestone; or crushed stone. Such base course materials shall be equal to the specifications of the Pennsylvania Department of Highways. All streets shall be kept free of debris or other obstructions to provide clear access for fire, police or other emergency access.

(2) Open Space — All Mobile Home Parks shall provide not less than ten (10) per cent of the total land area for public open space purpose and such land shall be improved whereby the same will be accessable to all families residing within said tract and whereby such open space may be used for recreational purposes.

(3) Utility Improvements — All Mobile Home Parks shall provide to each lot line both a continuing supply of safe and palatable water as approved by the department of Environmental Resources and a connection to public sanitary sewage disposal facilities of the township or to facilities provided by the developer which shall be in accordance with, and as approved by the Department of Environmental Resources.

Other Site Improvements

There shall be provided in each Mobile Home Park such as the Commission may require whereby such requirements shall at all times be in the best interests of the public's health, safety and general welfare and may include, but shall not be limited to garbage and trash collection and disposal facilities as approved by the Department of Environmental Resources, and an adequate park lighting system.

Minimum Lot and Area Requirements

a. Lot Sizes — No lot in any Mobile Home Park shall be less than forty-five (45) feet wide and have less than five thousand four hundred (5,400) square feet of total lot area exclusive of easements and right-of-way.

b. Set-Back Requirements — No structure located on any lot in any Mobile Home Park shall be closer to any front lot line than twenty-five (25) feet; to any side lot line than ten (10) feet; nor to any rear lot lines than twenty (20) feet.

c. Lot Requirements — All lots in any Mobile Home Park shall be well drained and graded to a point where Mobile Homes may be parked so that the parking of the same shall result in safety to all concerned. In all instances as much natural growth as is reasonably possible shall be preserved by any Mobile Home Park developer.

d. Off Street Parking — There shall be provided not less than one (1) paved off-street parking space for each Mobile Home lot.

Section 6. Exceptions.

1. None of the provisions of this ordinance shall be applicable to the business of Mobile Home sales, provided that the Mobile Home on such lots shall not be occupied.
2. None of the provisions of this ordinance shall be applicable to the storage or garaging of Mobile Homes not being used for living or sleeping purposes within a building or structure or to the storage of one unoccupied Mobile Home less than nineteen (19) feet in length or less than 4,500 pounds in weight on the premises occupied as principal residence by the owner of such Mobile Home, provided, however, that such unoccupied Mobile Home shall not be parked between the street line and the front building line of such premises.
3. None of the provisions of this ordinance shall be applicable to a Mobile Home located on the site of a construction project, survey project, or work or tool house in connection with such project provided such Mobile Home is removed from said site within thirty (30) days after the completion of such project.

Section 7. Administration Procedures

1. All developers of Mobile Home Parks shall submit their proposals, plans, details and specifications to the Commission for its review and approval or disapproval. If approval is granted, in writing, a permit may be issued by the governing body of the township for the development of a Mobile Home Park.
2. The owners of all trailers presently situated within the Township of Coolbaugh shall, without any cost or expense, register the location of said trailer or trailers at the office of the Secretary of the Township Supervisors, Coolbaugh Township Municipal Building, Laurel Drive, Tobyhanna, Pennsylvania 18466 within ten (10) days from the date of enactment of this Ordinance.

Penalties

The violation of this ordinance shall, upon conviction, result in a fine of three hundred dollars (300.00) for each offense. Each day that any violation continues to exist shall constitute a separate violation.

Validity

Should any section, subsection or provision of this ordinance be declared invalid by a court of competent jurisdiction, such decision shall not affect the validity of this ordinance as a whole, or of any other part thereof.

Interpretation

In the interpretation and the application of the provisions of this ordinance, they shall be held to be the minimum requirements for the promotion of the health, safety, and morals and the general welfare.

Conflict

All ordinances, or parts of ordinances in conflict herewith are hereby repealed.

Date of Effect

This ordinance shall become effective five days after the date of its final passage as provided bylaw.

ENACTED into an Ordinance this 10th day of Sept. A.D., 1973.

Worried about answering a blind box number ad? (because you don't know who the advertiser is?)

If you are worried about answering one of these blind ads — since it may be your own firm — simply do this:
Place your letter of application in an envelope addressed to the box number and seal it. Then put the envelope in another envelope addressed to the Classified Dept., The Pocono Record, and enclose the names you do NOT want to receive your reply. If one of the companies (or individuals) you listed placed the ad, we will simply discard your reply.
Sorry, but we cannot return your letter without violating the confidence of our advertisers.

Worried about answering a blind box number ad?
(because you don't know who the advertiser is?)

If you are worried about answering one of these blind ads — since it may be your own firm — simply do this:

Place your letter of application in an envelope addressed to the box number and seal it. Then put the envelope in another envelope addressed to the Classified Dept., The Pocono Record, and enclose the names you do NOT want to receive your reply. If one of the companies (or individuals) you listed placed the ad, we will simply discard your reply.

Sorry, but we cannot return your letter without violating the confidence of our advertisers.

INTRODUCING THE SUNOCO TIRE STORE.

AND WHY IT MAKES SENSE.

YOU SEE US EVERY WEEK.

We're the Sunoco dealer who services your car. Because we see you every week, we know you, your car, and how you drive.

When you need tires, we can recommend the type best suited to the way you use your car. Since we see you so often, we're likely to know what kind of roads you take. How often you go on a vacation. How big a load you pull, even how many children you have.

It wouldn't make sense not to offer you the right tire at our best price. We've got to treat you right, because we see you every week.

NO-COST BALANCING.

We don't understand why a tire store would sell you a tire and then charge you to make it work right on your car. So, as a participating Sunoco dealer, we balance every tire we sell. No charge.

CREDIT TERMS.

When you buy tires from us, you can use your Sunoco credit card. In fact, you can get extended payment terms so that you don't have to pay all at once.

CONTINUOUS CHECK.

When you buy a set of our tires, we have a chance to look at them from time to time. If we see some unusual wear that may be caused by poor alignment, improper balance, or if we see an imperfection, we are going to tell you about it and recommend what should be done to correct it. After all, we want you to get your money's worth out of those tires.

BACKED BY TWO COMPANIES.

We sell more Kelly-Springfield tires than anyone else. When you buy tires from a Sunoco dealer, you're backed by the dealer himself, by Sunoco and by Kelly-Springfield. If there's something wrong with the tire you bought from us, and we don't make it right, you've got two companies to look to. Not just one.

We sell good tires at competitive prices. We're in a position to evaluate the way our regular customers drive, and we can recommend the right tire for each one. We can't afford to give them a bad deal. We'd lose the rest of their business.

Kelly-Springfield tires are sold by participating independent service station dealers displaying the Sunoco sign. Tire prices and services offered, including balancing of tires, may vary. Tire guarantee terms are disclosed in writing at the time of purchase.

We have to face you every week, so we have to do better to keep your business. Doesn't that make sense?

Marshall published map

HAWLEY — Marshall Associates Realtors, of Route 6, have published a large comprehensive map of the greater Lake Wallenpaupack area, and are publishing a monthly newsletter publcizing the region, its businesses and attractions. Both are part of a continuous public service program instituted by James G. Marshall, president of M.A.R.

Jim Marshall told the Pocono Record, "We want to focus attention on the importance of the Lake Wallenpaupack area of Wayne and Pike counties. Our area is in a viable growth position, and our real estate brokerage house wants to contribute to the total communication of positive ideas and exploit the region to the fullest degree."

The map, 18" x 25" is printed on heavy paper stock in two colors, one side has the map imprinted and the reverse side has a series of photographs with the editoriaization, "this is the unspoiled beauty of the lake country."

All photographs were shot by Stan Pratt of the Stanton-Pratt Studios in Honesdale. More than 5,000 copies of the impressive map have been distributed in a four state area.

Interested parties can obtain a copy of the map by dropping-in any of the four Marshall Associates Realtors offices in Hawley, Honesdale, Hamlin, or Ledgedale.

The monthly news publication is called "REAL newsletter." It is issued the first of each month. The editorial and pictorial contents highlight regional businesses, attractions, and real estate news items.

Subscriptions to REAL newsletter are free. A coupon in the Marshall Associates Realtors advertising in this edition of the Pocono Record can be used to order personal subscriptions.

Circulation of the publication exceeds 5,000 copies monthly. Subscribers are located in Pennsylvania, New Jersey, New York, Delaware and Maryland. Many Lake region restaurants, banks, information offices, and businesses also have copies on hand for free distribution.

'Super Cops'

HOLLYWOOD (UPI) — New York City detectives Dave Greenberg and Bob Hantz will act as technical advisors on MGM's "Super Cops," depicting their exploits on film.

Emanuel Ehrlich

Ehrlich joins agency

Emanuel Ehrlich, veteran real estate account executive, has joined Merling, Marx & Seidman, Inc. as Vice President in charge of New Account Development.

Previously, Mr. Ehrlich was a vice president at Miller Advertising Agency, and had been real estate display advertising manager at the New York Herald-Tribune. In some 18 years of activity, Ehrlich has worked with scores of real estate developers, builders and organizations serving commercial and residential real estate operations.

Ehrlich resides with his wife and four children in Long Beach, New York. He is a graduate of Brooklyn College and an ex-Marine veteran of the Korean conflict.

No litter appeal by state parks

SACRAMENTO, Calif. (UPI) — State park officials are taking a personalized approach to convince campers, hikers and picnickers not to litter in state parks.

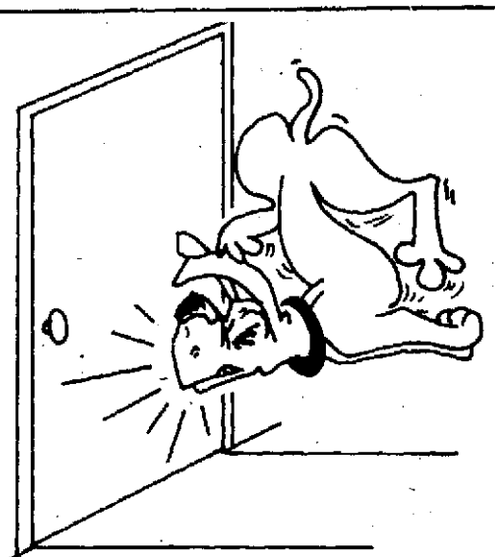

The state Parks and Recreation Department has launched a program in which park rangers attempt to acquaint visitors with the litter problem and how they can help solve it.

Parks and Recreation Director William Penn Mott Jr. said the program is designed "to instill in our park visitors a sense of understanding and appreciation of park values so that they will not litter at all."

Mott expressed hope it also will reduce the state's park cleanup costs, which in one year reached $372,000.

Under the program, rangers have added an antilitter presentation to events such as supervised hikes, park facility tours and campfire-type discussions they offer park visitors.

The department has put together a package of materials, including 20 color slides, for the rangers' antilitter presentation.

The Poconos is the place to Live Your Dream . . .

Brier Crest Woods

excitingly close — wildly private

. . . **excitingly close** to all the Poconos have to offer in recreation, entertainment and dining. Skiing — five-minutes to Big Boulder, 15-minutes to Camelback — a very short distance to the Northeast's finest golf, night clubs, etc. — at Brier Crest you're in the greatest four-season fun spot in the East . . . enjoy the convenience of local shopping — or Stroudsburg, Hazelton and Wilkes-Barre are only 30-minutes away.

. . . **wildly private** where you can relax in seclusion — assured by 2,000 acres of bordering State Game Lands and Forests — this is guaranteed permanent privacy — and yet — there are acres of snowmobile trails at your door step and sites for playgrounds, pool and picnic areas, lake and activity lodge — your own special retreat for "all-seasons"!

healthy, high and dry . . . land where you can build a home with confidence!

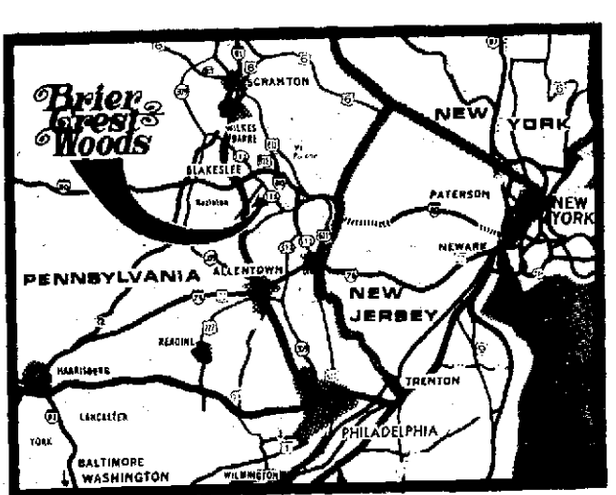

• 40-Mile Panoramic Views • Crystal Clear Air • Sparkling Well Water • Natural Mountain Environments

Half-Acre or More Homesites

. . . sold at sensible prices
. . . financing available

The price of all lots include a Title Insurance Policy, Surveying, transfer taxes and all closing fees.

You are invited to inspect the Property without obligation — No high pressure sales spiel or salesmen!

Sea water salt becomes cheaper

HAIFA, Israel (UPI) — An Israeli scientist has come up with a way to remove the salt from sea water at less cost he asserts than ever before.

The scientist is Prof. Apraham Kogan, who is trying to rid Israel of a serious problem—dwindling supplies of fresh water. To do that, he is converting up to 8,000 gallons of sea water to fresh water a day in a towering, erector set-like skeleton of steel girders.

His is a pilot plant, built at a cost of $120,000 with government backing. Kogan said its success will lead to the construction of another pilot desalination plant in 18 months with 10 times the capacity.

He said the desalination process, begun in 1969 in the industrial area of Israel's third largest city, is cheaper than anything tried in the field so far and could influence Israel's agricultural and industrial future.

Simple process

The problem with other desalination methods now in operation in the United States and in Israel is the expense involved. Kogan, a professor of aeronautical engineering at the Technion Institute of Technology, is said to have cut the price of taking the salt out of sea water by 25 to 30 per cent.

The desalination process is as simple as boiling water, but to make it workable it has to be done on a big scale. In conventional plants, sea water is pumped in, boiled and run through a trough. Cold sea water is run in copper pipes above the trough.

When the steam from the hot water touches the colder pipes, the vapor condenses and, in effect, it rains inside the plant.

Windows influence decorating

When you move into a new home, or redecorate your present home, remember to take into consideration the way your windows face. This is important in planning colors. Example: light is cool from the north or east and warm from the south or west. Your larger areas will look the best in cool colors. You can achieve personality and accent with the warm and bright colors.

Then too, you must also consider the use or uses the room will have, in terms of day and nighttime. If you plan a study, be sure that the desk is placed for daylight and that it is well lit at night. If it is a family room, be sure that you place the favorite game table or television so that the entire room doesn't need rearranging each day. Again, you must remember the colors and the uses of the room. A bedroom should have soft and restful tones while bathrooms and kitchens should be bright and cheerful.

When you move, or before you start to shop for furniture, take inventory of what you already have or absolutely must have. Check each item carefully and note fabrics, styles and sizes. Then when you shop try to purchase home furnishings that will harmonize with and enhance the pieces you already have. By so doing, you'll be able to enjoy both your favorite old pieces as well as the new and they'll be balanced and complementary.

After you have done the shopping think about placement. Draw a simple floor plan and make several arrangements on paper. It is much less work and muscle strain. Discuss the plans with your family. Be sure that you have allowed for patterns of movement and traffic. Then, when everyone approves, stick to the plan. In this way you will avoid any disappointment and the final result will be a pleasant and satisfying one.

Try to be present when your furniture, draperies and appliances are delivered. Have them unwrapped and opened so you can check on colors, sizes and selections.

Your final step, after all the big furniture has been placed and draperies and window treatment is completed is to bring in the accessories.

one more thing

that sets

TANGLWOOD

above all other Pocono homesites

Our home on Lake Wallenpaupack... Pennsylvania's greatest lake.

Above scenes photographed at Tanglwood and Lake Wallenpaupack.

Tucked away in the northern-most tip of the Poconos, Lake Wallenpaupack has 52 miles of shore line. And some of it is the most picturesque in existence. Our home on this 5600-acre lake makes Tanglwood the unique four-season community in the Poconos.

At Tanglwood, we already have what others can only promise. Our own private beach and marina on a lake that's big enough for water-skiing, sailing, powerboating and even yachting. Our own Fazio-designed championship golf course. Our own major ski area, complete with double chair lift and Tyrolean ski lodge. A summer stock theater-in-the-round. And lots more. Like tennis and hunting and fishing.

Only Tanglwood offers a choice of lakefront, lakeview, ski-trail and fairway homesites. All with their own water lines and fire hydrant access. All surrounded by the incomparable year-round beauty of the Poconos.

A homesite that looks out on Lake Wallenpaupack. Just one more reason why you should look into Tanglwood before you invest in Pocono land. Call or send in the coupon for further information.

End-of-season hums in Poconos

Throughout the summer months the Pocono Mountains, Pennsylvania's Playground has offered the tops in various entertainment, activities, and attractions.

This summer of 1973, all resort managers along with attractions have put all efforts for an end of the summer jamboree . . . featuring the ultimate in entertainment and activities to supply the whole family with excitment and fun to keep warm memories throughout the cold winter months.

"The Pocono Mountains resort area has scheduled a listing of events and activities to furnish every member of the family with excitment and thrills, not to mention the education you can absorb . . . even before school starts . . . at the various fairs, art shows, museums, and sanctuaries." Robert Uguccioni, Executive Director of the Pocono Mountains Vacation Bureau, voice of the Pocono resort area, announced.

Ending the summer with a smash will include fun with the County Fairs, which the Poconos are famous for. The smell of roasted peanuts, hot dogs, candied apples, and the old time favorite of cotton candy will lead kids with their parents to one if not all of the scheduled fairs. Starting off with the West End Fair located in Gilbert, Pa., on August 28th thru September 1st.

The West End Fair features live stock shows to provide you with an ol' country style atmosphere, including the many amusement rides.

Another favorite in county fairs is the Greene-Dreher-Sterling Fair, held each year at the Newfoundland Fair Grounds, on August 28th thru September, 1st. Specializing in offering you that special appeal for the whole family, with a touch of good old country life added.

One of the favorites with tourists to the Pocono area are the Playhouses. Each one offers the best in dramatic and dramatic and comic theatrical preformances throughout the summer months. Ending the summers presentations at the Pocono Playhouse will be "Summer and Smoke," written by Tennessee Williams and starring Eva Marie Saint, from August 20th-25th. And also the presentation of "Butterflies are Free," from August 27th thru September 1st.

Autumn glorious in Poconos

August may still be on the calendar, but now is the time to start planning a fall trip to that Pocono Mountains of Northeastern Pennsylvania. Signs are in the air signifing the approach of one of the most spectacular seasons in the Poconos. Autumn comes to life with the Flaming Fall Foliage, sparkling waterfalls, and warm days followed by cool evenings.

Fall glows in the Poconos, when the countryside becomes a fiery glow of crimson and gold mixed with shades of orange and russet . . . gently surrounded with a background of bright evergreens. Outdoor enthusiasts are thrilled with this time of year in the Poconos, when various shades of color are so breathtaking that no picture can do them justice.

Fall is a time of splendor and relaxation, where some enjoy just sitting or walking in the scenic countryside. Many of the resorts in the area set busy schedules for this time of year, suggesting activities for every age group from 8 to 90.

There is still plenty of warm sunshine to enable activities during the days with golfing, hiking, horseback riding, or just driving through the country roads where you'll always find advanture.

The Pocono Mountains in full Autumn dress are a spectacular sight to see and enjoy as nature provides an incomparable color Festival of painted hemlocks, oaks, proud maples, stately pines, slender birches, and gossamer willows.

Everyone deserves a trip back to Nature once a year. Make your's during the Fall Festival in the Poconos. For additional free information on how to plan and enjoy your Autumn trip in the Poconos, write the Pocono Mountains Vacation Bureau, Box 1, 1004 Main Street, Strudsburg, Penna. 18360.

The woods are full of modular homes.

In fact, you'll see a lot of them right here in the Pocono Mountains, especially around lake properties. They're particularly popular with people who want a vacation home, but don't want to wait a long time to build it.

WHERE DO THEY ALL COME FROM?

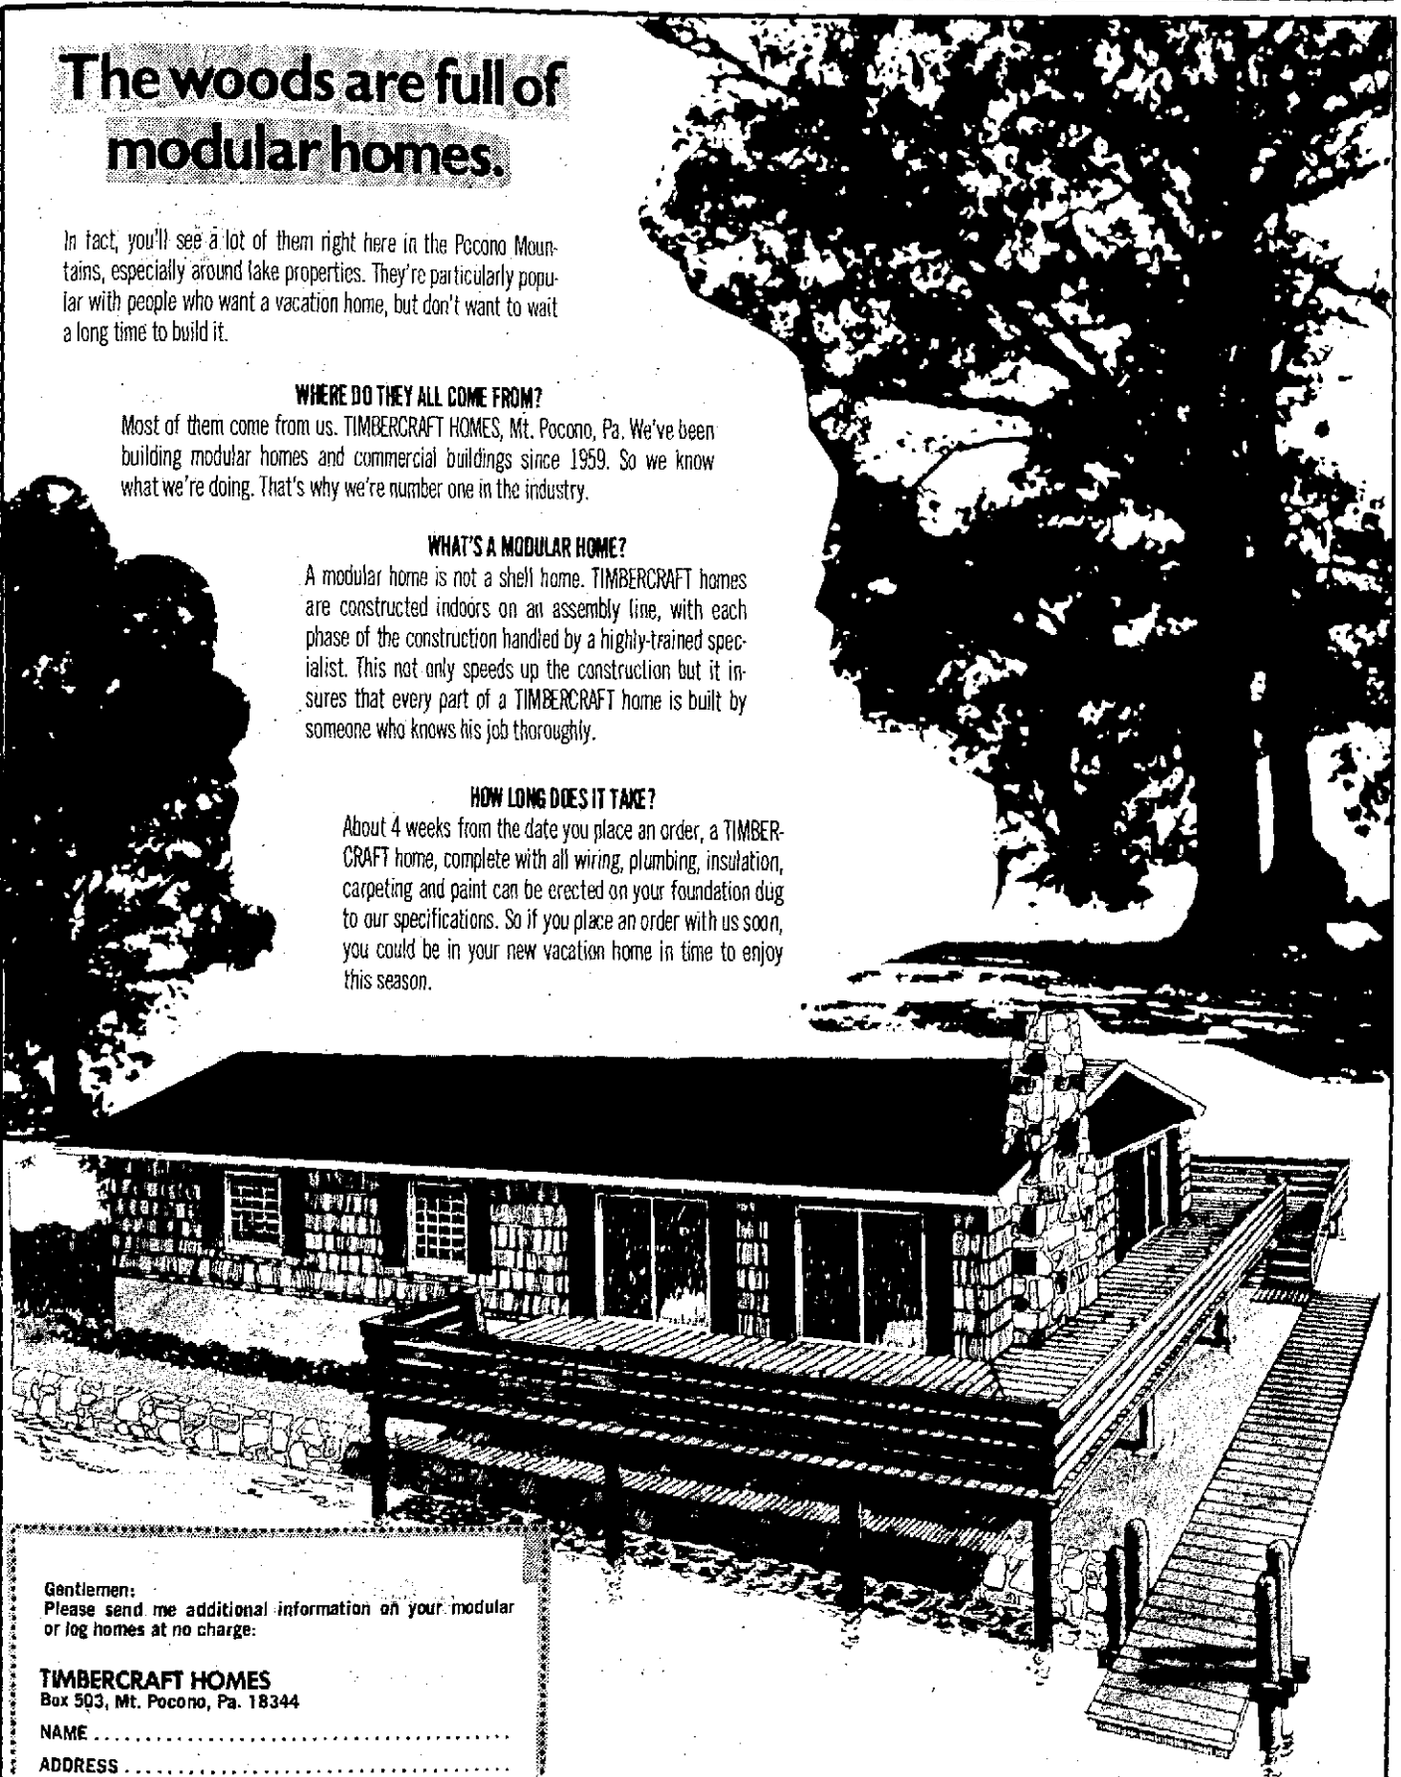

Most of them come from us. TIMBERCRAFT HOMES, Mt. Pocono, Pa. We've been building modular homes and commercial buildings since 1959. So we know what we're doing. That's why we're number one in the industry.

WHAT'S A MODULAR HOME?

A modular home is not a shell home. TIMBERCRAFT homes are constructed indoors on an assembly line, with each phase of the construction handled by a highly-trained specialist. This not only speeds up the construction but it insures that every part of a TIMBERCRAFT home is built by someone who knows his job thoroughly.

HOW LONG DOES IT TAKE?

About 4 weeks from the date you place an order, a TIMBERCRAFT home, complete with all wiring, plumbing, insulation, carpeting and paint can be erected on your foundation dug to our specifications. So if you place an order with us soon, you could be in your new vacation home in time to enjoy this season.

Gentlemen:
Please send me additional information on your modular or log homes at no charge:

HOW MUCH DOES IT COST?

Probably a lot less than you'd think. Because TIMBERCRAFT homes are factory built, we can eliminate a lot of the costs that a conventional builder has to include. And as an added advantage, we offer a No Money Down financing program.

We also have a New and Exciting line of rustic log vacation type homes! Be sure to visit our model village located on Rt. 940, Mt. Pocono, 2 miles east of 380. For more information on models and floor plans available, fill out the attached coupon.

2,000th lot sold

When you can sell leisure homesites in the same area for ten years and have your 2,000th buyer praise your reputation for fair dealing, you have something to be proud of.

That's the feeling of Lou and John Larsen, developers of Big Bass Lake and Locust Lake Village in the Poconos, who started operations in the famed Pennsylvania vacationland on April 23, 1963. This month, they sold their 2,000th homesite, a lakeview lot at Big Bass, to Mr. and Mrs. Richard Godfrey of Livingston, N. J.

The reasons why the Godfreys bought, pretty well summarize the philosophy on which the Larsens have based their success in leisure community development.

When the New Jersey couple stopped off at Big Bass Lake at the end of a two-year search for an ideal spot to establish a second home, they had no idea they would fit into a special slot in the sales record of the developers. They got the news only after the transaction had been closed and Lou Larsen presented them with an award that had been set aside for buyer number 2,000.

Interviewed at their home in Livingston, the Godfreys admitted they were happy about the distinction and the gift, but mainly they wanted to talk about why they had picked Big Bass over all the other places they had looked at. The community made a good first impression, they said, because it's clean and neat, set in beautiful, natural surroundings and not overcrowded. But the reason they keep emphasizing was that they weren't subjected to any sales pressure at Big Bass Lake.

"When somebody tries too hard to sell something, it turns me off," Mrs. Godfrey said. "Ed Elliott, the sales representative who showed us around, never once tried to hurry us into making up our mind."

"There are no gimmicks, no phony discounts or gift offers at Big Bass," Dick Dogfrey added. "The attitude is, we'd like to have you with us, but we also want you to be sure you'd like it here."

One big reason why the Godfreys are looking forward to a leisure home of their own in a world of woods and water and mountain-fresh air, is that they have four children to help them enjoy it. The youngest, nine month-old Gregory, is still indifferent about the whole thing, but the others are probably more enthusiastic than their parents — seven year-old Susan, Steve who is 14, and Doug, 15.

Both of the elder Godfreys were born an brought up in New Jersey, he in Belleville and she in Nutley. They've lived in Livingston for the past 11 years. He is sales manager in charge of training for New Jersey Bell Telephone Company at the Broad Street offices in Newark.

From their home in Livingston, they drive to Big Bass Lake, over interstate highways in less than two hours.

BIGGEST BUYS in the Poconos

Pleasant View Lake

Polk Township, Monroe County, Pa.
"In the heart of the Poconos"

The one Pocono leisure community that gives you everything now.

Pleasant View Lake offers you everything now including a private mountain lake and recreation area with tennis courts and picnic facilities and some of the most gorgeous scenery in the Poconos. Electricity, telephone lines and water distribution systems are in. Graveled and paved roads.

No 'blue sky' promises. Everything is there for you to see and enjoy now.

Less than 2-hours from Philadelphia, New York and New Jersey metropolitan areas.

To assure maximum privacy, only 193 secluded home sites are offered.

Don't delay! Visit us today and compare with other year-round leisure communities — where homesites are selling for two to three times as much.

1/3 and 1/2 Acre Lots and Larger — Only $2190
Stream and Lake Front Lots — To $3590

— FINANCING AVAILABLE —

Each lot is County-Approved. Percolation tested for sewage system. Only one lot required to build your home.

We're so sure you'll love Pleasant View Lake that we make this outstanding offer:

MONEY BACK GUARANTEE

You must be convinced that Pleasant View Lake offers you more or your money back. If you reserve a homesite and decide within 10-days you would rather buy somewhere else, we will refund your deposit. In fact, we'll supply you with names of other leisure communities — so you can compare!

2,000th lot sold

When you can sell leisure homesites in the same area for ten years and have your 2,000th buyer praise your reputation for fair dealing, you have something to be proud of.

That's the feeling of Lou and John Larsen, developers of Big Bass Lake and Locust Lake Village in the Poconos, who started operations in the famed Pennsylvania vacationland on April 23, 1963. This month, they sold their 2,000th homesite, a lakeview lot at Big Bass, to Mr. and Mrs. Richard Godfrey of Livingston, N. J.

The reasons why the Godfreys bought, pretty well summarize the philosophy on which the Larsens have based their success in leisure community development.

When the New Jersey couple stopped off at Big Bass Lake at the end of a two-year search for an ideal spot to establish a second home, they had no idea they would fit into a special slot in the sales record of the developers. They got the news only after the transaction had been closed and Lou Larsen presented them with an award that had been set aside for buyer number 2,000.

Interviewed at their home in Livingston, the Godfreys admitted they were happy about the distinction and the gift, but mainly they wanted to talk about why they had picked Big Bass over all the other places they had looked at. The community made a good first impression, they said, because it's clean and neat, set in beautiful, natural surroundings and not overcrowded. But the reason they keep emphasizing was that they weren't subjected to any sales pressure at Big Bass Lake.

"When somebody tries too hard to sell something, it turns me off," Mrs. Godfrey said. "Ed Elliott, the sales representative who showed us around, never once tried to hurry us into making up our mind."

"There are no gimmicks, no phony discounts or gift offers at Big Bass," Dick Dogfrey added. "The attitude is. we'd like to have you with us, but we also want you to be sure you'd like it here."

One big reason why the Godfreys are looking forward to a leisure home of their own in a world of woods and water and mountain-fresh air, is that they have four children to help them enjoy it. The youngest, nine month-old Gregory, is still indifferent about the whole thing, but the others are probably more enthusiastic than their parents — seven year-old Susan, Steve who is 14, and Doug, 15.

Both of the elder Godfreys were born an brought up in New Jersey, he in Belleville and she in Nutley. They've lived in Livingston for the past 11 years. He is sales manager in charge of training for New Jersey Bell Telephone Company at the Broad Street offices in Newark.

From their home in Livingston, they drive to Big Bass Lake, over interstate highways in less than two hours.

Insulation an aid to clean air

Homes built with FHA insured loans, or to the standards set by FHA, will be about one-third better insulated than they've been in the past. Reason is the tightened property standards regarding winter heat loss and summer heat gain adopted by the Department of Housing and Urban Development.

HUD's new standards are intended primarily to help control air pollution and conserve the nation's fuel supplies. A welcome side-effect for the home owners will be greater comfort and reduced fuel costs.

The standards, which went into effect June of 1971, limit the heat loss or heat gain to certain BTU's an hour.

While maximums vary with house size, the new standards essentially require about one-third less heat loss and gain than previously.

Adequate wall, ceiling, and floor insulation is a necessary first step in reducing heat loss and gain in any home's construction. However, many otherwise well insulated homes lose substantial amounts of heat through window sash and glass materials that do not protect against heat conduction and air infiltration.

Windows can occupy as much as 40 per cent of the outer wall area, and can account for half of the heat loss. Proper window installation, and the selection of insulating glass can cut this considerably.

Windows should be properly weatherstripped, and snugly fit into the opening. Insulated drapes and carpet on the floor can also save heating and cooling costs.

Whatever extra costs are involved in seeing that your new house is well insulated will be well worth it over the years.

Carpentry made easy for gals

The Lady Carpenter is not only busy conducting her carpentry classes, but is in the process of writing a very special book on her favorite subject, carpentry.

The book, soon to be published by David McKay Co., Inc., will show the beginner in simple, easy-to-understand language accompanied by sketches and pictures, how to tackle not only the minor household repairs that are so costly when one has to hire a professional, but will guide the newcomer through the maze of carpentry to the point where they can complete major, creative projects on their own.

Kitchen renovation popular

The decor of your home tells guests about your personality, your tastes, your interests, your way of life.

Perhaps the most favorite pastime of women today in America is thinking about, searching for or actively participating in remodeling, redecorating or changing some facet of their home, because it is a reflection of their personality.

On the average, the American kitchen undergoes some type of remodeling about every seven years. It may be a new paint job, new floor tile or one or more new appliances that offer the latest convenience features and appearance design.

Modern kitchen

Not surprisingly, the kitchen is one room where the woman wants the latest and most modern applicances; she may have antiques in the living room, but she won't put up with them in the kitchen.

Invariably, guests end up in the kitchen and, of course, the homemaker spends a good deal of her time there, too. She wants it to be easy to work in as well as reflect her good taste in decorating.

A handsome new electric range design recently introduced by General Electric fits well into this way of thinking. A bold new upswept cooktop and dramatic backsplash control panel definitely have the new modern appearance which will highlight any kitchen, and bring compliments to any woman.

The range, model J390, features uni-body construction which permits sweeping and cleaning compoetely under the range with the lower storage drawer removed.

Convenience extras

And in the convenience department this new range offers GE's "Total Clean" self-cleaning oven, an automatic meat thermometer and an automatic rotisserie . . . with instructions for all three of these features conveniently located on a flipup panel on the lighted backsplash.

Upswept design

The new upswept design has no cracks or crevices to collect spillovers so cleaning is as easy as a damp cloth. Cleaning the cooktop is made even easier because the Calrod surface units unplug making it easy to wipe up spills on the reflector pans and trim rings or remove them to slip into the extra-wide oven during the self-cleaning cycle.

Insulation big money saver

If your home is more than 15 years old, it probably is not adequately insulated. That means you may be wasting more than 45 per cent of all the fuel you use. Putting it more plainly, it means you are paying almost twice as much as you should to keep your family comfortable.

There are some simple tests to determine whether or not you fall in this category.

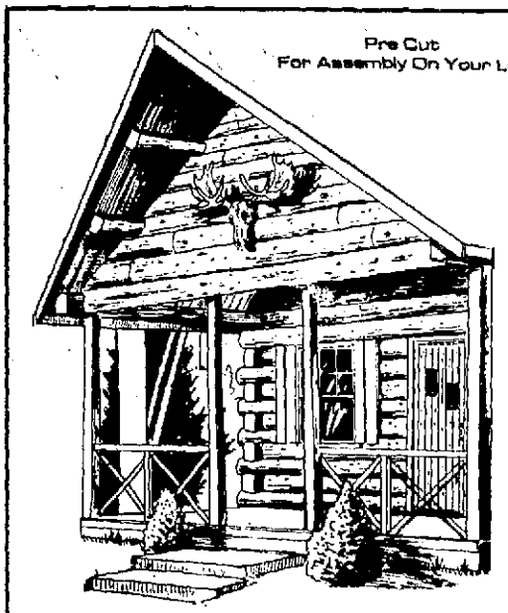

Place a thermometer against an outside wall and another thermometer in the center of the room. Leave them for 4 hours, then take readings.

The thermometer on the outside wall should not be more than 5 degrees lower than the one in the middle of the room. If it is, it's a good indication that your home needs insulation.

You also may be losing heat from openings in your home. Light a candle and hold it near the edges of windows and doors. If it flickers, you probably need caulking, weatherstripping, or storm windows and doors. They can cut your fuel costs by as much as 10 per cent.

Furnaces should be checked and adjusted at the start of each heating season.

Air filters should be replaced at least 3 times a season.

MARSHALL ASSOCIATES REALTORS

Long named director

The Board of Directors of Wallenpaupack Lake Estates, through its Chairman, Robert E. Barnes, announced the retirement of David E. Walker, its Executive Director for the last year and a half, effective September 6th, 1973.

At the same time, Barnes announced the appointment of Leslie D. Long, an internationally known Professional Engineer, who will assume the duties of Executive Director on said date.

Barnes stated that Walker's decision was brought on by compelling personal reasons and that his resignation was only accepted with the deepest regrets.

Wallenpaupack Lake Estates, Barnes, continued, today enjoys one of the finest reputations for honesty, integrity, and accomplishment from David E. Walker's stewardship of the project. He has given more of his time and ability to Wallenpaupack than could ever be expected.

We originally retained Walker on a part-time basis in the early stages of our development, more or less as a trouble shooter seeking the cause of some serious problems we were then experiencing. Through his diligence we were able to correct many of the difficulties and he gradually became more deeply associated with our organization and eventually became our top on site Executive Officer. He has in a true sense already accomplished that which we were then striving for — a sound financial foundation and a reputation for honesty, integrity and accomplishment.

By no means, Barnes continued, does he intend to even imply that all of the development's problems have been resolved, for such is simply not the case. However, he said, those problems remaining are quite different than those facing us in 1971.

For instance, we are in the midst of many heavy construction projects, such as the installation of our sewers, the construction of the treatment plant itself, the large dam on Beaver Lake, and the large Club House fronting on Wallenpaupack Lake.

We therefore sought in a new director experience in these matters of heavy construction together with proven executive ability and a reputation for integrity and performance which could not be questioned.

We have been most fortunate and have found the right man available at the right time. We, therefore, take understandable pride in announcing the appointment of Leslie D. Long to carry on as our Executive Director.

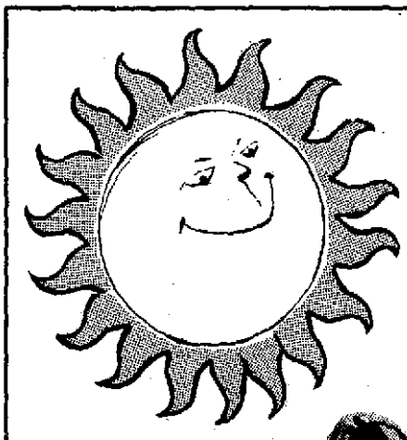

Mr. Long, a license Professional Engineer, is uniquely qualified to take over the reins and finish the job to be done at Wallenpaupack. He has for many years been President of Gulick Henderson Co., a concern providing the construction industry, internationally and nationwide, with intricate detailed inspection and testing of steel, concrete, asphalt and soil.

Like death and taxes, tipping a fact of life

Americans traveling at home or abroad soon find out that tipping, like death and taxes, is a fact of life these days.

Tips, in fact, could add up to a mighty tidy sum, and the traveler would be well-advised to earmark 20 per cent or so of the travel budget for crossing all those waving palms — and I don't mean tropical trees.

No one knows for certain how the practice started. One popular version is that it all began in 18th century London pubs where waiters set up bowls marked "to Insure Prompt Service." The word tips is said to come from the first letter of each word.

Long named director

The Board of Directors of Wallenpaupack Lake Estates, through its Chairman, Robert E. Barnes, announced the retirement of David E. Walker, its Executive Director for the last year and a - half, effective September 6th, 1973.

At the same time, Barnes announced the appointment of Leslie D. Long, an internationally known Professional Engineer, who will assume the duties of Executive Director on said date.

Barnes stated that Walker's decision was brought on by compelling personal reasons and that his resignation was only accepted with the deepest regrets.

Wallenpaupack Lake Estates, Barnes, continued, today enjoys one of the finest reputations for honesty, integrity, and accomplishment from David E. Walker's stewardship of the project. He has given more of his time and ability to Wallenpaupack than could ever be expected.

We originally retained Walker on a part-time basis in the early stages of our development, more or less as a trouble shooter seeking the cause of some serious problems we were then experiencing. Through his diligence we were able to correct many of the difficulties and he gradually became more deeply associated with our organization and eventually became our top on site Executive Officer. He has in a true sense already accomplished that which we were then striving for — a sound financial foundation and a reputation for honesty, integrity and accomplishment.

By no means, Barnes continued, does he intend to even imply that all of the development's problems have been resolved, for such is simply not the case. However, he said, those problems remaining are quite different than those facing us in 1971.

For instance, we are in the midst of many heavy construction projects, such as the installation of our sewers, the construction of the treatment plant itself, the large dam on Beaver Lake, and the large Club House fronting on Wallenpaupack Lake.

We therefore sought in a new director experience in these matters of heavy construction together with proven executive ability and a reputation for integrity and performance which could not be questioned.

We have been most fortunate and have found the right man available at the right time. We, therefore, take understandable pride in announcing the appointment of Leslie D. Long to carry on as our Executive Director.

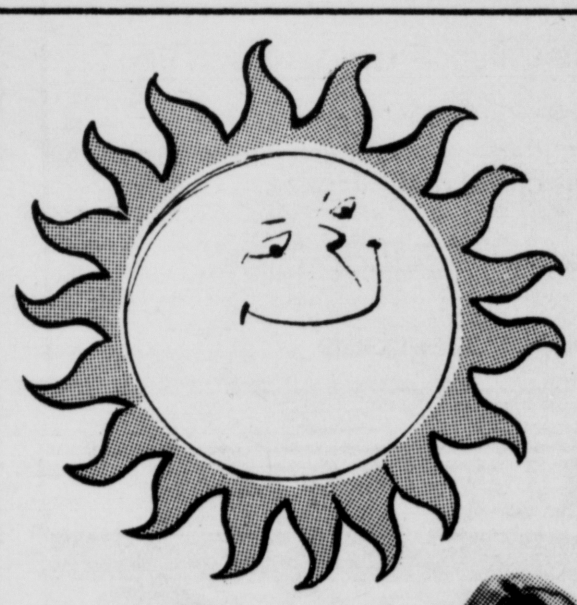

Mr. Long, a license Professional Engineer, is uniquely qualified to take over the reins and finish the job to be done at Wallenpaupack. He has for many years been President of Gulick Henderson Co., a concern providing the construction industry, internationally and nationwide, with intricate detailed inspection and testing of steel, concrete, asphalt and soil.

Back to nature.

You needn't go far.

In fact, no matter where you build it, a Lindal weekend-and-vacation retreat will bring nature back to you.

Through the natural warmth and clean scent of mellow, kiln-dried cedar; the spaciousness of cathedral ceilings and soaring window walls.

All made extra-snug and durable by steel-reinforced beams and double-thick interlocking walls, floor and roof decking.

True, our precut houses (delivered right to their building sites), can also save you money. But money is only part of the beauty of a Lindal cedar home.

Which is why half the people who buy our "vacation" houses choose to live in them the year around.

For details, prices and 82 flexible floor plans, send $1 for our 44-page Planbook.

And answer nature's call.
